## ANDREA GAGE

**Key Concepts for the American Voter** Macmillan

This book is the first comprehensive and systematic study of cross-class romance films throughout the history of American cinema. It provides vivid discussions of these romantic films, analyses their normative patterns and thematic concerns, traces how they were shaped by inequalities of gender and class in American society, and explains why they were especially popular from World War I through the roaring twenties and the Great Depression. In the vast majority of cross-class romance films the female is poor or from the working class, the male is wealthy or from the upper class, and the romance ends successfully in marriage or the promise of marriage.

**A critical reading of singlehood, gender and time** Penguin

Critical Thinking About Sex, Love, and Romance in the Mass Media Media Literacy Applications Routledge

**Great Myths of Intimate Relationships** Routledge

Sex and sexuality are undoubtedly on your mind. So don't you want a human sexuality text that's hip, that reflects your life situation, and that answers the questions you're eager to learn about but hesitant to ask? Filled with the information that students like you want and need to learn, the fifth edition of this with it text hits the mark as it addresses concerns that students have about themselves and their sexuality with scientific fact, sensitivity, unmatched candor, and humor. Beyond simply providing a foundation in the biology and psychology of sexuality, **SEXUALITY NOW: EMBRACING DIVERSITY** connects with you and other students by exploring contemporary issues, changing sexual practices and behaviors, and their impact. Complemented by informative illustrations and photographs, the book covers the range of sexual orientations, preferences, and behaviors and takes into account the diverse social, religious, ethnic, racial, and cultural contexts of today's students. The result is that you'll find lots of material to relate to as well as eye-opening

discussions about sexuality today on college campuses, within the United States, and around the world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**An Introduction** Rutgers University Press

A guide for parents to help children of all ages process the onslaught of unfiltered information in the digital age. Education is not solely about acquiring information and skills across subject areas, but also about understanding how and why we believe what we do. At a time when online media has created a virtual firehose of information and opinions, parents and teachers worry how students will interpret what they read and see. Amid the noise, it has become increasingly important to examine different perspectives with both curiosity and discernment. But how do parents teach these skills to their children? Drawing on more than twenty years' experience homeschooling and developing curricula, Julie Bogart offers practical tools to help children at every stage of development to grow in their ability to explore the world around them, examine how their loyalties and biases affect their beliefs, and generate fresh insight rather than simply recycling

what they've been taught. Full of accessible stories and activities for children of all ages, *Raising Critical Thinkers* helps parents to nurture passionate learners with thoughtful minds and empathetic hearts.

[Media and Culture with 2013 Update](#) Rowman & Littlefield

It's socially acceptable to spend a day watching sports or sitcoms, but it's shameful and embarrassing to admit to the same about erotic media. Why is it that sex is so often deemed "inappropriate" and considered something we must keep private or even ignore? Our culture is afraid of sex. We feel the need to label what is normal and what isn't, and as a result, we live in a relational and sexually unhealthy culture. In reality, far more harm is caused by labeling sexual expression as "obscene" than by celebrating it. In *Sex Outside the Lines: Authentic Sexuality in a Sexually Dysfunctional Culture*, Chris Donaghue, PhD, explores and challenges the negative ideals that have warped society's view of sex. *Sex Outside the Lines* is not a dogmatic rule book, but a valuable guide to help you on your journey to sexual self-discovery and, most important, self-acceptance. Donaghue encourages you to not only explore your capacity for pleasure, but to be proud of it and to take a look at how you could be living. In his years of training in sex and couples therapy, Donaghue has developed highly successful methods for freeing clients from sexual hang-ups, enabling them to let go of shame and embarrassment. The goal isn't to be "normal"—there is no such thing. Donaghue pulls apart cultural phobias with a sex-positive therapy practice, as well as a kind of sexual deprogramming that helps people see and accept that the desires they have—even if they don't align with society's expectations—are actually natural, healthy, and part of having a great sex life. *Sex Outside the Lines* addresses our diversity, challenges conventional psychiatric wisdom as classifying perfectly normal behavior as disorders, and disregards conventional advice from leading experts. It isn't advocating a "liberal" approach to modern concepts—it is seeking to redefine them altogether.

**Critical Media Studies** Infobase Publishing

This distinctive volume explores how romantic coupleship is represented in books, magazines, popular music, movies, television, and the Internet within entertainment, advertising, and news/information. This reader offers diverse theoretical perspectives and methodological approaches on the representation of romantic relationships across the media spectrum. Filling a void in existing media scholarship, this collection explores the media's influence on perceptions and expectations in relationships, including the myths, stereotypes, and prescriptions manifested throughout the press. Featuring fresh voices, as well as the perspectives of seasoned veterans, contributions include quantitative and qualitative studies along with cultural/critical, feminist, and descriptive analyses. This anthology has been developed for use in courses on mass media and society, media studies, and media literacy. In addition to its use in coursework, it is highly relevant for scholars, researchers, and others interested in how the media influence the personal lives of individuals.

*Love and Marriage Across Social Classes in American Cinema* Cengage Learning

Today's media landscape is changing faster than ever, and students are experiencing these developments firsthand. *Media & Culture* pulls back the curtain on the media and shows students what all these new trends and developments really mean — giving students the deeper insight and context they need to become informed media critics. The 2013 Update also includes the must-cover events and trends students need to know to become informed media consumers and critics — from social media's influence on political events like the Occupy Wall Street movement and the Arab Spring revolutions and what the News Corp. phone-hacking scandal means for journalism to the continued growth of television streaming and apps and the advent of tablet-only newspapers. Read the preface.

*The Encyclopedia of Sexism in American Films* Manchester University Press

*Sex Crimes and Offenders* emphasizes the need to focus on individual perpetrators while also stressing the importance of looking at the offender's social and cultural environments, as well as the social and political responses designed to hold perpetrators accountable and help support victims

[The Palgrave Handbook of Critical Thinking in Higher Education](#) Foundation for Critical Thinking

This essay-based test assesses the extent to which students have acquired the reading and writing abilities required for skilled analysis and evaluation. Developed by the Foundation for Critical Thinking, the test is designed for secondary and higher education students and fosters close reading and substantive writing abilities.

*Women's Lives* Lexington Books

Volume offers a critical examination of the portrayals of relationships in the various media and debunks the myths perpetuated there. For courses in media criticism/media literacy, mass communication, & interpersonal communication.

[Sex, Love, and Romance in the Mass Media](#) Routledge

The romantic comedy has long been regarded as an inferior film genre by critics and scholars alike, accused of maintaining a strict narrative formula which is considered superficial and highly predictable. However, the genre has resisted the negative scholarly and critical comments and for the last three decades the steady increase in the numbers of romantic comedies position the genre among the most popular ones in the globally dominant Hollywood film industry. The enduring power of the new millennium romantic comedy, proves that therein lies something deeper and worth investigating. This new work draws together a discussion of the full range of romantic comedies in the new millennium, exploring the cycles of films that tackle areas including teen romance, the new career woman, women as action heroes, motherhood and pregnancy and the mature millennium woman. The work evaluates the structure of these different types of films and examines in detail the ways in which they choose to frame key contemporary issues which influence how we analyse global politics, including gender, class, race and society. Providing a rich understanding of the complexities and potential of the genre for understanding contemporary society, this work will be of interest to students and scholars of cultural & film studies, gender & politics and world politics in general.

[Sexuality Now: Embracing Diversity](#) Lulu.com

This volume spotlights how children are, at younger and younger ages, being sexualized, and what the psychological and physical consequences are, as well as what adults can do politically and legally to protect children.

*Sex, Love, and Romance in the Mass Media* Springer

*Gender: Psychological Perspectives* synthesizes the latest research on gender to help students think critically about the differences between research findings and stereotypes, provoking them to examine and revise their own preconceptions. The text examines the behavioral, biological, and social context in which women and men express gendered behaviors. The text's unique pedagogical program helps students understand the portrayal of gender in the media and the application of gender research in the real world. Headlines from the news open each chapter to engage the reader. Gendered Voices present true personal accounts of people's lives. According to the Media boxes highlight gender-related coverage in newspapers, magazines, books, TV, and movies, while According to the Research boxes offer the latest scientifically based research to help students analyze the accuracy and fairness of gender images presented in the media. Additionally, Considering Diversity sections emphasize the cross-cultural perspective of gender. This text is intended for undergraduate or graduate courses on the psychology of gender, psychology of sex, psychology of women or men, gender issues, sex roles, women in society, and women's or men's studies. It is also applicable to sociology and anthropology courses on diversity. Seventh Edition Highlights: 12 new headlines on topics ranging from gender and the Flynn effect to gender stereotyping that affects men Coverage of gender issues in aging adults and transgendered individuals Expanded coverage of diversity issues in the US and around the globe, including the latest research from China, Japan, and Europe More tables, figures, and photos to provide summaries of text in an easy-to-absorb format End-of-chapter summaries and glossary Suggested readings for further exploration of chapter topics Companion website at [www.routledge.com/cw/Brannon](http://www.routledge.com/cw/Brannon) containing both instructor and student resources

*The International Critical Thinking Reading and Writing Test* Beacon Press

*Single Women in Popular Culture* demonstrates how single women continue to be figures of profound cultural anxiety. Examining a wide range of popular media forms, this is a timely, insightful and politically engaged book, exploring the ways in which postfeminism limits the representation of single women in popular culture.

**The Golden Girls** Routledge

This collection analyzes twenty-first-century American television programs that rely upon temporal and narrative experimentation. These shows play with time, slowing it down to unfold the narrative through time retardation and compression. They disrupt the chronological flow of time itself, using flashbacks and insisting that viewers be able to situate themselves in both the present and the past narrative threads. Although temporal play has existed on the small screen prior to the new millennium, never before has narrative time been so freely adapted in mainstream television. The essayists offer explanations for not only the frequency of time play in contemporary programming,

but the implications of its sometimes disorienting presence. Drawing upon the fields of cultural studies, television scholarship, and literary studies, as well as overarching theories concerning postmodernity and narratology, *Time in Television Narrative* offers some critical suggestions. The increasing number of television programs concerned with time may stem from any and all of the following: recent scientific approaches to quantum physics and temporality; new conceptions of history and posthistory; or trends in late-capitalistic production and consumption, in the new culture of instantaneity, or in the recent trauma culture amplified after the September 11 attacks. In short, these televisual time experiments may very well be an aesthetic response to the climate from which they derive. These essays analyze both ends of this continuum and also attend to another crucial variable: the television viewer watching this new temporal play.

*Critical Rereadings of Gender in Children's and Young Adult Literature* Institute of GS

This volume brings together diverse, cross-disciplinary scholarly voices to examine gender construction in children's and young adult literature. It complements and updates the scholarship in the field by creating a rich, cohesive examination of core questions around gender and sexuality in classic and contemporary texts. By providing an expansive treatment of gender and sexuality across genres, eras, and national literature, the collection explores how readers encounter unorthodox as well as traditional notions of gender. It begins with essays exploring how children's and YA literature construct communities formed by gender, ethnicity, sexuality, and in face-to-face and virtual spaces. Section II's central focus is how gendered identities are formed, unpacking how texts for young readers ranging from Amish youth periodicals to the blockbuster *Divergent* series trace, reproduce, and shape gendered identity socialization. In section III, the essential literary function of translating trauma into narrative is addressed in classics like *Anne of Green Gables* and *Pollyanna*, as well as more recent works. Section IV's focus on sexuality and romance encompasses fiction and nonfiction works, examining how children's and young adult literature can serve as a regressive, progressive, and transgressive site for construction meaning about sex and romance. Last, Section IV offers new readings of paratextual features in literature for children -- from the classic tale of *Cinderella* to contemporary illustrated novels. The key achievement of this volume is providing an updated range of multidisciplinary and methodologically diverse analyses of critically and commercially successful texts, contributing to the scholarship on children's and YA literature; gender, sexuality, and women's studies; and a range of other disciplines.

*Single Women in Popular Culture* Wayne State University Press

*Teaching Critical Thinking in Psychology* features current scholarship on effectively teaching critical thinking skills at all levels of psychology. Offers novel, nontraditional approaches to teaching critical thinking, including strategies, tactics, diversity issues, service learning, and the use of case studies Provides new course delivery formats by which faculty can create online course materials to foster critical thinking within adverse student audience Places specific emphasis on how to both teach and assess critical thinking in the classroom, as well as issues of wider program assessment Discusses ways to use critical thinking in courses ranging from introductory level to upper-level, including statistics and research methods courses, cognitive psychology, and capstone offerings

**Sex Crimes and Offenders** Springer Nature

The treatment—and mistreatment—of women throughout history continues to be a necessary topic of discussion, in order for progress to be made and equality to be achieved. While current articles and books expose troubling truths of the gender divide, modern cinema continues to provide problematic depictions of such behavior—with a few heartening exceptions. The *Encyclopedia of Sexism in American Films* closely examines the many, pervasive forms of sexism in contemporary productions—from clueless comedies to superhero blockbusters. In more than 130 entries, this volume explores a number of cinematic grievances including: the objectification of women's bodies the limited character types available for female performers the lack of sexual diversity on the screen the limited range of desirable traits for female performers the use of gratuitous sex the narrow focus on heteronormative depictions of courtship and romance The films discussed here include *As Good as It Gets* (1999), *Beauty and The Beast* (2017), *The Devil Wears Prada* (2006), *Do the Right Thing* (1989), *Easy A* (2010), *The Forty-Year-Old Virgin* (2005), *Hidden Figures* (2016), *Lost in Translation* (2003), *Mulholland Drive* (2001), *Showgirls* (1995), *The Silence of the Lambs* (1991), *Star Wars* (1977), *Thelma & Louise* (1991), *Tootsie* (1982), *The Witches of Eastwick* (1987), and *9 to 5* (1980). By digging deeply into more insidious forms of sexual/gender discrimination, this book illuminates one more aspect of women's lives that deserves to be understood. Offering insights and analysis from more than fifty contributors, *The Encyclopedia of Sexism in American Films* will appeal to scholars of cinema, gender studies, women's studies, and cultural history.

Serializing Age Critical Thinking About Sex, Love, and Romance in the Mass Media Media Literacy Applications

Great Myths of Intimate Relationships provides a captivating, pithy introduction to the subject that challenges and demystifies the many fabrications and stereotypes surrounding relationships,
