Asians in Britain - from the arrival of the first

 Get Ready for Swami and Jigneshbhai! The one thing that Jigneshbhai likes is a quite life. But his restless friend doesn't let him have much of it. Especially when it comes to his health. "My cholesterol has gone up. My triglycerides are also on the higher side, The sugar level is also not very comfortable. I am on the edge of being prediabetic," Swami announced, and that was just the start. When that innocent health check-up report was seen by Raji Periamma, it leads to Swami and Jigneshbhai meeting a specialist. And it turns out to be only the first step in a series of unexpected

episodes. It starts with an accidental meet with astrologers, leads them to a funny drunkard and results in some unnecessary action at the cinema hall. It starts a set of funny coincidences and uneasy trickery leading up to a temple visit that shakes Swami's faith. As Jigneshbhai and Swami manoeuvre this motley group of the bad and the silly, it takes a speech and a doctor's appointment for the confusion to unwind and let the multiple cats out of the multiple bags! The author builds an intriguing tale of good vs evil through a set of motley silly characters and everyday situations that accompany Swami's book smartness and Jigneshbhai's street smartness. Often

delving into the difference between knowledge and wisdom with philosophical musings, the author peppers them with tongue-in-cheek humour. The characters of the wealthy old man and a spiritual talking dog Deja add a taste of comic wisdom. Ranjit Kulkarni takes us on a ride with Jigneshbhai and Swami in his debut novel - a ride that is a mix of humour and wisdom, and as the title aptly suggests a mix of the good, the bad and the silly.

Translated by the author 'Tamasdrove the point home that ordinary people want to live in peace' The Guardian Set in a

small-town frontier province in 1947, just before Partition, Tamas tells the story of a sweeper named Nathu who is bribed and deceived by a local Muslim politician to kill a pig, ostensibly for a veterinarian. The following morning, the carcass is discovered on the steps of the mosque and the town, already tension-ridden, erupts. Enraged Muslims massacre scores of Hindus and Sikhs, who, in turn, kill every Muslim they can find. Finally, the area's British administrators call out the army to prevent further violence. The killings stop but nothing can erase the awful memories from the minds of the survivors, nor will the various communities ever trust one another again. The

events described in Tamas are based on true accounts of the riots of 1947 that Sahni was a witness to in Rawalpindi, and this new and sensitive translation by the author himself resurrects chilling memories of the consequences of communalism which are of immense relevance even today.

Generally, it is observed that after politics, subject matter and photographs related to films occupy maximum space in newspapers, magazines\* and journals. It is seen, in practice, that almost everyone has an interest in films; he or she may be a seven-year-old school-going child or a seventy-year-old retired man or a working woman. In spite of their interest, they have very limited knowledge about various issues related to films. A book providing authentic and interesting information on this subject with detailed research is hardly

available in the market. To bridge this gap, the present film quiz book has been published. Apart from providing relevant information about various historical events regarding films, 1000 facts about celebrities related to this field such as producers, directors, lyricists, singers, music directors, actors, actresses, and many others have been highlighted in the book in a comprehensive, orderly and attractive way.

It's Holi, 2012, the Hindu festival of spring, and back in Varanasi after twenty years, a young advocate is celebrating

a nation-wide Supreme Court order against an age-old tradition of social injustice meted out to the destitute widows of India - to whom even the simple joys of color were denied. It was in this city that, twenty years ago, Choti, a sassy, tight-rope walker befriends an old widow, Noor. As a member of the ashram, she lives a life of complete abstinence, but her young friend's innocent exuberance and joy of life fills her with renewed hope. The two form an unlikely bond, with Noor looking out for Choti, inspiring her to 'fly high' by seeking an education and fighting for her rights with dignity. Choti listens enraptured by the memories her friend shares: of playing Holi

dressed as Radha, the consort of Lord Krishna, and flinging great bursts of her favorite pink-colored gulal into the sky. Choti promises her that they will play the next Holi together. But then, one night, another friend of Choti's, Anarkali, is murdered by the heinous police chief and his goons. Being the only witness to her murder, Choti is imprisoned on the eve of Holi. Everything falls apart in the ensuing chaos. Will Choti be able to keep her promise of playing Holi with Noor? Pitting the smoke rising from the funeral pyres of Manikarnika Ghat, against the joyous color-bursts of Holi celebrations, Vikas Khanna's marvellously layered story of the survival of a delicate

friendship, is brilliantly told and poignantly life-affirming.
