BETHANY GRAHAM

Japanese Sentence Patterns for Effective Communication Tuttle Publishing

My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

Basic Japanese HarperCollins UK

Dictionary of Intermediate Japanese Grammar arranged in dictionary format and accompanied by

rich example sentences that will help students of this book be able to acquire the necessary knowledge to master intermediate Japanese

A revised, expanded edition of the best-selling Japanese-English character dictionary—now with all the current Jōyō and Jinmei Kanji. With The Kodansha Kanji Learner's Dictionary: Revised and Expanded, learners finally have at their fingertips accurate and in-depth information on all the kanji prescribed by the Japanese government. In all, 3,002 characters—772 more than in the first edition—fill its pages, making it the most comprehensive and up-to-date dictionary of its kind. The main goal of the dictionary is to give the learner instant access to a wealth of useful information on kanji, including their meanings, readings, stroke order, and usage in compounds. Compounds pose a special problem for learners. Normally one must memorize them as unrelated units. A unique feature of this dictionary that overcomes this difficulty is the core meaning, a concise keyword that defines the dominant sense of each kanji, followed by character meanings, or specific senses the kanji can have when used in the living language. Together these features help learners understand the logic behind compound formation. Another unique feature is the System of Kanji Indexing by

Patterns (SKIP), a revolutionary indexing system that has gained widespread popularity because it enables the user to locate characters as quickly and as accurately as in alphabetical dictionaries. With SKIP, all one needs to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern—a much speedier process than searching by traditional methods. In 2020 the government expanded the Educational Kanji list from 1006 to 1026 characters to cover the characters used in all Japanese prefecture names. This edition includes these revisions along with illustrative compounds words. These features, and many more, make this dictionary the most powerful kanji-learning tool ever devised.

A comprehensive, communicative, and practical guide to using Japanese, Kodansha's Furigana English-Japanese Dictionary is an invaluable reference tool for anyone with an interest in the Japanese language. It has been edited with the needs of English-speaking users in mind: students, teachers, business people, and casual linguists. What is furigana and why is it so important? Furigana refers to the small kana that are printed above or alongside kanji to show the pronunciation of the Chinese character. With furigana superscripts, the beginner who is familiar with hiragana and katakana is able to read even the most difficult and obscure kanji at a glance. Other dictionaries either provide little or no guide to kanji readings or romanize some or all of the Japanese words and sentences. In the past, romanized dictionaries were of some value to students using textbooks that contained no Japanese script. Now, however, an increasing number of influential curriculums around the world are based on a rationale and methodology that demands the introduction of hiragana and katakana from the earliest stages. Learners and their teachers studying under such curriculums will inevitably feel more comfortable with a dictionary such as Kodansha's Furigana English-Japanese Dictionary, one that shows the pronunciation of kanji with familiar and authentic kana script. **FEATURES** More than 14,000 entries comprising the most commonly used words in English Furigana pronunciation guides added to all kanji Semantic and usage differences between Japanese words and expressions explained clearly in English Thousands of full-length example sentences illustrate typical usage in natural Japanese Idioms, phrases, and common expressions help expand vocabulary and sentence building skills Many encyclopedic entries offer useful background information on Japanese history and culture Includes many current terms such as artificial intelligence and internet Hundreds of scientific and medical terms with full Japanese equivalents With its sister publication, Kodansha's Furigana Japanese-English Dictionary, this dictionary makes the perfect reference for all students of Japanese. The two books are combined in Kodansha's Furigana Japanese Dictionary.

A photographic guide to the key words and phrases in Japanese. This attractive ebook is a perfect travel companion and provides a practical guide to Japan and Japanese language and culture.

An Introduction to Modern Japanese: Volume 1, Grammar Lessons Innovative Language Learning

This dictionary is designed for non-native speakers of Japanese, perfect for business people and students. There are over 50,000 entries, including the most common meanings. Japanese terms are shown in romanized Japanese and standard Japanese characters. The romanized entries are listed in alphabetical order, so no knowledge of Japanese is required.

[A Frequency Dictionary of Japanese](#) Tuttle Publishing

This is an invaluable study guide and practice book for learning basic Japanese kanji. Learning Japanese Kanji Practice Book is intended for beginning students, or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise written Japanese. This book presents the kanji characters that are most commonly used. All the kanji and related vocabulary words in this book are those that students are expected to know for Level 5 of the Japanese Language Proficiency Test. (JLPT). Characters that appear in the AP Japanese Language and Culture Exam are flagged. Readings, meanings, and common compounds are presented. The correct method of writing each character is clearly indicated and practice boxes with strokes that can be traced are provided, along with empty boxes for freehand writing practice. Lots of exercises are included to

give students the opportunity to practice writing sentences containing the Kanji. Indexes at the back allow you to look up the characters by their readings and English meanings. This kanji book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Extra printable practice grids Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

Essential Japanese Grammar is an indispensable study guide for students of the Japanese language at all levels. Long the standard in Japanese language education, it provides clear, jargon-free explanations of how Japanese grammar works and offers hundreds of example sentences. It is an essential handbook for self-study or for the classroom and should be a valued resource for years to come. A strong foundation in grammar is vital to those wishing to learn Japanese as a whole. Essential Japanese Grammar presents a number of unique features. First, grammatical terminology has been kept to a minimum so that extensive prior knowledge of grammar is not required. Second, abundant example sentences written in Japanese characters (kana and kanji) followed by romanji and English translations. Third, the authors have tried to reveal aspects of grammar that may not be found in comparable grammar books such as rare Japanese verbs, adjectival nouns, clauses adverbs, etc. This Japanese grammar book contains: parts of speech. sentence constructions. conjugations forms. speech styles and tones. accentuation rules. essential words and functional elements. an appendix for referencing and cross-referencing Japanese words.

[Japanese Visual Dictionary: A photo guide to everyday words and phrases in Japanese \(Collins Visual Dictionary\)](#) Tuttle Publishing

An introduction to Japanese through authentic, commonly-used sentences. This best-selling Japanese textbook is a user-friendly guide for beginners designed for use in a classroom or self-study. It adopts a very different approach from other Japanese language books—teaching you the underlying sentence structures and patterns of Japanese along with essential vocabulary and phrases so you can attain basic fluency quickly. The emphasis is on acquiring a working knowledge of simple, everyday Japanese sentences. This new edition has been thoroughly updated and expanded to reflect the way Japanese is spoken in Japan today. Manga illustrations have been added to each dialogue along with the latest jargon for the internet, social media, cellphones, and IT, and a bidirectional dictionary is included at the back. Each self-contained lesson presents a simple four-step method: Step 1: Basic Sentences: Each lesson begins with a few simple sentences. Essential vocabulary and phrases are learned within the context of these sentences.

Audio recordings by native speakers are in the downloadable audiok. Step 2: Communication Notes: A detailed discussion of each sentence follows to assist you in understanding the underlying structure and how to form new sentences based on the same pattern. Step 3: Everyday Conversations: Authentic dialogues with manga illustrations and native-speaker recordings show you how people communicate naturally in Japan today through simple, everyday interactions. Step 4: Exercises: Several sets of easy exercises help reinforce your understanding of the key points presented in the lesson and review what you have learned so you can move on to the next lesson.

For English-speaking students of Japanese, particles are perhaps the most difficult aspect of the language to learn. It would be no exaggeration to say that, for most people, they can never be completely mastered. Thus, the study of particles is a lifetime undertaking, and students need a lifelong companion to help them along the way. That companion is A Dictionary of Japanese Particles. Covering over 100 particles in alphabetical order, the dictionary explains the meanings of each (most have more than one) and gives sample sentences for each meaning. Illustrations are provided where necessary for clarification. There are also exercises at the back of the book for those who wish to test their knowledge of particle usage. Appendices and end paper charts are provided for easy access. A Dictionary of Japanese Particles is an essential reference work, meant to be used over the years as students continue to confront puzzling particles.

Routledge
