Wood, Thomas. An Institute of the Laws of England; or, The Laws of England in Their Natural Order, According to Common Use. London: Printed by W. Strahan and M. Woodfall, 1772. Folio. [ii], x, 657, [40] pp. Reprinted 2006 by The Lawbook Exchange, Ltd. ISBN-13: 978-1-58477-588-1. ISBN-10: 1-58477-588-2. Cloth. \$250.* Reprint of the tenth and final edition. Wood's Institute was the only treatise, until the publication of Blackstone's Commentaries, to furnish a comprehensive view of the common law. It was "the most important and the most popular of his books. It was written, he tells us, to supply the want of a methodical book on English law, which could be put into the hands of students in the Inns of Court and the Universities." Holdsworth, HEL XII:419. Blackstone recognized the books considerable merits. "Upon the whole," he said, "his work is undoubtedly a valuable performance; and great are the obligations of the student to him, and his predecessor Finch, for their happy progress in reducing the elements of law from their former chaos to a regular methodical science."

M.F. Sadler was an Anglican priest. He served as rector of Honiton, England, and wrote several other commentaries, including volumes on each of the four Gospels. SADLER, MICHAEL FERREBEE (1819-1895), theologian, eldest son of Michael Thomas Sadler [q. v.], was born at Leeds in 1819. Educated at Sherborne school, he entered St. John's College, Cambridge, after a short interval of business life. He was elected Tyrwhitt's Hebrew scholar in 1846, and graduated B.A. 1847. He was vicar of Bridgwater from 1857 to 1864 (during which time he was appointed to the prebend of Combe, 13th in Wells Cathedral), and of St. Paul's, Bedford, from 1864 to 1869; he was rector of Honiton from 1869 till his death. In 1869 he received an offer of the bishopric of Montreal, carrying with it the dignity of metropolitan of Canada, but refused it on medical advice. He was a voluminous writer on theological subjects, and a strong high churchman. His works, which had a large circulation, did much to popularise the tractarian doctrines.

The Gospel according to st. John, with notes, by M.F. Sadler Springer

Preface, explaining his design in undertaking this work. The glorious city of God is my theme in this work, which you, my dearest son Marcellinus, suggested, and which is due to you by my promise. I have undertaken its defence against those who prefer their own gods to the Founder of this city, a city surpassingly glorious, whether we view it as it still lives by faith in this fleeting course of time, and sojourns as a stranger in the midst of the ungodly, or as it shall dwell in the fixed stability of its eternal seat, which it now with patience waits for, expecting until "righteousness shall return unto judgment," and it obtain, by virtue of its excellence, final victory and perfect peace. A great work this, and an arduous; but God is my helper. For I am aware what ability is requisite to persuade the proud how great is the virtue of humility, which raises us, not by a quite human arrogance, but by a divine grace, above all earthly dignities that totter on this shifting scene.

The Expositor's Bible: The Gospel According to St. Mark Glagoslav Publications

Being interested in both Orthodox spirituality and post-Roman history, I cast about for a volume presenting all that is known to us about one of the most famous and influential figures of the 5th century, Saint Germanus, Bishop of Auxerre: and finding none, have dared distill into one booklet the works of those scholars who have cast light upon one aspect or other of St Germanus' life and works. We know more of him than of St David, St Patrick, Arthur or any other figures of the Age of Saints, because of the singular impression he made upon his contemporaries. He is known to have visited the Isle of Britain at least once, if not twice: and his fame spread far, permeating especially into the collective memory of my own Welsh nation, amongst others. Our forefathers delighted in talk of his deeds, reminding each other of his aid and leadership in trying times. We have inherited great respect towards him, consecrating many churches and wells to God in his name, and naming both sons and places after him. © 2012, Orthodox Logos Publishing, The Netherlands www.orthodoxlogos.com

The Spiritual Exercises of Saint Ignatius of Loyola Harper San Francisco

With words that echo the Old Testament story of creation, St. John sets his story of Christ in the cosmic framework of God's plan to save the world from the power of darkness. More than any other gospel writer, John illuminated the life of Jesus in an interesting way. In this book, John's gospel is presented along with commentary from well-known Biblical scholars and a foreword by Piers Paul Read.

Notes of Lessons on St. Matthew's Gospel Vladimir Djambov

In The Rivers North of the Future David Cayley has compiled Ivan Illich's moving and insightful thoughts concerning the fate of the Christian Gospel. Illich's view, which could be summed up as the corruption of the best is the worst, is that Jesus' call to love more abundantly became the basis for new forms of power in the hands of those who organized and administered this New Testament. Illich also explores the invention of technology, the road from hospitality to the hospital, the criminalization of sin, the church as the template of the modern state, and the death of nature.

Illich's analysis of contemporary society as a congealed and corrupted Christianity is both a bold historical hypothesis and a call to believers to re-invent the Christian church. With a foreword by Charles Taylor. Ivan Illich (1926-2002) was a brilliant polymath, an iconoclastic thinker, and a prolific writer. He was a priest, vice-rector of a university, founder of the Centre for Intercultural Documentation in Cuernavaca, Mexico, and author of numerous books, including *Deschooling Society*, *Tools for Conviviality*, *Energy and Equity*, and *Medical Nemesis*.
