### LONG HASSAN

[Killing Women](#) Harper Collins

A lawyer gets inside the mind of a notorious New England serial killer in this award-winning and “grimly compelling” true crime (Kirkus). For nine months of 2003, William Devin Howell went on a killing spree in and around New Britain, Connecticut. Seven people went missing; all of their bodies eventually discovered in a wooded lot behind a strip mall. But the investigation that led to Howell’s arrest is only part of the story. Attorney and author Anne K. Howard first contacted Howell while he was serving a fifteen-year sentence for one of his murders. He was about to be charged for the remaining six. A unique and disturbing friendship between the two began, comprised of written correspondence, face-to-face prison visits and recorded phone calls. Over the course of years, Howell shared his troubled history with Howard. When his case was finally over, he told her every intimate, grizzly detail of how he became Connecticut’s most prolific serial killer. In His Garden, Howard probes the complicated mind of William Devin Howell. It is a story that explores the eternal

question of human evil and its impact on others, including the woman he chose to hear his horrific confession. 2020 Independent Press Award 2018 Literary Excellence Pencraft Award

**The Boston Strangler** WildBlue Press

JUDGE. JURY. EXECUTIONER. On a cold January morning, the killer executed Assistant District Attorney Mark Hasse in broad daylight. Eight shots fired a block from the Kaufman County Courthouse. Two months later, a massacre. The day before Easter, the couple slept. Bunnies, eggs, a flower centerpiece gracing the table. Death rang their doorbell and filled the air with the rat-a-tat-tat of an assault weapon discharging round after round into their bodies. Eric Williams and his wife, Kim, celebrated the murders with grilled steaks. Their crimes covered front pages around the world, many saying the killer placed a target square on the back of law enforcement. Williams planned to exact revenge on all those who had wronged him, one at a time. Throughout the spring of 2013, Williams sowed terror through a small Texas town, and a quest for vengeance turned to

deadly obsession. His intention? To keep killing, until someone found a way to stop him.

[The Dennis Nilsen Tapes](#) Simon and Schuster

The man convicted of the vicious murders of five college students in Gainesville, Florida, discusses his motivations and actions in committing the crimes, reflects on what made him into a killer, and his struggle to come to terms with what he did. Original. IP.

Recovered from Post Traumatic Stress Syndrome, Mary Capps finally got to tell her side of the story in this riveting book. Dennis Rader put her through hell during the six-and-one-half years she worked under his supervision in the Compliance Department for the City of Park City, Kansas. She worked with him right up to the week he was arrested and exposed as the Bind Torture Kill serial killer.

**Lori Vallow, Chad Daybell, and the End of an American Family** ForeEdge

What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson heard a knock on the door of her apartment. When she opened it, an FBI agent informed her that her father had been arrested for murdering ten people, including two children. It was then that she

learned her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, Wichitacelebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. She was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from unhealed wounds or the crippling effects of violence, betrayal, and anger, Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable. "No easy answers here. No platitudes. Only raw honesty, written with the gracious authority of one who has glimpsed hell. Kerri Rawson shares her earned wisdom and a hope that has been bought with tears and nightmares. This book is a gritty must-read in the library of hope." —Paul J. Pastor, author of *The Face of the Deep* and *The Listening Day*

**The Kaufman County Prosecutor Murders** Feral House

In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

B. Cooper's airplane heist - The Amber Alert case (the death of Amber Hagerman) - The Golden State Killer

*The Human Predator* ABC-CLIO

For fans of ITV's 'Des', starring David Tennant as Dennis Nilsen. Only one TV interview with a serial killer has ever been recorded in a British jail and broadcast. This is the exclusive story of that dramatic event, carried out by award-winning documentary maker Mike Morley with Dennis Nilsen,

then the country's most prolific murderer. In what became front page news, Morley overcame two eleventh hour government attempts (in the High Court and Court of Appeal) to stop ITV in the UK screening any extracts of the Nilsen interview. Controversially, the court ruled no more than 4 minutes of a four-hour interrogation should ever be shown. *The Dennis Nilsen Tapes: In Jail with Britain's Most Infamous Serial Killer* covers those full four hours, plus two days spent face to face with Nilsen in Albany Prison and two years of graphic correspondence and confessions from the infamous Scottish serial killer. With fresh insight from world famous psychological profilers and a leading pathologist, Morley completes almost three decades of investigation into what turned the former chef, policeman and civil servant into one of the world's most notorious murderers and necrophiles.

New prologue, new illustrations and a new preview of the companion volume, *Beyond the Making of a Serial Killer.* *Ted Bundy* University Press of New England

In *The Doomsday Mother*, bestselling true crime author John Glatt tells the twisted tale of Lori Vallow, accused of having her two children murdered to start a new life with her new husband, doomsday prepper Chad Daybell. At first, the residents of Kauai Beach Resort took little notice of their new neighbors. The glamorous blonde and her tall husband fit the image of the ritzy gated community. The couple seemed to keep to themselves—until the police knocked on their door with a search warrant. Lori Vallow and Chad Daybell had fled to Hawaii in the midst of being investigated for the disappearance of Lori's children back in Idaho—Tylee and JJ—who hadn't been seen alive in five months. For years, Lori Vallow had been devoted to her children and her Mormon faith. But when her path crossed with Chad Daybell, a religious zealot who taught his followers how to prepare for the end-times, the tumultuous relationship transformed her into someone unrecognizable. As authorities searched for Lori's children, they uncovered more suspicious deaths with links to both Lori and Chad, including the death of Lori's third and fourth husbands, her brother, and Chad's wife. In June 2020, the gruesome remains of JJ and Tylee were discovered on Chad's property, and the newlyweds were arrested and charged with murder. And in a shocking development, horrifying statements revealed that the couple's fanatical beliefs had convinced them the children had become zombies--a belief that may have led to their deaths. Bestselling author and journalist John Glatt takes readers deeper into the devastating crimes of Lori Vallow and Chad Daybell in an attempt to unravel the lethal relationship of this doomsday couple.

[Breaking the Blue Wall](#) Penguin

The Bundy expert's authoritative A-to-Z guide to the people and locations involved in the case against America's most infamous serial killer. True crime author of *The Bundy Murders* Kevin M. Sullivan provides a comprehensive guide to the notorious murderer's life and crimes. This alphabetized volume lists hundreds of people involved in the case as well as dozens of locations where significant events occurred. This veritable "Who's Who" of the Bundy murders is an essential reference for researchers and students of the subject. "Sullivan's A-to-Z coverage of Ted Bundy provides a solid guide to the people and places that define the man and the monster, including some not present in other Bundy narratives. It nicely rounds out his Bundy oeuvre and gives readers an extensive reference tool on one of the world's most infamous serial killers."—Katherine Ramsland, author of *Confession of a Serial Killer*

**The Untold Story of Dennis Rader, the BTK Killer** WestBow Press

*The Psychology of Death Investigations* outlines definitively how behavioral evidence can often provide the necessary components and "missing pieces" to complement physical evidence as an essential tool for incident reconstruction. In order to determine the direction of an investigation and to prioritize leads, if necessary, death investigators must establish the manner of a death: natural, accident, homicide or suicide. The most overlooked aspect of death investigation is the psychological dimension, which can provide unique leads, correct false assumptions, enhance investigative awareness, and solve cases in surprising ways. In an estimated 10-20% of cases, the manner of death cannot be determined, or worse, has been erroneously categorized. Since many

jurisdictions can't afford behavioral consultants, this book has been written to provide practical information for a basic psychological analysis. If the circumstances surrounding a death are equivocal, psychological consultants can compile information retrospectively about a deceased person's mental state and possible motive to assist with unravelling ambiguity about the manner of death. This is the primary function of a psychological autopsy, and, as such, this is the first book of its kind dedicated solely to the topic. In the event that the manner of death is determined to be a homicide, behavioral profiling can help to focus the potential pool of suspects. Professionals and students alike will benefit from the exercise of cognitive awareness and the application of psychological logic presented. Psychologists, medical examiners, coroners, attorneys, fraud examiners, law enforcement personnel, death and homicide investigators, and students enrolled in criminal profiling, forensic psychology, and criminal justice programs will find this text to be a compelling and insightful reference to add to their professional toolkit.

*The Hunt for the New Bedford Highway Serial Killer* Praeger

When we think of serial killing, we tend to think of it as a perversion of contemporary society. *The Human Predator* makes an eye-opening case for the existence of serial killers throughout time—the motives and methods, the societies that spawned them, and the historical periods in which they lived . . . and killed. From Ancient Rome and the Dark Ages to the open roads of America, from the exploits of French religious zealot Gilles de Rais to such high-profile monsters as Jeffrey Dahmer and Aileen Wuornos, Katherine Ramsland offers a complete chronological record of the serial-killer phenomenon—and the parallel development of psychology, forensic science, and FBI profiling in the serial killer's evolving manifestation throughout human history. *Kiss of the She-Devil* Penguin

A comprehensive examination into the frightening true crime history of serial homicide—including information on America's most prolific serial killers such as: Ted Bundy • "Co-ed Killer" Ed Kemper • The BTK Killer • "Highway Stalker" Henry Lee Lucas • Monte Ralph Rissell • "Shoe Fetish Slayer" Jerry Brudos • "Night Stalker" Richard Ramirez • "Unabomber" Ted Kaczynski • Ed Gein "The Butcher of Plainfield" • "Killer Clown" John Wayne Gacy • Andrew Cunanan • And more... In this unique book, Peter Vronsky documents the psychological, investigative, and cultural aspects of serial murder, beginning with its first recorded instance in Ancient Rome through fifteenth-century France on to such notorious contemporary cases as cannibal/necrophile Ed Kemper, the BTK killer, Henry Lee Lucas, Monte Ralph Rissell, Jerry Brudos, Richard Ramirez, "Unabomber" Ted Kaczynski, Ed Gein, John Wayne Gacy, Ted Bundy, and the emergence of what he classifies as the "serial rampage killer" such as Andrew Cunanan, who murdered fashion designer Gianni Versace. Vronsky not only offers sound theories on what makes a serial killer but also makes concrete suggestions on how to survive an encounter with one—from recognizing verbal warning signs to physical confrontational resistance. Exhaustively researched with transcripts of interviews with killers, and featuring up-to-date information on the apprehension and conviction of the Green River killer and the Beltway Snipers, Vronsky's one-of-a-kind book covers every conceivable aspect of an endlessly riveting true crime phenomenon.
