Breakdowns Univ. Press of Mississippi
 On the occasion of the twenty-fifth anniversary of its first publication, here is the definitive edition of the book acclaimed as "the most affecting and successful narrative ever done about the Holocaust" (Wall Street Journal) and "the first masterpiece in comic book history" (The New Yorker). The Pulitzer Prize-winning Maus tells the story of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and his son, a cartoonist coming to terms with his father's story. Maus approaches the unspeakable through the diminutive. Its form, the cartoon (the Nazis are cats, the Jews mice), shocks us out of any lingering sense of familiarity and succeeds in "drawing us closer to the bleak heart of the Holocaust" (The New York Times). Maus is a haunting tale within a tale. Vladek's harrowing story of survival is woven into the author's account of his tortured relationship with his

aging father. Against the backdrop of guilt brought by survival, they stage a normal life of small arguments and unhappy visits. This astonishing retelling of our century's grisliest news is a story of survival, not only of Vladek but of the children who survive even the survivors. Maus studies the bloody pawprints of history and tracks its meaning for all of us.

'Above Sugar Hill' is a short story collection from novelist and New York native, Linda Mannheim. Sugar Hill is the bit of Manhattan between 145th Street and 155th street. It's the place the best known residents of Harlem lived, including actor, singer and Civil Rights activist Paul Robeson, jazz legend Duke Ellington, and sociologist and historian W.E.B. Du Bois, but you won't find it in any

tourist guides. Each of these stories is about people whose lives play out on these streets, streets no one from outside the neighbourhood is expected to visit.

In the 1970s and 1980s Jewish cartoonists such as Will Eisner were some of the first artists to use the graphic novel as a way to explore their ethnicity. Although similar to their pop culture counterpart, the comic book, graphic novels presented weightier subject matter in more expensive packaging, which appealed to an adult audience and gained them credibility as a genre. The Jewish Graphic Novel is a lively, interdisciplinary collection of essays that addresses critically acclaimed works in this subgenre of Jewish literary and artistic culture. Featuring insightful discussions of notable figures in the industry such as Will Eisner, Art Spiegelman, and Joann Sfar—the essays focus on the how graphic novels are increasingly being used in Holocaust memoir and fiction, and

to portray Jewish identity in America and abroad Featuring more than 85 illustrations, this collection is a compelling representation of a major postmodern ethnic and artistic achievement.

Combined here are Maus I: A Survivor's Tale and Maus II - the complete story of Vladek Spiegelman and his wife, living and surviving in Hitler's Europe. By addressing the Holocaust through cartoons the author captures the everyday reality of fear and the sensation of survival.

The Six Chapters Anchor

A memoir of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and about his son, a cartoonist who tries to come to terms with his father, his story, and history. Cartoon format portrays Jews as mice, Nazis as cats. Using a unique comic-strip-as-graphic-art format, the story of Vladek Spiegelman's passage through the Nazi Holocaust is told in his own words. Acclaimed as a "quiet triumph" and a "brutally moving work of art," the first volume of Art Spiegelman's Maus

introduced readers to Vladek Spiegelman. The story succeeds perfectly in shocking us out of any lingering sense of familiarity with the events described, approaching, as it does, the unspeakable through the diminutive. As the New York Times Book Review commented, "[it is] a remarkable feat of documentary detail and novelistic vividness ... an unfolding literary event." This long-awaited sequel, subtitled *And Here My Troubles Began*, moves us from the barracks of Auschwitz to the bungalows of the Catskills. Genuinely tragic and comic by turns, it attains a complexity of theme and a precision of thought new to comics and rare in any medium. Maus ties together two powerful stories: Vladek's harrowing tale of survival against all odds, delineating the paradox of daily life in the death camps, and the author's account of his tortured relationship with his aging father.

Vladek's troubled remarriage, minor arguments between father and son, and life's everyday disappointments are all set against a backdrop of history too large to pacify. At every level this is the ultimate survivor's tale--and that too of the children who somehow survive even the survivors.

A New York Times Bestseller "A sacred reminder of what so many millions suffered, and only a few survived." —Adam Kirsch, *New Republic* In 1939, Helga Weiss was a young Jewish schoolgirl in Prague. As she endured the first waves of the Nazi invasion, she began to document her

experiences in a diary. During her internment at the concentration camp of Terezín, Helga's uncle hid her diary in a brick wall. Of the 15,000 children brought to Terezín and deported to Auschwitz, there were only one hundred survivors. Helga was one of them. Miraculously, she was able to

recover her diary from its hiding place after the war. These pages reveal Helga's powerful story through her own words and illustrations. Includes a special interview with Helga by translator Neil Bermel.
