Winners take action! Want to level up your Grammar? Start working towards improving your English language skills by scrolling up and purchasing this workbook!

American English Grammar Zephyros Press

A new edition of a successful undergraduate textbook on contemporary international Standard

English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.

English Grammar for Students of French BEYOND BOOKS HUB

Learn English Grammar in 2 Weeks is a peerless book for those who are interested in having a written and spoken command of the English language. The fascination of this international language is unmatched. But it is replete with pitfalls which must be carefully avoided if one does not want to become a butt of laughter either in written or spoken English. Let us quote from the book itself; ♥♥A student of the English language ought to know the difference between 'English' and 'the English♥♥ This book is a treasure house of modern and current usage in English. As one flips through the pages of the book; one gains in knowledge and confidence The mystery of the English language unfolds itself in every page of this wonderful treatise. It is a single volume book that combines source grammar and practice exercises while explaining the rules of grammar and tackling seemingly contradictory rules. Since the book is for students of an Intermediary level, concise explanations are provided. It focuses on topics like grammar contrasts (whether to use 'would' or 'used to' in past tense construct) and grammar patterns for example will be going among others. What will you Learn from THE BEST BOOK OF ENGLISH GRAMMAR ✓ The book also explores more than hundred units of grammar concepts and each unit is allocated two pages. While the left hand page is filled with grammar concepts with concise examples, the facing page comprises of practice exercises. ✓ This format has been followed to ensure that each point is brief but comprehensive. ✓ The book has been designed in such a way that it gives students freedom to choose what unit they want to practice. ✓ The order of the book does not need to be strictly followed as it is a revision guide and each topic is complete and self contained. Therefore, a student can just begin from the middle of the book, concentrate on the unit he or she finds difficulty in. If a student gets stuck at a certain exercise.

Oxford Guide to English Grammar Prabhat Prakashan

English Grammar: The Basics offers a clear, non-jargonistic introduction to English grammar and its place in society. Rather than taking a prescriptive approach, this book helps the reader become aware of the social implications of choices they make to use standard or non-standard (regional/dialect) forms. Readers will consider: • what grammar is and how it fits into the structure of language; • how grammar functions in the school curriculum, the press, broadcasting and social media, as well as how these outlets reflect and reinforce our attitudes towards grammar; •

differences between speech and writing, as well as between formality and informality; • major different approaches to theorising and describing grammar from important grammarians, including Noam Chomsky and Michael Halliday. Featuring a glossary of key terms and practical tips and insights from the author's 50+ years of language teaching experience around the world, this book is for anyone who has ever found themselves questioning the 'rules' of the English language.

A University Course Macmillan International Higher Education

Mastering English Grammar is a start-at-the-basics, no-nonsense English Grammar book, not only for students of English, but also for those studying modern languages, business people and secretaries - in fact anyone who has forgotten/never known the simple rules of the language they speak.

Fundamentals of English Grammar Cambridge University Press

Presenting the linguistic basis for courses and projects on translation, contrastive linguistics, stylistics, reading and discourse studies, this book illustrates grammatical usage through authentic texts from a range of sources, both spoken and written. This new edition has been thoroughly rewritten and redesigned to include many new texts and examples of language in use. Key features include: chapters divided into modules of class-length materials; a wide variety of authentic texts and transcriptions to illustrate points of grammar and to contextualise structure; clear chapter and module summaries enabling efficient class preparation and student revision; exercises and topics for individual study; answer key for analytical exercises; comprehensive index; select biography; suggestions for further reading; and a companion website. This up-to-date descriptive grammar is a complete course for first degree and postgraduate students of English, and is particularly suited for those whose native language is not English.

Perfect English Grammar Olivia & Hill Press

This engaging textbook bridges the gap between traditional and functional grammar. Starting with a traditional approach, students will develop a firm grasp of traditional tools for analysis and learn how SFG (Systemic Functional Grammar) can be used to enrich the traditional formal approach. Using a problem-solving approach, readers explore how grammatical structures function in different contexts by using a wide variety of thought-provoking and motivating texts including advertisements, cartoons, phone calls and chatroom dialogue. Each chapter focuses on a real world issue or problem that can be investigated linguistically, such as "mis"-translation or problems arising from a communication disorder. By working on these problems, students will become equipped to understand and analyze formal and functional grammar in different genres and styles. With usable and accessible activities throughout, Exploring English Grammar is ideal for upper undergraduate and postgraduate students of English language and linguistics.

English Grammar John Benjamins Publishing

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in

order to speak and write correct English. So rest assured - English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs - oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

The English Grammar Workbook for Adults Cambridge University Press

This textbook introduces basic concepts of grammar in a format which should encourage readers to use linguistic arguments. It focuses on syntactic analysis and evidence. It also looks at sociolinguistic and historical reasons behind prescriptive rules.

English for Everyone English Grammar Guide Practice Book Sakha Global Books (Sakha Books)

Unlike other textbooks, it helps students to understand grammar rather than see it as a set of facts and rules.

English Grammar For Dummies IAP

This book offers explanations of grammatical terms and functions as they apply to English and German. It illustrates the similarities and differences between the two languages and stresses the common linguistics pitfalls for English speakers. It includes review exercises with answers at the back.

A Resource Book for Students Adams Media

This pack consists of the Basic English Grammar B Student Book and the Workbook B. Blending communicative and interactive approaches with tried-and-true grammar teaching, Basic English Grammar, Third Edition, by Betty Schramper Azar and Stacy A. Hagen, offers concise, accurate, level-appropriate grammar information with an abundance of exercises, contexts, and classroom activities. Features of Basic English Grammar, Third Edition: Increased speaking practice through interactive pair and group work. New structure-focused listening exercises. More activities that provide real communication opportunities. Added illustrations to help students learn vocabulary, understand contexts, and engage in communicative language tasks. New Workbook solely devoted to self-study exercises. New Audio CDs and listening script in the back of the Student Book.

Best English Grammar Book Learn English Grammar in Two Week (Revised Edition) Capital Books

The proposed book is best described as a linguistically oriented textbook taking the grammar of English as its subject matter. It is directed to professional teachers of English (ESL and EFL) and their students, as well as those currently training to become teachers of English. The book is also likely to be of interest to interpreters, translators and other English language professionals. It will explore selected aspects and problem areas of English from a broadly "functional" linguistic perspective. My experience as a teacher and teacher trainer has shown me that this perspective has the potential to inspire teachers and students with a genuine enthusiasm for the grammatical features of English and that it often enables them to "make sense" of the grammar in a way that all too often other approaches signally fail to do. An important focus of the book is on understanding grammar as a series of conventionalized patterns rather than a set of rules (which is how grammar has traditionally been presented). Moreover, unlike many other grammar books, this book emphasizes how the grammatical constructions under consideration are employed in various types of communicative situation, attention being given to the importance of discourse context in interpreting the target forms. In line with contemporary linguists generally, the approach adopted is descriptive rather than prescriptive. While the main focus is on English, I offer occasional comments on how the issue under discussion is expressed in languages other than English. Apart from the inherent interest which I hope such comparisons may have for the reader, I take the view that these can be helpful in casting further light on the grammar of English.

An Utterly Correct Guide to Clarity and Style Cambridge University Press

American English Grammar introduces students to American English in detail, from parts of speech, phrases, and clauses to punctuation and explaining (and debunking) numerous "rules of correctness," integrating its discussion of Standard American grammar with thorough coverage of the past sixty years' worth of work on African American English and other ethnic and regional non-Standard varieties. The book's examples and exercises include 500 real-world sentences and longer texts, drawn from newspapers, film, song lyrics, and online media as well as from Mark Twain, Stephen King, academic texts, translations of the Bible, poetry, drama, children's literature, and transcribed conversation and TV and radio shows. Based on twenty years of classroom testing and revision, American English Grammar will serve as a classroom text or reference that teaches students how to think and talk not only about the mechanics of sentences but also about the deep and detailed soul and nuance of the most widely used language in human history.

All the Grammar You Need to Succeed in Life Routledge

Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings - all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections - introduction, development, exploration and extension - which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. English Grammar: presents the basic concepts and key terms of English grammar in a clear and systematic way encourages readers to evaluate critically the knowledge they already have, particularly in areas that are problematic for them as learners, and to build up and trust their own intuitions about the language uses a range of international authentic texts to illustrate concepts and theories, from sources such as newspapers, novels and academic texts discussing English grammar is accompanied by a companion website featuring audio files of authentic spoken English, and further activities. Written by an experienced teacher and researcher, this accessible textbook is an essential resource for all students of English language and linguistics.

The Teacher's Grammar of English with Answers Routledge

English enjoys the status of the World Language. No other language has ever scaled this height. It is the language that encompasses everything in the world. It is used and cherished by millions whose mother tongue is not English. Spoken English, as a natural corollary to that, has become an important tool in our hands today. Without mastery over it, the gateway to success will remain a distant dream in today's globalised market. Command on any language depends primarily on

command on its grammar. Grammar is a repository of rules, governing how words are put together into sentences. These rules govern most constructions in a given language. Grammar is the science of correct use of language. It is concerned only with correct speaking and writing. Fundamentals of Grammar need to be fully comprehended to acquire skills of quality English. Aim of this book is a practical one: an aid to good English, to take you places on the wings of English. The book is designed to meet the requirements of students completing their schooling and entering colleges or job market, or preparing for various competitions.
