The conclusion to the sweeping epic that began in 'To Journey in the Year of the Tiger'. 'To Walk in the Way of Lions' picks up where Journey leaves off, in the harsh deserts of Khanistan. The team is running under a very set of different dynamics than before, for not only will they be forced to confront enemies tracking from the North and a hostile force from the Palace following from

the South, but they must face their own demons that are plaguing them from within. It's man against man, cat against cat, Seer against Alchemist, knowledge versus 'the Way of Things' - a Sci-Fi 'Pride and Prejudice and Lions', like you've never read it before. From the ruthless wilds of Khanistan to the wind-swept shores of the Mediterranean Sea, the beauty and savagery of the Upper

Kingdom unfolds like a living thing before them as they travel. And soon, against all reason, they take the first steps beyond the Empire's borders into the realm of the Ancestors, of carnivorous horses, of Dogs, Bear and Rats, and Kirin Wynegarde-Grey will find out what it means to follow the code of Bushido to the gates of death and beyond... This is the journey of six individuals as they travel

beyond the edges of the known Empire, into lands uncharted and wild. Theirs is a journey of magic and mystery, science and swords, romance and intrigue. It is a journey of different perspectives and unexpected karma and love found in surprising places. It is a journey that takes place five thousand years or so in the future, naturally in the Year of the Tiger. (Be sure to read

Part 1: 'To Journey in the Year of the Tiger', by Leighton Dickson, for sale on Kindle Books.)

Steele, a young literature student, interviews wealthy young entrepreneur Christian Grey for her campus magazine, their initial meeting introduces Anastasia to an exciting new world that will change them both forever. Reissue. Movie tie-in. **Suddenly One Summer** Simon and Schuster When Lieutenant Caslin Ahn joined Wolf Squadron, she was prepared

for the reality that she might one day be killed in the line of duty. She was less prepared for being shot down, assumed dead by her own people, and dragged off to the Cofah Empire as a prisoner of war. As if being thrust into a dungeon and interrogated wasn't bad enough, the sadistic commandant decides to give her a cellmate: the notorious pirate Deathmaker. Given the

crimes he's committed against Iskandia, Cas owes it to her people to try and kill him. Part warrior and part scientist, Tolemek "Deathmaker" Targoson has not only slain thousands with his deadly concoctions, but he has a special loathing for Iskandian pilots. It was Ahn's commander, Colonel Zirkander, who ruined his military career, forcing him to leave his country in

shame and join a pirate organization. Years later, he uses his dreadful reputation like a shield to keep people away; all he wants is to be left alone to work in his laboratory. But when fate lands him in a cell with Zirkander's protégé, he sees a chance for revenge. Why kill the lieutenant when he can use her to get to his old nemesis? There's just one problem: it's hard to plot against your enemies

when you're in prison with them. Cas and Tolemek will have to work together if they hope to escape the Cofah dungeon. In the process, they may find that neither is what the other expects, and that they have far greater problems to worry about than ensnaring each other... Deathmaker is a full-length 85,000-word novel. It is set after the events in *Balanced on the Blade's Edge*, but it can be

enjoyed even if you haven't read the first book.

Begin the series and see why readers LOVE Tristan and Nina's story! What

would you give up for everything? Tristan Stone was powerful, commanding, sex incarnate. And he wore it all so well. From the moment his mesmerizing gaze met mine, I had no choice but surrender to everything he was. His power. His decadence. His passion. He was all I never knew I needed. He wanted to possess me, and I wanted to be his everything. All I had to do was accept what he

offered. But everything has a price. The world he gave me fulfilled my wildest dreams, but would that be enough when the past crashed into the present?

New York Times bestselling author J. Kenner kicks off a smoking hot, emotionally compelling trilogy that returns to the world of her beloved Stark novels:
Release Me,

<p>Claim Me, and Complete Me. Say My Name features Jackson Steele, a strong-willed man who goes after what he wants, and Sylvia Brooks, a disciplined woman who's hard to get—and exactly who Jackson needs. I never let anyone get too close—but he's the only man who's ever made me feel alive. Meeting Jackson Steele was a shock to my senses. Confident and commanding, he could take charge of any</p>	<p>room . . . or any woman. And Jackson wanted me. The mere sight of him took my breath away, and his touch made me break all my rules. Our bond was immediate, our passion untamed. I wanted to surrender completely to his kiss, but I couldn't risk his knowing the truth about my past. Yet Jackson carried secrets too, and in our desire we found our escape,</p>	<p>pushing our boundaries as far as they could go. Learning to trust is never easy. In my mind, I knew I should run. But in my heart, I never felt a fire this strong—and it could either save me or scorch me forever. Praise for Say My Name “Readers who need more of Kenner's racy, sizzling Stark novels will delight in this new series, set in the same decadent, lavish world. . . . Kenner has crafted a hero</p>

whose compassion is remarkable, and who is strong enough not only to apologize and to change, but to offer her the kind of love she wants and needs, as well. . . . Fans of dark, intense and emotionally scorching romances will surely adore this series opener.”—RT Book Reviews “It’s a heady mix of love and intrigue,

and Kenner continues to deliver a knockout experience that made me long for the next book even as I was more than satisfied with this story’s ending. To say more would give too much away, and I encourage everyone who loved the original Stark trilogy to read Say My Name to find out what’s there for

themselves.” —The Romance Evangelist “J. Kenner has given us one hell of a story with this start to the Stark International series. And if anyone can give Damien Stark a run for his money, it’s Jackson Steele.”—Cocktails and Books “If you enjoyed the Stark novels, you are going to love Say My Name!”—Reading Keeps Me Sane
