Italian Café Racers Redline Books

While the history of European ompetition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of

rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

WALNECK'S CLASSIC CYCLE TRADER, MAY 1985 Veloce Publishing Ltd

There have been plenty of books published about Italian motorcycles, and a few covering the café racer genre, but none has covered the evolution of the Italian sportsbike into the Italian café racer - until now. Coming from a nation with a great motorcycle racing heritage, Italian motorcycles have, unsurprisingly, always had a sporting flair. This book lifts the lid on the growing trend of custom Italian café conversions, illustrated in detail with stunning images of select sporting, racing,

and café Italian motorcycles. Italian Café Racers celebrates stunning Italian bikes from all over the globe. From the old to the modern, from horizontal-singles to inline sixes, this book reveals these stylish machines in all their innovative glory. Whether you're an enthusiast, a follower of

the café racer culture, or simply appreciate beautiful bikes, this book is guaranteed to interest and inspire ... see the 'café' side of Italian bikes. [Mick Walker's Japanese Grand Prix Racing Motorcycles](#) Mick Walker's Japanese Grand Prix Racing Motorcycles
