entries identify and explain the characters, events, important places, and other aspects of Greek and Roman mythology. *Roman Gods, Heroes, and Mythology* ABDO In June 2012, scholars from a number of disciplines and countries gathered in Stockholm to discuss the representation of ancient mythology in Renaissance Europe. This symposium was an opportunity for the participants to cross disciplinary borders and to problematize a well-researched field. The aim was to move beyond a view of mythology as mere propaganda in order to promote an understanding of ancient tales and fables as contemporary means to explain and comprehend the Early

Modern world. W ... *Grecian and Roman Mythology for Schools* Speedy Publishing LLC Dr. Ruth Westheimer, America's favorite sex therapist, analyzes ancient myth and its relevance to 21st century relationships in her new book "Myths of Love: Echoes of Greek and Roman Mythology in the Modern Romantic Imagination." From humanity's earliest beginnings, people have puzzled over the dual nature of love. For the ancient Greeks and Romans, love was sweet, but it was also irrational, cruel, and often deadly. Faced with the terrible paradox of love, classical civilization produced some of the most psychologically insightful myths of all time—stories of classic

archetypes such as Narcissus, Helen of Troy, and Venus and Adonis. Dr. Ruth and classical scholar Jerome E. Singerman insightfully examine the underlying psychology of the ancient myths and explain why their universal appeal has shaped the imagination of Western civilization for millennia. "Myths of Love" traces how these myths of endured in literature and art across the centuries and how they still influence how we think about sex and relationships today. Surveying a vast range of Greek and Roman literature from Homer to Ovid, "Myths of Love" retells and reconsiders the full gamut of human sexual experience, from the tenderest

expressions of married love to the savage, self-destructive passions of narcissism on jealousy. Bridging high culture and pop culture, "Myths of Love" reveals the secret connections between classic literature and today's popular novels and films. A stimulating blend of art, science, ancient religion, and the passions and contradictions of the human heart, "Myths of Love" is a smart and sexy revisit to the roots of Western culture's eternal fascination with love.

Early Rome Рипол
Классик

This book provides a brief introduction to Roman civilization, a retelling of eighteen stories from Roman mythology, and a who's who of

characters.

Roman Mythology (Set)

Houghton Mifflin

Harcourt

Roman mythology is closely linked in our minds to Greek mythology, and for a good reason. As Rome evolved into an empire, its people began to long for a mythical history to solidify Roman identity. Romans, however, were not particularly interested in the effort it would take to create these myths from scratch, so they borrowed them. Greece was not the only influence on Roman culture, but it was the most prominent one. Still, when the Romans appropriated these tales, they made them their own, renaming the leading players and infusing the stories

with a good dose of Roman ideology.

Crucially, Roman religion and myth were meant to be practical. They discarded the Greeks' affinity for poetry and philosophy and instead focused on structure and ceremony--the gods' stories became Rome's stories, providing a divine pedigree for its conquerors and the proper rituals for continued prosperity. In Rome, the gods, like everything else, existed to benefit the empire. This book will introduce you to those gods, to the heroes they helped (and hindered), to the monsters they created and killed, and to the world of ancient Rome where they were worshipped. The stories are not for the faint of heart. They are

full of war and betrayal, of blood and sorrow, of long voyages and narrow escapes, and most of all, of the perilous thrill that awaits mortals that venture into the realm of the gods.

Greek and Roman Mythology

Greenhaven Publishing LLC

Discover the exciting and fascinating world of Greek and Roman gods, goddesses, monsters, and heroes, from Zeus and Athena to Hercules, Medusa, and more! Take a journey through Mount Olympus, Ancient Greece, and Ancient Rome with this collection of the greatest tales found in Greek and Roman mythology. From origin stories to family drama, you'll learn about the most

powerful Olympic gods including Zeus, Hera, Poseidon, Athena, Apollo, Artemis, Aphrodite, Hades, and more. But this book has more than just gods and goddesses! You'll also discover the dangerous and intriguing world of ancient monsters, fantastical creatures, and mortal heroes that populate some of the most awesome stories from the time, including: Atlas, who carries the weight of the world on his shoulders Kronos, a Titan who swallows his newborn children Persephone, a kidnapped goddess who becomes queen of the Underworld Minotaur, a half-bull, half-man imprisoned in a labyrinth Hydra, a poisonous serpent who grows two heads when

one is severed Sirens, sea nymphs whose irresistible singing lures sailors to their doom All of these tales and more are written in a fun, kid-friendly manner, perfect for children interested in history or for fans of the Percy Jackson series.

Greek and Roman Mythology Cambridge Scholars Publishing Ancient Romans adapted Greek mythology and transformed the myths into their own tales. Each book in the Roman Mythology series takes readers inside the mythological life of a specific Roman god or goddess. Vivid illustrations aid in telling each story, while a family tree, list of equivalent Greek gods, and map of ancient Rome help

readers keep track of the myths of gods such as Jupiter, Pluto, and Venus.

Roman Mythology

National Geographic Books

Romulus, founder of Rome; Minerva, the goddess of wisdom; and beautiful spirits called nymphs are well-known subjects of Roman mythology.

Roman Gods, Heroes, and Mythology explores the gods, heroes, creatures, and stories of Roman mythology, in addition to examining their influence today.

Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

Diana Forgotten Books
The scholarly community has become increasingly aware of the differences between

Roman myths and the more familiar myths of Greece. Early Rome: Myth and Society steps in to provide much-needed modern and accessible translations and commentaries on Italian legends. This work examines the tales of Roman pre-and legendary history, discusses relevant cultural and contextual information, and presents author biographies. This book offers updated translations of key texts, including authors who are often absent from classical mythology textbooks, such as Dionysius of Halicarnassus and Servius. Editor Jaclyn Neel debunks the idea that Romans were unimaginative copyists by spotlighting the vitality and flexibility of Italian myth —

particularly those parts that are less closely connected to Greek tales, such as the story of Caeculus of Praeneste. Finally, by calling attention to the Italian rather than Roman nature of the collection, this book suggests that Roman culture was broader than the city itself. This important work offers: Up-to-date and accessible translations of Roman and Italic legends from authors throughout antiquity Examination of compelling tales that involve the Roman equivalent of Greek "heroes" Unique view of the strength and plasticity of Roman and Italic myth, particularly the parts less closely connected to familiar Greek tales Intelligent discussion of relevant cultural and contextual

information Argument that Roman culture reached far beyond the city of Rome Fresh and readable, *Early Rome: Myth and Society* offers essential reading for students of ancient Rome as well as those interested in Roman and Greek mythology. *Roman Mythology* Carson-Dellosa Publishing Ancient names come to rich and fascinating life in this lavishly illustrated gift book for mythology fans and word lovers. Did you know that "museums" were initially temples built to worship the nine muses, the goddesses of the arts? That "Janus" was the god of the doorways and hallways, and we have named our janitors after him? Where did these words — and other words,

such as chaos, genius, nemesis, panic, echo, and narcissus — come from? From the ancient stories of the Greeks — stories that rang so true and wise that the names of the characters have survived for centuries as words we use every day. The brief stories here not only impart the subtle wisdom of these ancient tales, but make us understand the words, and our own world, more deeply.

Dictionary of Greek and Roman Biography and Mythology: Earinus-Nyx

Mark Twain Media
This volume brings together a variety of approaches to the different ways in which the role of animals was understood in ancient Greco-Roman myth and religion, across a period of several

centuries, from Preclassical Greece to Late Antique Rome. Animals in Greco-Roman antiquity were thought to be intermediaries between men and gods, and they played a pivotal role in sacrificial rituals and divination, the foundations of pagan religion. The studies in the first part of the volume examine the role of the animals in sacrifice and divination. The second part explores the similarities between animals, on the one hand, and men and gods, on the other. Indeed, in antiquity, the behaviour of several animals was perceived to mirror human behaviour, while the selection of the various animals as sacrificial victims to

specific deities often was determined on account of some peculiar habit that echoed a special attribute of the particular deity. The last part of this volume is devoted to the study of animal metamorphosis, and to this end a number of myths that associate various animals with transformation are examined from a variety of perspectives.

Greek and Roman Mythology

Excerpt from Greek and Roman Mythology: Based on Steuding's Griechische Und Romische Mythologie In adapting Steuding's Griechische and Romische Mythologie to the needs of American students, two aims have been kept steadily in view: first,

that the genesis and development of the myths should be clearly set forth; secondly, that the text should be supplemented by a generous supply of references to some of the most useful literary passages illustrative of the subjects in hand. Therein lie Whatever claims this little book has to a place among the various attractive text-books that have recently appeared upon the same subject. It is not a dictionary, perhaps not even a reference book; but rather an attempt to furnish Within small compass a consistent and systematic exposition of the development of mythology and religion among the Greeks and Romans. About the Publisher Forgotten

Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Roman Mythology
 Cavendish Square Publishing, LLC
 The myths of Aeneas, Romulus and Remus, the Six Brave Brothers, Horatius, Coriolanus and Volumnia, Cloelia, and others are explored. Hero myths and the values they represented are explored. This volume has a map of the Roman Empire, a family tree of Rome's founders, a table of major characters with name pronunciations and brief descriptions, a glossary, sidebars, fact boxes, a bibliography of sources for further study, and a subject index.
 BoD - Books on Demand
 Packed with intriguing facts and entertaining stories, this is the ideal introduction to the myths and tales of

Ancient Greece and of Ancient Rome. Who was Pandora and what was in her famous box? Why is a famous brand named after the goddess Nike? What exactly is a Titan? The myths are still a part of modern life and language. This comprehensive book takes the fragments we half remember and guides us through the stories and characters, from the origins of the world and the labours of Hercules to the Trojan War and the voyages of Odysseus. It also shows how the stories have survived and influenced art and culture, from Renaissance painting

to modern opera, literature, film and products. 'Carefully researched, enjoyable, diverting and intriguing' - Reference Reviews
