The gift of art, the gift of inspiration, the gift of joy. This dynamic illustrated book is brimming over with encouragement and wisdom and delivered with a fresh, modern twist. Pairing quotes with original graphic art that brings the words to life, Think Happy, Be Happy is a gallery of beauty and cheer inspired by the letterpress and screenprint art that's hot on Etsy and pinned and re-pinned by Pinterest's millions of fans. The artwork is by more than twenty popular illustrators and designers, who

transform simple but smart mottoes—from the contemplative “Find beauty in rain” to the upbeat “I make my own sunshine!” to the empowering “Don’t shush your inner voice. It’s who you are” to the joyful “Live every day like it’s your birthday”—into bold and visually dynamic statements. This book is a delightful pick-me-up that can be read over and over again and bring comfort and affirmation every time. Paired randomly throughout is unexpected, complementary text—themed playlists, top-ten lists, and simple recipes. Because what’s better to lift the spirits than a Watermelon Mint Ice Pop?

Springer Nature
SCRUB TECH
COLORING BOOK - GAG GIFT Looking for a funny gift for a Surgical Technologist? Forget the pair of socks, t-shirts or mugs, this coloring book gives a bundle of laugh and an amazing coloring break therapy! Perfect gift idea for birthday, white elephant gift or as a appreciation gift for any Surgical Technologist. Examples of quotes you can find in this Coloring Book "I spend 15 minutes scrubbing in and now my butthole itches!"

"Be nice to me, I am a Surgical Technologist, I keep doctors from killing you." "Behind every good surgeon is a great Scrub tech."

"Yes Doctor! Feel free to throwing sharps into the middle of my mayo stand! Said no Scrub Tech ever!" Book contains: - Single-sided pages for framing and to prevent bleed through. - Large size 8.5 x 11 in (21.59 cm x 27.94 cm) - Various designs in difficulty levels. - 30 hilarious, relatable, snarky phrases with abstract designs and intricate details. - Suitable for markers, gel pens, coloring pencils. - 1 Maze to solve.

A Narrative Amy Cesari "Neubau Forst Catalogue" is the 432-page print catalogue of a digital collection of tree silhouettes and

sculptures seen at different seasons. Working by hand, the Neubau designers digitally removed the trees from their original Berlin surroundings and thereby crafted a body of visual material whose scope, outstanding quality of detail and excellent image resolution sets it clearly apart from conventional tree libraries compiled with autotracing tools. Each book contains an individual download code that guarantees you an exclusive discount of 25% on purchases from the data archive in the standard image (TIFF) and vector (EPS) format.

Structural Mechanics:
Comprising the
Strength and
Resistance of Materials

and Elements of Structural Design, with Examples and Problems Take Heart, My Child
 A Mother's Dream (With Audio Recording)
 A humorous guide to seducing, satisfying, and loving the only man you'll ever need In an act of generosity, Adrian Colesberry has written an exquisitely detailed guidebook to ensure that every reader knows precisely how to please him-in bed and beyond. Brimming with self-indulgent and incredibly bawdy humor, *How to Make Love to Adrian Colesberry* is a humorous sexual memoir disguised as a manual on Colesberry's pet peeves, favorite positions, and surefire ways to turn on your man (aka Adrian

Colesberry). Recounting dozens of annoying peccadilloes and helpful tips gleaned from his experiences with former lovers, Colesberry covers all stages of the court-and-conquer-Adrian-Colesberry process. Beginning with how to attract Colesberry, he later progresses to foreplay and finally the full monty, revealing his own erratic, often unerotic sexual history along the way. A pitch-perfect parody that spares no detail, *How to Make Love to Adrian Colesberry* is a hilarious and filthy new entrant into the fratire genre.
A Unofficial Journal Notebook for Your Everyday Needs
 Workman Publishing
 The line began forming after eight o'clock. Sal,

short and heavy-set, kept everyone busy. Neat, in a white shirt and sports jacket, with his grey fedora cocked to the side, his crooked grin made you smile. Without warning the heavy door would swing open and the waiters would come outside to join him. They were dressed in pajamas or prison garb, with hats and horns, and were there to warm up the crowd. Some in line expected this, others were shocked. The pink polka dot building should have been a warning. Complete strangers in line became chummy, exchanging stories they had heard; toilet seat covers to serve drinks on, microphones in the ladies room, toilet paper for napkins. Most had

brought their friends there to be roasted. The line of people varied in age. They all dressed casually because they'd heard you could get a pie in the face or a squirt in the eye. The club's routines were blue in color, but harmless. If you were lucky you might see a "Balls for the Queen" or a "Singing beer." The price was always right for a good time and Warm Beer and Lousy Food was the place to be.

This whole book has been reformatted, retyped and designed. These books are not made of scanned copies and hence the text is clear and readable.

Santa's Little Christmas Coloring Book For Adults 80+
Electronics Engineer's

Reference Book, Sixth Edition is a five-part book that begins with a synopsis of mathematical and electrical techniques used in the analysis of electronic systems.

Part II covers physical phenomena, such as electricity, light, and radiation, often met with in electronic systems. Part III contains chapters on basic electronic components and materials, the building blocks of any electronic design. Part IV highlights electronic circuit design and instrumentation. The last part shows the application areas of electronics such as radar and computers.

Ecology and Historical Materialism

This book challenges the widely-held view that Marxism is unable

to deal adequately with environmental problems. Jonathan Hughes considers the nature of environmental problems, and the evaluative perspectives that may be brought to bear on them. He examines Marx's critique of Malthus, his method, and his materialism, interpreting the latter as a recognition of human dependence on nature. Central to the book's argument is an interpretation of the development of the productive forces which takes account of

the differing ecological impacts of different productive technologies while remaining consistent with the normative and explanatory roles that this concept plays within Marx's theory. Turning finally to Marx's vision of a society founded on the communist principle to each according to his needs, the author concludes that the underlying notion of human need is one whose satisfaction presupposes only a modest and ecologically feasible expansion of productive output.
