## HOOPER KOCH

*Best Books for Young Adults* Penguin

Provides reviews for classic and contemporary young adult books, identifies teenagers' interests and best book selections, and includes guidelines for creating reading lists of both young adult and suitable adult literature.

### **The Power of Zigging When Everyone Else Zags** Wildside Press LLC

Perfect for fans of *Thirteen Reasons Why* and *Looking for Alaska*, Jennifer Weiner, #1 New York Times bestselling author, calls Elizabeth LaBan's *The Tragedy Paper* "a beguiling and beautifully written tale of first love and heartbreak." It follows the story of Tim Macbeth, a seventeen-year-old albino and a recent transfer to the prestigious Irving School, where the motto is "Enter here to be and find a friend." A friend is the last thing Tim expects or wants—he just hopes to get through his senior year unnoticed. Yet, despite his efforts to blend into the background, he finds himself falling for the quintessential "It" girl,

Vanessa Sheller, girlfriend of Irving's most popular boy. To Tim's surprise, Vanessa is into him, too, but she can kiss her social status goodbye if anyone ever finds out. Tim and Vanessa begin a clandestine romance, but looming over them is the *Tragedy Paper*, Irving's version of a senior year thesis, assigned by the school's least forgiving teacher. Jumping between viewpoints of the love-struck Tim and Duncan, a current senior about to uncover the truth of Tim and Vanessa, *The Tragedy Paper* is a compelling tale of forbidden love and the lengths people will go to keep their secrets.

**A Memoir** Vintage Canada

A Washington Post Best Children's Book of 2018 *Who's Crazy?* What does it mean to be crazy? Is using the word crazy offensive? What happens when a label like that gets attached to your everyday experiences? To understand mental health, we need to talk openly about it. Because there's no single definition of crazy, there's no single experience that embodies it, and the word itself means different things—wild? extreme? disturbed? passionate?—to different

people. In *(Don't) Call Me Crazy*, thirty-three actors, athletes, writers, and artists offer essays, lists, comics, and illustrations that explore a wide range of topics: their personal experiences with mental illness, how we do and don't talk about mental health, help for better understanding how every person's brain is wired differently, and what, exactly, might make someone crazy. If you've ever struggled with your mental health, or know someone who has, come on in, turn the pages . . . and let's get talking. This award-winning anthology is from the highly-praised editor of *Here We Are: Feminism for the Real World* and *Body Talk: 37 Voices Explore Our Radical Anatomy*. . . *And Other Stories* Harper Collins

*Legends* cloud the life of Crazy Horse, a seminal figure in American history but an enigma even to his own people in his own day. This superb biography looks back across more than 120 years at the life and death of this great Sioux warrior who became a reluctant leader at the Battle of Little Bighorn. With his uncanny gift for understanding the human psyche, Larry McMurtry

animates the character of this remarkable figure, whose betrayal by white representatives of the U.S. government was a tragic turning point in the history of the West. A mythic figure puzzled over by generations of historians, Crazy Horse emerges from McMurtry's sensitive portrait as the poignant hero of a long-since-vanished epoch.

*Crazy Loco: Stories*

American Library Association

"In the title story, two cousins fight over the death of a potbellied pig but come to a sincere reconciliation in the end. In "Tina La Tinaca," a woman grieving over the death of her son grows so obese that when she dies, an emergency crew must widen the doorway of her home so that her body can be removed. Culture and place figure prominently in Rice's work; most of the stories are set in the lower Rio Grande Valley of Texas and explore issues surrounding contemporary Mexican American life near the border. These stories ring with the author's distinctive voice and will certainly establish him as one of the most important young Chicano writers today."--BOOK

**Heart-shaped Cookies**

Penguin

Growing up on his parents' ranch in North San Diego County, Victor Villaseñor's teenage years were marked by a painful quest to find a place for himself in a world he did not fit into. Discriminated due to his Mexican heritage, Victor questions the tenets of his faith and the restrictions it places on his own spirituality and sexuality. Ultimately, his search for identity takes him to Mexico to learn of his family's roots, where he soon discovers that his heritage doesn't determine his intelligence or success. Through this often humorous and poignant tale, Victor deftly undermines the macho stereotype so often associated with Latinos, while exposing the tender vulnerability and naïveté of a young man grappling with the roles foisted on him by the church and society. Victor's youthful misadventures elicit sympathy, laughter, and tears as he attempts to divine the mysteries of the opposite sex in this powerful, revealing memoir. "The clarity that

comes from Villaseñor's personal and cultural experience is not matched in any of Steinbeck's major works" (Los Angeles Times).

*Crazy Horse Portfolio*

Twenty years after the asylum where he had spent much of his life is closed, Francis Petrel recounts dark memories about the unsolved murder of a young nurse and anticipates an upcoming reunion with his former fellow patients, an event that is haunted by the possible return of the killer. Reprint.

*The Madman's Tale*

Bilingual Review Press (AZ)

First published in 1881, "How 7 Went Mad" is a short story by legendary horror writer Bram Stoker. The tale follows Tineboy, a young boy who is having difficulty learning his multiplication tables and those related to the number seven in particular. One day he falls asleep during class and begins to dream of a story his teacher told him about how the number seven went mad. What ensues is a Tineboy's experiences of a world without the number seven and the problems that inevitably arise from losing a number. Abraham "Bram" Stoker (1847 -

1912) was an Irish author most famous for his 1897 Gothic novel "Dracula". Other notable works by this author include: "Miss Betty" (1898), "The Mystery of the Sea" (1902), and "The Jewel of Seven Stars" (1903). Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Crazy Loco Love Knopf

Books for Young Readers  
In *Rain of Gold*, Victor Villaseñor weaves the parallel stories of two families and two countries...bringing us the timeless romance between the volatile bootlegger who would become his father and the beautiful Lupe, his mother—men and women in whose lives the real and the fantastical exist side by side...and in whose hearts the spirit to survive is fueled by a family's unconditional love.

A Field Guide Skyhorse Publishing, Inc.  
This is a pseudoplay (the kind meant to be read, not seen on stage or screen) about the nature of Evil. The play begins with the real-live crucifixion of the main protagonist on Mount Zion in present-day Jerusalem and continues with five flashbacks in five Acts, examining Evil by means of the thoughts, actions and personality clashes of the various characters. The plot intensifies throughout the Acts, first with a crescendo at the end of Act One, then with another at the end of Act Three, and then with a final crescendo at the end of Act Five. The climax leads directly to the crucifixion scene in the

Prologue. Finally, a resolution of the main problem is provided in the Epilogue, and it is shown how Evil may be harnessed and made to serve Good. The play thus ends on a note of hope and cautious optimism but without underestimating the power of Evil. It was written in December 1986, completed in March, 1987, and published for the first time in August, 2007, for the second in January, 2018.

*The Day Gravity Goes Loco* Hay House, Inc  
Standing at the podium, Victor Villaseñor looked at the group of educators amassed before him, and his mind flooded with childhood memories of humiliation and abuse at the hands of his teachers. He became enraged. With a pounding heart, he began to speak of these incidents. When he was through, to his great disbelief he received a standing ovation. Many in the audience could not contain their own tears. So begins the passionate, touching memoir of Victor Villaseñor. Highly gifted and imaginative as a child, Villaseñor coped with an untreated learning disability (he was finally diagnosed, at the age of forty-four, with extreme

dyslexia) and the frustration of growing up Latino in an English-only American school in the 1940s. Despite teachers who beat him because he could not speak English, Villaseñor clung to his dream of one day becoming a writer. He is now considered one of the premier writers of our time.

*An American Teacher in a Japanese School* Coolest Stories Press

Here is the book that launched a thousand chimichangoes – the first in the best-selling series about the rambunctious Skippyjon Jones, the Siamese kitty boy with the overactive imagination. He would rather be El Skippito, the great sword fighter, who can do anything. Like saving a roving band of Mexican Chihuahuas from a humongous bumblebeeto that is tormenting them. Join Skippyjon Jones on his first great adventure. He's fearless, he's fun, he gets the job done – yes, indeed-o.

**Crazy Loco Love** David C Cook

The content of this book is for informational purposes only. The book will help those assigned to monitor prison and street gangs, criminal groups, or drug cartel operatives

deciphering what they say or talk about. This book is language and slang commonly used by those criminals. It's intended for those in the field of corrections and law enforcement. This book is a must-have for those tasked with intercepting mail, text messages, or listening to a telephone conversation. This book discusses words, terms, and language that some readers might consider profane, vulgar, racial, derogatory, or offensive. Slang terms are words or phrases that have a cultural definition that is different from the literal meaning. Slang expressions also change continually. Many expressions or words often have more than one purpose or meaning. Some phrases have been around so long that they have become idioms or common expressions where certain word combinations are different from their literal meaning.

**Fair Wind and Plenty of It** Lulu.com

Beyond Rain of Gold is the incredible story behind the writing and publication of Victor Villaseñor's national bestseller Rain of Gold. It captures the difficult and courageous path the author followed to ensure

that his family's saga would be published as the authentic, true account it is. The real power of this book lies in the sacred relationship that Villaseñor has with his father, mother, and ancestors. In other words, Beyond Rain of Gold encompasses the magical messages that Villaseñor's indigenous ancestors told him are universal themes common to native peoples everywhere on this planet . . . and at one time we were all indigenous. This is an exciting, raw, and honest work, with events occurring that transcend the boundaries of what we normally call reality. And like Carlos Castaneda's Don Juan trilogy, Beyond Rain of Gold explores altered states of consciousness, revealing the wisdom and magic inherent in everyday existence. This is a book that will make you see the world in an entirely different way, and which will stimulate your mind and emotions to create a New Earth way of thinking and being!

*Operation Blackball* Simon and Schuster

The fourth installment in bestselling and acclaimed author Villaseñor's family saga is a moving story of adolescence, sexual

awakening, and the quest to learn what it takes to be a man.

### One Crazy Summer Rayo

Hilarious and hair-rising true tales of office debauchery from the lawyer who gets paid to clean up the mess. Try to imagine the following workplace scenarios: two

employees having hot and heavy sex in an open cubicle in full view of their coworkers. A boss conducting a business meeting while wearing nothing but a strategically-placed towel. Employees using Craigslist to arrange sexual trysts with hookers on company time. Breast-flashing. Oral sex solicitation via office e-mail. Impossible? Unbelievable? Richard Burton has tales you won't believe actually happened over his decades spent as the attorney hired by companies to protect them when their employees act out. Employees Gone Wild

collects some of the most outrageous and absolutely-true stories (names changed to protect the guilty of course) from Burton's years on the job, along with his indispensable practical advice on how companies and the people that work for them can avoid the same pitfalls. Hilarious and eye-opening in the same breath, dozens of cartoons give Employees Gone Wild a light tone perfect for the coworker with a sense of humor. It's also a great excuse for anyone that's received a slap on the wrist from their job: Hey, at least I'm not as bad as that guy!
