Mad at the World: A Life of John

Steinbeck Berklee PressPublications
Heralding the arrival of “a huge literary talent” (Karl Ove Knausgaard), Megan Nolan’s riveting debut is “a blistering anti-romance” (Catherine Lacey) about love

addiction and what it does to us. Wouldn’t I do anything to reverse my loss, the absence of him? In the first scene of this provocative gut-punch of a novel, our unnamed narrator meets a magnetic writer named Ciaran and falls, against her better judgment, completely in his power. After a brief, all-consuming romance he abruptly rejects her, sending her into a tailspin of jealous obsession and longing. If he ever comes back to her, she resolves to hang onto him and his love at all costs,

even if it destroys her... Part breathless confession, part lucid critique, Acts of Desperation renders a consciousness split between rebellion and submission, between escaping degradation and eroticizing it, between loving and being lovable. With unsettling, electric precision, Nolan dissects one of life’s most elusive mysteries: Why do we want what we want, and how do we want it? Combining the intellectual excitement of Rachel Cusk with the emotional rawness of Elena

Ferrante, *Acts of Desperation* interrogates the nature of desire, power, and toxic relationships, challenging us to reckon honestly with our own insatiability.

Appetite for Destruction Orion Publishing Company

"An utterly satisfying examination of the business of popular music." —Nathaniel Rich, *The Atlantic* There's a reason today's ubiquitous pop hits are so hard to ignore—they're designed that way. The *Song Machine* goes behind the scenes to offer an insider's look at the global hit factories manufacturing the songs that have everyone hooked. Full of vivid, unexpected characters—alongside industry heavy-hitters like Katy Perry, Rihanna, Max Martin, and Ester Dean—this fascinating journey into the strange world of pop music reveals how a new approach to crafting smash hits is transforming marketing, technology, and even listeners' brains. You'll never think about music the same way again. *A Wall Street Journal Best Business Book*

Reckoning with Race in America Harper Collins

Rock journalism on: Brian Wilson, Guns' N' Roses, Roky Erickson, The New York Dolls,

A New Way to Intervene and Stop Someone from Self-Destructing Open Road Media

Offers discographies and reviews of recordings of hundreds of easy listening and lounge artists, with suggestions on what to buy and what to avoid
A Memoir of Madness *Appetite for Self-Destruction* The Spectacular Crash of the Record Industry in the Digital Age The New York Times bestselling epic tale of the last great rock band From the bestselling author of *Hammer of the Gods* comes the complete story of Guns N' Roses ? from their drug-fueled blastoff in the 80s to the turbulent life of legendary singer Axl Rose, and his fifteen-year, multimillion dollar quest to make the perfect hard rock album. Riotous world tours. Drug-induced rampages. One hundred millions albums sold. In his sixth major rock biography, Stephen Davis details the riveting story of the last great rock band. *Watch You Bleed* documents

the life of every band member, including the improbable story of W. Axl Rose. Davis brilliantly captures the Guns' raw power ? from the gutters of Sunset Strip to the biggest stadiums on the planet. Based on exclusive interviews, private archives, and packed with stunning revelations, *Watch You Bleed* is the savage, definitive, and highly unauthorized story of Guns N' Roses. For the first time, millions of fans will learn the whole truth about this legendary band.

Beyond Order HarperCollins

Winner of the 2021 Los Angeles Times Book Prize for Biography A Publishers Weekly Best Book of 2020 in Nonfiction A resonant biography of America's most celebrated novelist of the Great Depression. The first full-length biography of the Nobel laureate to appear in a quarter century, *Mad at the World* illuminates what has made the work of John Steinbeck an enduring part of the literary canon: his capacity for empathy. Pulitzer Prize finalist William Souder explores Steinbeck's long apprenticeship as a writer struggling through the depths of the Great Depression, and his rise to greatness with masterpieces such as *The*

Red Pony, Of Mice and Men, and The Grapes of Wrath. Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California's limitless bounty, fascinated by the guileless decency of the downtrodden denizens of Cannery Row, and appalled by the country's refusal to recognize the humanity common to all of its citizens, Steinbeck took a stand against social injustice—paradoxically given his inherent misanthropy—setting him apart from the writers of the so-called "lost generation." A man by turns quick-tempered, compassionate, and ultimately brilliant, Steinbeck could be a difficult person to like. Obsessed with privacy, he was mistrustful of people. Next to writing, his favorite things were drinking and womanizing and getting married, which he did three times. And while he claimed indifference about success, his mid-career books and movie deals made him a lot of money—which passed through his hands as quickly as it came in. And yet Steinbeck also took aim at the corrosiveness of power, the perils of income inequality, and the urgency of ecological collapse, all of which drive public debate to this day.

Steinbeck remains our great social realist novelist, the writer who gave the dispossessed and the disenfranchised a voice in American life and letters. Eloquent, nuanced, and deeply researched, *Mad at the World* captures the full measure of the man and his work. [A Cautionary Tale](#) Duke University Press The New York Times–bestselling memoir of crippling depression and the struggle for recovery by the Pulitzer Prize–winning author of *Sophie's Choice*. In the summer of 1985, William Styron became numbed by disaffection, apathy, and despair, unable to speak or walk while caught in the grip of advanced depression. His struggle with the disease culminated in a wave of obsession that nearly drove him to suicide, leading him to seek hospitalization before the dark tide engulfed him. *Darkness Visible* tells the story of Styron's recovery, laying bare the harrowing realities of clinical depression and chronicling his triumph over the disease that had claimed so many great writers before him. His final words are a call for hope to all who suffer from mental illness that it is possible to emerge from even the deepest abyss of despair and

“once again behold the stars.” This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

The Christian Destruction of the Classical World Penguin

From one of the greatest rock guitarists of our era comes a memoir that redefines sex, drugs, and rock 'n' roll He was born in England but reared in L.A., surrounded by the leading artists of the day amidst the vibrant hotbed of music and culture that was the early seventies. Slash spent his adolescence on the streets of Hollywood, discovering drugs, drinking, rock music, and girls, all while achieving notable status as a BMX rider. But everything changed in his world the day he first held the beat-up one-string guitar his grandmother had discarded in a closet. The instrument became his voice and it triggered a lifelong passion that made everything else irrelevant. As soon as he could string chords and a solo together, Slash wanted to be in a band and sought out friends with similar interests. His closest friend, Steven Adler, proved to be

a conspirator for the long haul. As hairmetal bands exploded onto the L.A. scene and topped the charts, Slash sought his niche and a band that suited his raw and gritty sensibility. He found salvation in the form of four young men of equal mind: Axl Rose, Izzy Stradlin, Steven Adler, and Duff McKagan. Together they became Guns N' Roses, one of the greatest rock 'n' roll bands of all time. Dirty, volatile, and as authentic as the streets that weaned them, they fought their way to the top with groundbreaking albums such as the iconic Appetite for Destruction and Use Your Illusion I and II. Here, for the first time ever, Slash tells the tale that has yet to be told from the inside: how the band came together, how they wrote the music that defined an era, how they survived insane, never-ending tours, how they survived themselves, and, ultimately, how it all fell apart. This is a window onto the world of the notoriously private guitarist and a seat on the roller-coaster ride that was one of history's greatest rock 'n' roll machines, always on the edge of self-destruction, even at the pinnacle of its success. This is a candid recollection and reflection of Slash's friendships past and

present, from easygoing Izzy to ever-steady Duff to wild-child Steven and complicated Axl. It is also an intensely personal account of struggle and triumph: as Guns N' Roses journeyed to the top, Slash battled his demons, escaping the overwhelming reality with women, heroin, coke, crack, vodka, and whatever else came along. He survived it all: lawsuits, rehab, riots, notoriety, debauchery, and destruction, and ultimately found his creative evolution. From Slash's Snakepit to his current band, the massively successful Velvet Revolver, Slash found an even keel by sticking to his guns. Slash is everything the man, the myth, the legend, inspires: it's funny, honest, inspiring, jaw-dropping . . . and, in a word, excessive.

A Novel Broadway Books

Appetite For Dysfunction is the memoir from Vicky Hamilton. "Appetite" tells the story of her music career working with rock and roll legends such as Guns N' Roses, Motley Crue, Poison, Faster Pussycat, Stryper, and other music icons. Pull down the safety bar, Appetite For Dysfunction is a wild and exhilarating ride.

Manifesto for the Digital Music Revolution Macmillan

Dizzy Z and his band Blood Cheetah are at the height of their success, but Dizzy's drug and alcohol use threaten to destroy the band

Science, Delusion and the Appetite for Wonder Penguin

The debut novel from the internationally bestselling author of Exit West and The Reluctant Fundamentalist, both shortlisted for the Man Booker Prize Moth Smoke, Mohsin Hamid's deftly conceived first novel, immediately marked him as an uncommonly gifted and ambitious young literary talent to watch when it was published in 2000. It tells the story of Daru Shezad, who, fired from his banking job in Lahore, begins a decline that plummets the length of Hamid's sharply drawn, subversive tale. Fast-paced and unexpected, Moth Smoke was ahead of its time in portraying a contemporary Pakistan far more vivid and complex than the exoticized images of South Asia then familiar to the West. It established Mohsin Hamid as an internationally important writer of substance and imagination and the premier Pakistani author of our time, a promise he has amply fulfilled with each successive book. This debut novel,

meanwhile, remains as compelling and deeply relevant to the moment as when it appeared more than a decade ago.

Power Brokers and Fast Money Inside the Music Business Belknap Press

The companion volume to *12 Rules for Life* offers further guidance on the perilous path of modern life. In *12 Rules for Life*, clinical psychologist and celebrated professor at Harvard and the University of Toronto Dr. Jordan B. Peterson helped millions of readers impose order on the chaos of their lives. Now, in this bold sequel, Peterson delivers twelve more lifesaving principles for resisting the exhausting toll that our desire to order the world inevitably takes. In a time when the human will increasingly imposes itself over every sphere of life—from our social structures to our emotional states—Peterson warns that too much security is dangerous. What's more, he offers strategies for overcoming the cultural, scientific, and psychological forces causing us to tend toward tyranny, and teaches us how to rely instead on our instinct to find meaning and purpose, even—and especially—when we find ourselves powerless. While chaos, in

excess, threatens us with instability and anxiety, unchecked order can petrify us into submission. Beyond Order provides a call to balance these two fundamental principles of reality itself, and guides us along the straight and narrow path that divides them.

Longlisted for the National Book Award
New York Times Bestseller
A former Wall Street quant sounds an alarm on the mathematical models that pervade modern life -- and threaten to rip apart our social fabric. We live in the age of the algorithm. Increasingly, the decisions that affect our lives--where we go to school, whether we get a car loan, how much we pay for health insurance--are being made not by humans, but by mathematical models. In theory, this should lead to greater fairness: Everyone is judged

according to the same rules, and bias is eliminated. But as Cathy O'Neil reveals in this urgent and necessary book, the opposite is true. The models being used today are opaque, unregulated, and uncontestable, even when they're wrong. Most troubling, they reinforce discrimination: If a poor student can't get a loan because a lending model deems him too risky (by virtue of his zip code), he's then cut off from the kind of education that could pull him out of poverty, and a vicious spiral ensues. Models are propping up the lucky and punishing the downtrodden, creating a "toxic cocktail for democracy." Welcome to the dark side of Big Data. Tracing the arc of a person's life, O'Neil exposes the black box models that shape our future, both as individuals and as a society. These "weapons of math destruction" score teachers and students, sort resumes, grant (or deny) loans, evaluate workers, target voters, set parole, and monitor our health. O'Neil calls on modelers to take more responsibility for their algorithms and on policy makers to regulate their use. But in the end, it's up to us to become more savvy about the models that govern our

lives. This important book empowers us to ask the tough questions, uncover the truth, and demand change. -- Longlist for National Book Award (Non-Fiction) -- Goodreads, semi-finalist for the 2016 Goodreads Choice Awards (Science and Technology) -- Kirkus, Best Books of 2016 - - New York Times, 100 Notable Books of 2016 (Non-Fiction) -- The Guardian, Best Books of 2016 -- WBUR's "On Point," Best Books of 2016: Staff Picks -- Boston Globe, Best Books of 2016, Non-Fiction

The Spectacular Crash of the Record Industry in the Digital Age Soho PressInc

From Steven Adler, the original drummer for Guns N' Roses, comes My Appetite for Destruction, the inside story of GNR. Offering a different perspective from the bestselling Slash, Adler chronicles his life with the band, and own intense struggle with addiction, as seen on Dr. Drew's Celebrity Rehab and Sober House.

Appetite for Destruction Penguin Whether it's hanging around with Marillion's Fish in Berlin, seeing Whitesnake fail to ignite 1985's Rock in Rio, talking through old times with Jimmy

Page in his Berkshire pile or following Ozzy Osbourne to Moscow, there isn't a rock luminary that Wall hasn't cross-examined or kept the flame burning with at some point over the last thirty years. Here, amongst several pieces, he catches Lars Ullrich just on the cusp of world domination; has dinner with Ritchie Blackmore on the eve of a Deep Purple comeback; and is up all night in LA with W. Axl Rose. APPETITE FOR DESTRUCTION gathers together Wall's journalism for Kerrang!, for whom he was the star writer in their eighties heyday. It also features brand-new introductions to all the pieces, written with maybe less hair but also the benefit of twenty years' hindsight.

The Destruction of the Books Harper Collins

London Fields is Amis's murder story for the end of the millennium—"a comic murder mystery, an apocalyptic satire, a scatological meditation on love and death" (The New York Times). The murderee is Nicola Six, a "black hole" of sex and self-loathing intent on orchestrating her own extinction. The murderer may be Keith Talent, a violent lowlife whose only passions are pornography and darts. Or is

the killer the rich, honorable, and dimly romantic Guy Clinch? Here, Amis is "by turns lyrical and obscene, colloquial and rhapsodic." —Michiko Kakutani
