 Across the realms of multimedia production, information design, web development, and usability, certain truisms are apparent. Like an Art of War for design, this slim volume contains guidance, inspiration, and reassurance for all those who labor with the user in mind. If you work on the web, in print, or in film or video, this book can help. If you know someone working on the creative arena, this makes a great gift. Funny, too.

 Ireland: Summer of 1920 Father John wanted to keep his village of Caggarven

free from trouble but the surrounding countryside was in the grip of a rebellion against Great Britain's Crown forces. He found himself caught up in the horrid conflict of tit-for-tat murder when two individuals from either side of the struggle came to him for help. One was a Fenian rebel from a decimated flying column; the other was a young English Black and Tan. *Self Made Bitch* Createspace Independent Publishing Platform

 Simcha Guterman's, *Leaves from Fire*, is a firsthand account written with the deep sense of comprehension he was documenting the fate of his people. Knowing full well that his life was in danger, Simcha chronicled the occurrences of the Holocaust on long scraps of paper, as they happened right before his eyes. The events described take

place in Poland, during the first years of World War II. The author stuffed long paper scraps, written in Yiddish, into bottles and hid in them in different places. One of these bottles was discovered after the war. Simcha Guterman's work has been published and translated into eight different languages, receiving high praise from critics. The book's evocative illustrations were drawn by Yaakov Guterman, the author's son.

To get ahead she'll have to become a man -- and a man, she always thought, never lets love get in the way... Clementine dreams of being a naturalist -- a career that leaves no time for romance. To sneak on an adventurous prospecting expedition, Clementine will have to convince everyone she's a man. A mysterious tonic offers her just that disguise. But "Calvin," as she calls herself now, had no idea what she was giving up. When Wesley, the expedition's gentle preacher, catches her eye, she can't get him out of her head; not his lush lips, wide brown eyes ... or broad chest. Dare she reveal her secret to him, and can she keep her career if she does? Among run-ins with cowboys, natural disasters, and traveling shows, Wesley's most fascinating adventure is meeting Calvin. Though Wesley's betrothed, the cute, clever naturalist threatens to make him fall into temptation...

John Sutter, who left Switzerland to escape debtor's prison, came to California and built a giant land monopoly. Again, he became heavily in debt and died destitute. The entire Sacramento and San Joaquin valleys were inundated for 300 miles long and 20 miles wide by the flood of 1862. The cholera epidemic killed more than 1,000 citizens, including doctors and others who were caring for the patients. The Old City Cemetery is an exciting place. As docents are quick to remind, "People are dying to get in here." The docents know their job. It's almost as though they are trying to bring the city's cemeteries back to life. We love the epitaph on one headstone that simply reads: "See ya later."

What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could...", a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

"You're in luck, Alfred," he declared. "That's the most interesting man in New York-one of the most interesting in the world. That's Sanford Quest." "Who's he?" "You haven't heard of Sanford Quest?" "Never in my life." The young man whose privilege it was to have been born and lived all his days in New York,

drank half a glassful of wine and leaned back in his chair. Words, for a few moments, were an impossibility. "Sanford Quest," he pronounced at last, "is the greatest master in criminology the world has ever known. He is a magician, a scientist, the Pierpont Morgan of his profession." "Say, do you mean that he is a detective?" The New Yorker steadied himself with an effort. Such ignorance was hard to realise-harder still to deal with. "Yes," he said simply, "you could call him that-just in the same way you could call Napoleon a soldier or Lincoln a statesman..."

Don Newman's first volume of Savannah centric poetry reflects the close personal relationship between poet and subject often found in work dedicated to a particular place. Such intimate subjectivity may seem lofty at times. But this Savannah native has a way of bringing grandiose notions of his hometown down to earth. Here, the author's regional sensibilities-together with his stretch toward the universal-offer the reader a unique perspective and a tour of Savannah unattainable during a typical day of

sightseeing. While by no means a comprehensive poetic look at the city, Newman's Little Poetry Book of Savannah will surely augment the traveler's backpack, give visitors a distinctive literary keepsake, and make the perfect gift for those back home who would like an authentic little piece of Savannah. Meditative, descriptive, fun, quirky, and enjoyably honest, Newman bares parts of his soul in this down-to-earth, head-in-the-clouds "poetry for everyone." "A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff

What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself.
