*Marketing and Selling Your Handmade Jewelry* Random House

The author of *Ecothrifty* shows you how to life more self-sufficiently with her guide to modern homesteading—no farm required. Food recalls, dubious health claims, scary and shocking ingredients in health and beauty products. Our increasingly industrialized supply system is becoming more difficult to navigate, more frightening, and more frustrating, leaving us feeling stuck choosing in many cases between the lesser of several evils. That's why author Deborah Niemann is here to offer healthier, more empowering choices, by showing us how to reclaim links in our food and purchasing chains, to make choices that are healthier for our families, ourselves, and our planet. In this fully updated and revised edition of *Homegrown and Handmade*, Deborah shows how making things from scratch and growing some of your own food can help you eliminate artificial ingredients from your diet,

reduce your carbon footprint, and create a more authentic life. Whether your goal is increasing your self-reliance or becoming a full-fledged homesteader, this book is packed with answers and solutions to help you rediscover traditional skills, take control of your food from seed to plate, and much more. This comprehensive guide to food and fiber from scratch proves that attitude and knowledge is more important than acreage. Written from the perspective of a successful, self-taught modern homesteader, this well-illustrated, practical, and accessible manual will appeal to anyone who dreams of a more empowered life. "Dreaming of a mindful life? Niemann's advice on gardening, cooking, orcharding, raising livestock, and much more demonstrates that it's possible to begin the journey in your own backyard." —Rebecca Martin, Managing Editor, Mother Earth News

LAVENDER: ONE OF THE TOP 5 CASH CROPS FOR SMALL GROWERS. It’s time to build your own Lavender business. This 2 in 1 step-by-step guide teaches you everything you need to know to get started! Lavender is a versatile crop and a great cash opportunity for any small farm. Best of all, unlike many other seasonal crops, such as flowers, that are worthless if not sold at harvest time, lavender can be dried and made into even more profitable products. Fresh flowers sell like crazy in farmer’s markets, lavender oil is in high demand, and dried flowers are sought after by florists and hobbyists. The simplest way to sell lavender, which needs minimal investment in time and equipment to produce, is as dried flower bouquets. A one-acre planting can produce about 12,000 bouquets per year, worth \$10 each or more on the retail market. With so much focus on local buying in communities, you’ll become the go-to person for lavender by those interested in aromatherapy products, natural skin-care products, sachets, and more-the limit is your imagination. Lavender allows you to create a sustainable, year-round income.This easy-to-grow herb lives about 12-15 years, and it’s incredibly easy to make valuable products you can sell in the off-season. You’ll learn: All the key information about lavender Best lavender types to grow How to grow lavender The most common mistakes to avoid All about selling lavender Best products to sell and services to offer Practical and low-cost marketing tips +100 crafts, handmade gifts, and home remedies And so much more! Start with *What Works* helps you to create new growth opportunities using the resources you already have at hand. It sounds obvious but frequently, managers discount the value of their familiar resources, and instead, they look outside for something new. This can demotivate employees and be costly in terms of money and time. It’s often a lot quicker, cheaper and safer to see your existing resources with fresh eyes. This book shows you how to recognise overlooked potential in existing resources, and how to flip the right switches to activate that potential. Covering nine lessons you can use for a variety of situations, each will feature a case study and a new mindset to adopt. With practical tools and templates, each will trigger fruitful discussions and insights for your organisation. You’ll learn how to apply them to the situations you face, so that you can identify new opportunities, and turn those opportunities into action.
