**El día que Dios entró al banco** HarperCollins

Esta no es la historia de un rico que regala lo que tiene y se dedica a la oración; es la historia de una persona que aumenta su riqueza, siendo cada vez más espiritual. Luego de sus bestsellers, Hábitos de ricos (2016), Menos miedos, más riquezas (2017) e Ideas millonarias (2018), Juan Diego Gómez nos sorprende con una revolucionaria combinación de espiritualidad y dinero, en la que los dos términos no son excluyentes, sino que se complementan y nutren mutuamente. Con su particular estilo, directo, irreverente y profundo, Juan Diego nos muestra que para crecer económicamente es indispensable cultivar una rica vida espiritual y que ambas cosas no riñen. La filosofía detrás de esta polémica y atrevida forma de vida, y su aplicación práctica, para que tú también la vivas, es el propósito de El día que Dios entró al banco.

Juan Diego Gómez Gómez retorna con un provocador y desafiante libro, destinado a todos aquellos que saben que están para mucho más de lo que han hecho, para los que agradecen pero no se conforman, para quienes se cansaron de vivir la vida que otros quieren que vivan, para los que se reconocen como únicos y que van por todo lo que merecen. Luego de sus cuatro best sellers, Hábitos de ricos (2016), Menos miedos, más riquezas (2017), Ideas millonarias (2018) y El día que Dios entró al banco (2020), Juan Diego desafía en Manual para irreverentes muchos paradigmas y hábitos que debilitan al ser humano y hacen lento su camino a la riqueza. Con su volcánica y directa forma de escribir, "a la misma yugular", como él lo dice, este libro promete ser una revolución en el estilo de vida de las personas, un himno a la independencia y a la libertad, una absoluta emancipación. Así de simple.

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

The story of the most remarkable—and controversial—World Cup triumph in history, told in a long-awaited firsthand account from Diego Maradona, its most legendary player. "This is Diego Armando Maradona speaking, the man who scored two goals against England and one of the few Argentines who knows how much the World Cup actually weighs" In June 1986, Diego Maradona—one of soccer's greatest and most polarizing figures—proudly hoisted the World Cup above his head. Since then, Argentina's World Cup victory has become the stuff of legend, particularly their infamous victory over England—only four years after the country's defeat in the Falklands War—which featured arguably the best goal in history (Maradona's "Goal of the Century") and the worst (the notorious "Hand of God"). But Argentina's victory came after months of struggle and discord within the team, including the Argentine government's attempt to remove the team's management, a lack of equipment that forced the players to buy their own uniforms, and an argument that caused the team's captain to quit on the eve of the tournament. Now, thirty years after Argentina's magical victory, Maradona tells his side of the story, vividly recounting how he led the team to win one of the greatest World Cup triumphs of all time.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.
