The Holy Grail has intrigued and inspired countless readers over the centuries since it first appeared in Chrétien's Perceval. Cliges DS Brewer

In this verse translation of Perceval; or, The Story of the Grail, Ruth Harwood Cline restores to life the thematically crucial Arthurian tale of the education of a knight in his search for the Holy Grail. Cline's translation, faithful to the highly synthetic, deliberately ornate nature of medieval French, follows Perceval from his home in Wales, through his rich and raucous adventures as a member of the fraternity of knights, to his climactic meeting with the Fisher King. Paralyzed by his first glimpse of the Grail, Perceval fails to save the ailing king. Distraught, the knight begins a new quest for the Grail, a journey on the road of penitence and faith. Perceval's venture, the true test of his knighthood, ends without conclusion; the death of author Chrétien de Troyes left unsaid and undetermined the success of Perceval's quest.

The Assassination of a British Prime Minister Houghton Mifflin Harcourt

An uncanny literary thriller addressing the painful legacy of lynching in the US, by the author of Telephone Percival Everett's *The Trees* is a page-turner that opens with a series of brutal murders in the rural town of Money, Mississippi. When a pair of detectives from the Mississippi Bureau of Investigation arrive, they meet expected resistance from the local sheriff, his deputy, the coroner, and a string of racist White townfolk. The murders present a puzzle, for at each crime scene there is a second dead body: that of a man who resembles Emmett Till. The detectives suspect that these are killings of retribution, but soon discover that eerily similar murders are taking place all over the country. Something truly strange is afoot. As the bodies pile up, the MBI detectives seek answers from a local root doctor who has been documenting every lynching in the country for years, uncovering a history that refuses to be buried. In this bold, provocative book, Everett takes direct aim at racism and police violence, and does so in a fast-paced style that ensures the reader can't look away. *The Trees* is an enormously powerful novel of lasting importance from an author with his finger on America's pulse.

On 11 May 1812 Spencer Perceval, the British Prime Minister, was fatally shot at close range in the lobby of the House of Commons. In the confused aftermath, his assailant, John Bellingham, made no effort to escape. A week later, before his motives could be examined, he was tried and hanged. Here, for the first time, the historian Andro Linklater looks past the conventional image of Bellingham as a 'deranged businessman' and portrays him as an individual, driven by personal anxieties and by the raw emotions that convulsed his home town of Liverpool. But as the evidence accumulates, a wider, darker picture emerges - John Bellingham was not alone in hating the prime minister. Two hundred years later, Andro Linklater examines the evidence and brilliantly deconstructs the assassination of Spencer Perceval - the only British Prime Minister ever to have suffered that fate - to offer a fresh perspective on Britain and the Western world at a critical moment in history.

Composed by an unknown author in early thirteenth-century France, The Quest of the Holy Grail is a fusion of Arthurian legend and Christian symbolism, reinterpreting ancient Celtic myth as a profound spiritual fable. It recounts the quest of the knights of Camelot - the simple Perceval, the thoughtful Bors, the rash Gawain, the weak Lancelot and the saintly Galahad - as they journey through danger and temptation to reach the elusive Holy Grail. But only one of them is judged worthy to see the mysteries within the sacred vessel, and look upon the ineffable. Enfused with tragic grandeur and an aura of mysticism, The Quest is an absorbing and radiant allegory of man's perilous search for divine grace, and had a profound influence on later Arthurian romances and versions of the Grail legend.
