Indian Government and Politics: Indian Political System PHI Learning Pvt. Ltd.

India, with its 900 million inhabitants, is the world's most populous democracy whose success in sustaining its democratic institutions in the face of deep internal divisions and cleavages makes it of special interest to the student of comparative politics. Ramesh Thakur's new text provides a lively and up-to-date introduction to the government and politics of India, and offers a wealth of empirical detail combined with sophisticated critical analysis. It explains the historical legacies that have shaped the structures of Indian government and influenced patterns of politics. The author describes the network of Indian institutions at federal and provincial level and conveys a sense of where power is located, how it is used and the constraints on its exercise. Special attention is devoted to caste, religion and regionalism in Indian society and to the nature of democratic politics in relation to third world development.

State Politics in India Concept Publishing Company

These Essays Cover A Critical Period Of Colonial History And Trace Some Of The Origins Of The Collapse Of The Imperial System In India. The Essays Show How The British Tried To Placate And Thus Restrict The Western-Educated, How They Relied On A Rural India They Wrongly Believed To Be Stable, Isolated And Passive, And How They Reluctantly Admitted An `Indian` Identity While Still Wooing Local And Community Interest Groups. The Book Shows How European Understanding Of India Influenced Policy, How They Conflicted And Changed Over Time, And How They Contributed To The Failures Of British Policy In India. The Book Also Casts Interesting Light On Various Aspects Of Indian Politics And Government.

Indian Government and Politics Palgrave Macmillan

This book provides a fresh insight into the role of identity in international and national relations and policy. The book presents a discourse on national identity in India, the events from 1990-2003, and how these have influenced the engagement of

India with others, especially with Pakistan and China. In this process, it reveals several surprising insights, along with the challenges that confront the country.

Indian Government and Politics Codman Press

The last decade of the nineteenth century witnessed, for the first time, the demand for a federal polity premised on the principle of linguistic provinces. The regional Chambers of Commerce in the Telugu, Bengali and Tamil linguistic regions were the first to put forth such a demand before the Congress and the colonial state. The Indian National Congress agreed to it in 1920 and reorganized provincial Congress organizations, which had been earlier based on politico-administrative boundaries of the British Indian provinces, on linguistic lines under a new party constitution under Gandhi's influence. However, once it came to power at the Centre in 1947 the national Congress leadership changed its stand. In 1953, under the pressure of a mass upsurge, the Nehru government was compelled to set up a State Reorganisation Commission to consider the question of the creation of linguistic states. In the past 63 years, several works have been published on the theme of 'state politics', but most writers have concentrated on electoral politics. This book, however, discusses different aspects of politics in the 27 states and 2 Union Territories with legislative assemblies (with some minor omissions which are regretted). For example, it analyses the different social structures, levels of economic development, landholding patterns, party systems, voting behaviour, political culture and governance and politics of each state. It discusses their internal dynamics which are influenced by the size of the population, demography, territory and topography, economy, and the power structure of the different classes and communities. The book also takes into account the commonalities across the boundaries at both, the micro and the macro levels, such as the expansion and intensification of capitalist social relations into the innermost areas, breakdown of old structures and social mores, emergence of civil society, development of administrative transparency, growth of alternative party systems and the linkages of each state/region with the nation and global capital. The liberalization of economy over the last few decades has accelerated the growth of commonalities across the states through a growing uniformity

of production processes and consumer culture.

The Writings of Rajni Kothari Delhi : Ajanta Publications (India) : Distributor, Ajanta Books International

The twenty-eight papers in this set of three volumes provide deep insights into the understanding of the dynamics of Karnataka Government and politics. Giving a brief account of the geography of Karnataka, they examine the process by which the modern state of Karnataka emerged.

India's Politics Notion Press

An Indian politician looks back at her journey and recounts how the going got tougher with her every success, perhaps because she was a woman. Life among the Scorpions recounts the deeply fascinating and often tumultuous events that mark thirty years of Jaya Jaitly's political journey. From arranging relief for victims of the 1984 Sikh riots, to joining politics under firebrand leader George Fernandes, to becoming the president of Samata Party—a key ally in the erstwhile NDA Government, Jaitly's rise in Indian mainstream politics invited both awe and envy. But the going has been far from smooth. Trouble began with George Fernandes sacking Admiral Vishnu Bhagwat in 1998. Jaitly became the target. She was soon hounded by Tehelka's stings—first concerning her son-in-law-to-be Ajay Jadeja and then herself in an alleged bribery case. Eventually, Fernandes had to resign as India's Defence Minister, despite being the best, and Jaitly quit as the Samata Party President. Meanwhile, she spiritedly fought booth capturing in Bihar as well as fellow party men's egos, intervened and ensured the installation of the Samata government in Manipur. All this, even as she continued her parallel fight for the livelihood of craftsmen on the one hand, and conceptualized and ensured establishment of the first Dilli Haat (crafts market place) in 1994 on the other. With all the backstories of major events in Indian politics between 1970-2000, including her experience of dealing with the Commission of Inquiry and courts regarding the Tehelka stings, the story of Jaya Jaitly makes for a riveting read. A powerful narrative on why being a woman in politics was for her akin to being surrounded by scorpions; this hard hitting memoir offers a perspective on the functioning of Indian politics from a woman's point of view.

Government and Politics in India Palala Press

This volume brings together three landmark books- Politics in India, Caste in Indian Politics and Rethinking Democracy. Drawing upon contributions from various disciplines, Politics in India is the first comprehensive treatment of the Indian political system examined from different vantage points.

A Life Among the Scorpions Sterling Publishers Pvt. Ltd
This book critically examines gender-based violence in India and interrogates the legal and policy discourse surrounding it. It discusses various forms of violence faced by women such as sex selective abortion, trafficking, rape, domestic violence, as well as the violence faced by female sex workers and transgenders in India. It draws on in-depth interviews and case studies to highlight the socio-economic conditions of the survivors who find themselves forced to contend with legal and policy framework that is inadequate to deal with these issues. The author analyses the major laws against violence and the policies introduced to ameliorate the condition of survivors in order to understand the potential and challenges of these initiatives from a postmodern and feminist perspective. The book also addresses the survivors' realisation of agency and resistance which is seen to be expressed both sporadically and on day-to-day basis. An important and timely contribution, this book will be indispensable

to students and researchers of gender and sexuality, feminism, minority studies, sociology and social policy, politics, law, human rights and South Asian studies. It will also be of interest to policymakers, government agencies, think tanks and NGOs working in the area.

Henry Kissinger über die größte Herausforderung des 21. Jahrhunderts Hat das westlich geprägte Wertesystem im 21. Jahrhundert angesichts aufstrebender Mächte mit gänzlich anderem Menschenbild und Gesellschaftskonzept als Basis einer Frieden stiftenden Weltordnung ausgedient? Henry Kissinger, über Jahrzehnte zentrale Figur der US-Außenpolitik und Autorität für Fragen der internationalen Beziehungen, sieht unsere Epoche vor existenziellen Herausforderungen angesichts zunehmender Spannungen. In der heutigen global eng vernetzten Welt wäre eine Ordnung vonnöten, die von Menschen unterschiedlicher Kultur, Geschichte und Tradition akzeptiert wird und auf einem Regelwerk beruht, das in der Lage ist, regionale wie globale Kriege einzudämmen. Der Autor analysiert die Entstehung der unterschiedlichen Ordnungssysteme etwa in China, den islamischen Ländern oder im Westen und unternimmt den Versuch, das Trennende zwischen ihnen zusammenzuführen und den Grundstein für eine zukünftige friedliche Weltordnung zu legen.

The Government and Politics of India Palgrave Macmillan
Vision and Strategy in Indian Politics Routledge Chapman & Hall
INDIA IN TRANSITION A STUDY IN POLITICAL EVOLUTION BY HIS HIGHNESS THE AGA KHAN BENNETT, COLEMAN AND CO., LTD.
THE TIMES OF INDIA OFFICES BOMBAY AND CALCUTTA TO MY MOTHER For, always roaming with a hungry heart. Much have I seen and known. tk ULYSSE TENNYSON. FOREWORD MR. MONTAGUS historic announcement last August that he was to proceed to India to discuss the extent and form of the substantial steps to be taken in the direction of self-governing institutions, and to receive with Lord Chelmsford the suggestions of

representative bodies and others, confirmed me in the intention I had formed on finding I was debarred on medical grounds from Army service in the Allied cause to return to India last winter. I cherished the hope that I might be of some small service to my country in helping to shape some of the representations which might be made, and in contributing to the success of so momentous a mission by a British statesman whose zeal and devotion in promoting the welfare of India had greatly impressed the Indian people during the time of his Under secretaryship at the India Office. My plans and hopes were thwarted, however, by a painful and tedious malady requiring surgical treatment in Europe, and fully six months of rest and retirement in a prescribed climate. The eminent specialists consulted were peremptory in refusing my appeal to be permitted to carry out my plans. They were confident that within two or three weeks of my landing in Bombay I should be laid aside by severe illness, making it quite impossible for me to render the public service I had in view. Their assurances that acceptance of their advice and the regimen prescribed would most probably restore me to vigorous health are being confirmed as time goes on. The bitterness of my disappointment was considerably mitigated when, acting on the suggestion of valued friends, I obtained the assent of the specialists to my spending two or three hours daily during my enforced retirement and rest in consecutive literary work, for the purpose of presenting a detailed exposition of my views on Indian reconstruction. I had been approached frequently in the past dozen years or so by publishing houses with requests to write a book on various topics. Though the idea was not without attraction, I did not consider that the time was ripe to bring it to fruition and I continued to limit my public utterances to speeches in India and in England, and to occasional review and newspaper articles. I now felt it a duty, as well as a privilege, to give a detailed exposition of my thoughts on India, and my hopes and aspirations for the future, as a contribution to the many-sided problem Mr. Montagu has been investigating. The reader will pardon, I trust, these personal details since they are required for an understanding of the conditions in which my views have been formulated and presented. They may be pleaded in mitigation of shortcomings in execution, of which I am only too conscious. In my retirement the verification of references has not been easy, nor have I had the opportunities of consultation on questions of

fact or policy which might otherwise have been available. The revision of proofs, FOREWORD ix in the later stages, I have been compelled to leave to others, in order to obviate any greater delay than present difficulties of book production in England imposes. My limitations, however, have not been without their compensations. Enforced exclusion from the arena of day by day discussion in India, however disappointing, may have contributed at least to the dispassionateness with which I have sought to temper the ardour of my Indian patriotism and my belief in the inherent possibilities of my countrymen under the more favourable political conditions I advocate. Though outside the current, I have been able to watch its course with the help of many kind correspondents and occasional visitors, and by careful study of the organs of opinion in India...

Indian Politics and the Role of the Press C. Bertelsmann Verlag
This Study Provides A Fairly Good Analysis Of Politics In Bihar During 1921-1937. The Nature Of The Congress Movement And The Articulation Of Communal Politics And The Incidence Of Communal Riots Are Critically Examined.

Punjab in Indian Politics Delhi : Vikas Publishing House
After years of subjugation by the British colonial rulers, India attained a status of Independent State on 15 August 1947, a day to be reckoned with pride by all Indians. Struggling for her Independence, facing the trauma of partition, and finally establishing a sovereign democratic status for itself, the journey has undoubtedly been a roller coaster ride for India. This book comprehensively outlines the evolution of the Indian Politics, discussing all the constraints, challenges and shortcomings faced by Indian Polity till date. The book shows how State-Society interface, with special emphasis on civil society activities, can play an integral role in shaping the political fate of the country. In addition, this book not only presents the institutional aspects of Indian politics by underlying in details, the provisions of the Constitution, but also brings out the real working of the institutional framework in an ever-changing social and political environment. Organized into 23 chapters, the book discusses, in detail, the Constitutional development, The Preamble, The Fundamental Rights, The Directive Principles of State Policy, The Executive, The Legislature and The Judiciary at national and state levels followed by their critical appraisals as well as the Centre-State relation with its continuing tensions. To give a clear and

panoramic view of Indian Political Scenario the book also focuses on local-self governments, national and regional parties in India, challenges to Indian political system and new social movements. THIRD EDITION HALLMARK • Thorough updation with contemporary events in Indian political scenario. • Coverage of General elections to constitute the 17th Lok Sabha. • Political Developments of recent times. Intended as a textbook for the undergraduate and postgraduate students of Political Science and Law, this book is also useful for the aspirants for Civil Service and competitive examinations like NET and SLET. KEY FEATURES • Gives a wide coverage of conventional topics pertaining to the Constitution of India, relating them to the working of the Indian polity in the real world. • Tackles issues related to new social movements in India encompassing environmental movements, women's movements, human rights movements and anti-corruption movement. • Highlights the continuing challenges to the Indian Political System from different social and cultural factors, like religion, language, caste, tribe, regionalism and also corruption and criminalization of politics. • Deals with current developments in administrative policies.

India in Transition - A Study in Political Evolution SAGE Publishing India

This volume contains thirteen seminal essays which focus on the dialectic between the policies and institutions of decentralization and local politics in India. Evocative of tensions between matters of local autonomy and the demands of development, the volume urges a concern for an understanding of the complex nature of decentralization, particularly in view of the enormous diversity of Indian society.

Comparative Politics Routledge is

On Rajiv Gandhi, 1944-1991, former prime minister of India.

Politics in India Rupa Publications

The 1950s in India were a crucial transition period where the legacy and institutions of British rule had to be transformed to fit the needs of a post-colonial state. This book analyses Indian policy-making from 1947 to 1964 under Prime Minister Jawaharlal Nehru.

The Government and Politics of India Penguin UK

This book is written to get an overall idea of "dynastic politics" in India. It is always kept in mind that a citizen of India should know more about the politicians who are in the Government and form

policies, etc. to take the country in the proper direction, at the same time the book should be interesting. Wherever possible, family trees are shown as well as the assets of our politicians. It was natural to start with the Nehru Gandhi family, being one of the largest and long-ruling families at the helm of all affairs. Then State-wise, the families are chosen and the account is presented. Since the volume is huge, this book is in two volumes. States are chosen alphabetically. So, even if the Nehru Gandhi family is in Volume 1, Tamil Nadu, Telangana, Uttar Pradesh, etc. are in Volume 2. Indian politics has witnessed a large spectrum of politicians from various fields. Initially, it consisted mainly of leaders from the field of law. But now, we find that we have eminent personalities from the sports field, actors, actresses, superstars from the silver screen; the literary field is no exception; we have writers, poets, and so on; economists find a special place in the political arena; politics does not shun even criminals or few dacoits who then turned to politics after their surrender. Businessmen, kings or we can say princes from princely states as Britishers decided to call them are also found here. We have the learned people in politics as well as the illiterate people (angutha chhaap) who learnt to sign only after assuming office on getting elected.

Indian Government and Politics SAGE Publications Pvt. Limited

The second edition of this textbook brings together general political theory and the comparative method to interpret socio-political phenomena and issues that have occupied the Indian state and society since 1947. It considers the progress that India has made in some of the most challenging aspects of post-colonial politics such as governance, democracy, economic growth, welfare, and citizenship. Looking at the changed global role of India, its standing in the G-20 and BRICS, as well as the implications of the 2014 Indian general elections for state and society, this updated edition also includes sections on the changing socio-political status of women in India, corruption and terrorism. The author raises several key questions relevant to Indian politics, including: - Why has India succeeded in making a relatively peaceful transition from colonial rule to a resilient, multi-party democracy in contrast to its South Asian neighbours? - How has the interaction of modern politics and traditional society contributed to the resilience of post-colonial democracy? - How did India's economy moribund--for several decades following

Independence--make a breakthrough into rapid growth and can India sustain it? - And finally, why have collective identity and nationhood emerged as the core issues for India in the twenty-first century and with what implications for Indian democracy? The textbook goes beyond India by asking about the implications

of the Indian case for the general and comparative theory of the post-colonial state. The factors which might have caused failures in democracy and governance are analysed and incorporated as variables into a model of democratic governance. In addition to pedagogical features such as text boxes, a set of further readings

is provided to guide readers who wish to go beyond the remit of this text. The book will be essential reading for undergraduate students and researchers in South Asian and Asian studies, political science, development studies, sociology, comparative politics and political theory.
