HOWELL PETERSEN

Essays in Medieval Indian Economic History S. Chand Publishing
 The essays included in this volume explore the interconnections between society, economy, religion and state, and their interaction with political processes in medieval India. This is a valuable reference source for all students and scholars of Mughal history, bringing together the various strands of a lifetime of work by a renowned medievalist.

Eminent Historians Penguin UK

'Shourie has the anecdotal reasoning of Nirad Chaudhuri married to the writing style of Robert Ludlum. Both are in ample evidence in this book.' - India Today
 In this incisive commentary, Arun Shourie documents the ways in which our history textbooks have been doctored by leftist historians. Thoroughly researched and riveting, this study brings to light the techniques and frauds that a cabal of some of our best-known academicians has used to promote themselves, and to acquire control over institutions. And then to put these supposedly academic institutions to use. Shourie shows how, in the process, this cabal has perverted India's historical narrative, and thereby vitiated the country's public discourse. Two new chapters bring to light recent developments in the field: how, with their holy scriptures having been repudiated in their holy cities, these 'historians' strive to retain their perches by dominating niche domains; how these efforts are bound to fail; but how their trajectory holds vital lessons for those who seek to replace them. A must read for every Indian who has an interest in the country's history and a stake in its future.

ANCIENT AND MEDIEVAL INDIA EBOOK Oxford University Press

This book presents a complete and accessible description of the history of early India. It starts by discussing the origins and growth of civilizations, empires, and religions. It also deals with the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as at the Harappan civilization. In addition, the rise of Jainism and Buddhism, Magadha and the beginning of territorial states, and the period of Mauryas, Central Asian countries, Satvahanas, Guptas, and Harshavardhana are also analysed. Next, it stresses varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. Finally, the process of transition from ancient to medieval India and the origin of the Aryan culture has also been examined.

Medieval India: Delhi Sultanat, 1206-1526 Pearson Education India

India's struggle for Independence by Bipin Chandra is your go to book for an in-depth and detailed overview on Indian independence movement. Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra's book is a well-documented history of India's freedom struggle against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey's mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of this book are dedicated to Mahatma Gandhi's non-cooperation and the civil disobedience movements. It contains detailed description of Subash Chandra Bose's weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its entirety.

Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

Historiography, Religion, and State in Medieval India Har-Anand Publications

Older, richer and more distinctive than almost any other, India's culture furnishes all that the historian could wish for in the way of continuity and diversity. The peoples of the Indian subcontinent, while sharing a common history and culture, are not now, and never have been, a single unitary state; the book accommodates Pakistan and Bangladesh, as well as other embryonic nation states like the Sikh Punjab, Muslim Kashmir and Assam. Above all, the colonial era is seen in the overall context of Indian history, and the legacy of the 1947 partition is examined from the standpoint of today, revised for 2010.

Essays on Medieval Indian History Oxford University Press, USA

The book provides a comprehensive account of the social, religious and economic conditions and policies from the Sultanate to the Mughal period in early medieval India. It details the account of the three centuries known for its Islamic influence and rule and the presence of formidable dynasties. The book provides a sound understanding of the history of the period and also evinces the learnings of mutual quarrels and internecine war.

A History of the Indian Subcontinent from c. 7000 BCE to CE 1200 SAGE Publications Pvt. Limited

Satish Chandra's *History of Medieval India* is a comprehensive overview of the history of the Indian subcontinent during the thousand-year period between the eighth and the eighteenth century. *History of Medieval India* studies this interesting period in Indian history when the land underwent drastic changes, deeply influenced by the invading armies, religious movements and the vicissitudes of the changing political, economic and cultural scene. To tell the history of a land spanning the geographical dimensions and the political divisions of the Indian subcontinent is in itself a formidable task. Satish Chandra executes this difficult mission with the eye of an enquirer and the pen of a scholar. Both students and interested readers are sure to find this volume, dealing with the histories of the Cholas, Rajputs, the invading Turks, Vijayanagara kings, Bahmanids, Mughals, Marathas and others, an essential reader for understanding the history of medieval India.

Essays in Medieval Indian Economic History is part of a three-volume set, comprising representative articles of Indian History Congress Proceedings (1935-85). In their analysis of the economic history of India during the thirteenth-eighteenth centuries, the essays in this volume delineate a shift from the studies of policies to the working of the revenue system, and its impact on the lives of the Indian people. Further, they highlight patterns and trends of agricultural production, the role of Madadd-i-ma'ash holders, and institutions involved in agricultural expansion and

improvement, and the incidence of rural taxes. The scholarship also marks the growing interest in urban studies, and in the structure and role of the business community in India, in relation to the growth of the economy in India, and its relationship to the State. Several essays deal with subjects as diverse as coinage and mints, and the international debate on the impact of the European trading companies and their system of armed trade and monopoly on the Indian economy and the Indian business community.

Medieval India: From Sultanat To The Mughals-Mughal Empire (1526-1748)-Part II books catalog

Beginning with a discussion on frameworks of writing history, the volume sheds light on the origins and growth of civilizations, empires, and religions. It covers the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as the Harappan civilization. The author discussed the rise of Jainism and Buddhism, Magadha, and the beginning of territorial states. The period of Mauryas, Central Asian countries, Satavahanas, Guptas, and Harshvardhana are also analysed. He highlights important phenomena such as the varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. He also examines the process of transition from ancient to medieval India and addresses topical issues such as the origin of the Aryan culture. This engaging and lucid text, by one of the best-known scholars of ancient India, will be indispensable for students and teachers of ancient Indian history. This book is the Hindi translation of the English edition.

[From the Stone Age to the 12th Century](#) HarperCollins UK

This concise and balanced survey of heresy and inquisition in the Middle Ages examines the dynamic interplay between competing medieval notions of Christian observance, tracing the escalating confrontations between piety, reform, dissent, and Church authority between 1100 and 1500. Jennifer Kolpacoff Deane explores the diverse regional and cultural settings in which key disputes over scripture, sacraments, and spiritual hierarchies erupted, events increasingly shaped by new ecclesiastical ideas and inquisitorial procedures. Incorporating recent research and debates in the field, her analysis brings to life a compelling issue that profoundly influenced the medieval world.
