 International Financial Management provides students with a foundation for analysis that will serve them well in their careers ahead. The decision-making process is presented through the text with the goal of teaching students how to make informed managerial decisions in an evolving global financial landscape. And new to this edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is

more engaging and effective. Loose Leaf for International Financial Management McGraw-Hill/Irwin Foundations of Financial Management has built a loyal following due to its strong real-world emphasis, clear writing style, and step-by-step explanations that simplify difficult concepts. The text focuses on the "nuts and bolts" of finance with clear and thorough treatment of concepts and applications. In addition to completing the revisions, Block, Hirt, and Danielsen also revise all end of chapter problems and complete the solutions themselves. The authors know what works and what doesn't work for students, and they have consistently maintained a product that is responsive to the demands of the marketplace.

Fundamentals of Financial Management, Concise Edition Cengage Learning

"The scope and content of international finance have been fast evolving due to deregulation of financial markets, product innovations, and technological advancements. As capital markets of the world are becoming more integrated, a solid understanding of international finance has become essential for astute corporate decision making. Reflecting the growing importance of international finance as a discipline, we have seen a sharp increase in the demand for experts in the area in both the corporate and academic worlds. In writing *International Financial Management*, ninth Edition, our goal was to provide well-organized, comprehensive, and up-to-date coverage of the topics that take advantage of our many years of teaching and research in this area. We hope the text is challenging to students. This does not mean that it lacks readability. The text discussion is written so that a self-contained treatment of each subject is presented in a user-friendly fashion. The text is intended for use at both the advanced undergraduate and M.B.A. levels"--

This custom edition is specifically published for Australian National University. *Financial Management for Decision Makers 9th edition* McGraw-Hill/Irwin
International Financial Management provides students with a foundation for analysis through a text that is well-organized, comprehensive, and provides up-to-date coverage of the topics. Like the first eight editions, it is written based on two tenets: emphasis on the basics and emphasis on a managerial perspective. The scope and content of international finance have been fast evolving due to cycles of deregulations and regulations of financial markets, product innovations, and technological advancements. As capital markets of the world are becoming more integrated, a solid understanding of international finance has become essential for astute corporate decision making. Reflecting the growing importance of international finance as a discipline, we have seen a sharp increase in the demand for experts in the area in both the corporate and academic worlds. International Financial Management discussion is written so that a self-contained treatment of each subject is presented in a user-friendly fashion. The text is intended for use at both the advanced undergraduate and MBA levels.
