Fill-In Questions + Seven Practice Exams Springer

Divided into two main sections, immigration and citizenship, this book explains both in an easy-to-follow step-by-step manner, and provides historical and background information. The immigration section answers concerns about Canada's immigration policy, including who qualifies for immigration visas, sponsorship, refugee claims, entrepreneurial and investor programs. It explains the point system of immigrant selection and reveals other little known regulations. The citizenship section explains who qualifies for Canadian citizenship and dual and multiple citizenship. Questions and answers, fees charts and diagrams and helpful advice are included throughout both sections. Useful addresses and a glossary of terms are at the back of the book.

This study focuses on three main questions: What does citizenship mean for immigrants? Why do some immigrants decide to acquire host countries' citizenship while others do not? Do citizenship and migration policies of countries (such as Canada and Germany) are related to the decision-making process of immigrants? More specifically, the objective of the study is to investigate high-

skilled and business Turkish immigrants (HSBTI) who moved to Germany and Canada between 2000 and 2010. It is expected that immigrants' naturalization decisions and conceptualization of citizenship are related to countries' migration and citizenship policy approaches (such as restricted or multiculturalist). With respect to high-skilled and business Turkish immigrants, this study put forwards the view that host country citizenship and migration policy (whether it is restricted or multicultural); economic, social and political benefits and costs of host country's citizenship; and individuals' conceptualization of citizenship (as a sense of belonging or commodity) influence their naturalization decisions. | Contents: INTRODUCTION | CHAPTER ONE. A Conceptual Framework on Citizenship and Naturalization | CHAPTER TWO. Migration and Citizenship Acquisition in Canada, Germany, and Turkey | CHAPTER THREE. Conceptualization of Citizenship: A Comparative Analysis | CHAPTER FOUR. Reasons For Citizenship Acquisition: A Comparative Analysis | CHAPTER FIVE. Conclusions | Appendix 1: Interview Questions | Appendix 2. List of the Case Summaries | Appendix 3. List of the Legal Documents

 Deportation has again taken a prominent place within the immigration policies of nation-states. Irregular Citizenship, Immigration, and Deportation addresses the social responses to deportation, in particular the growing movements against deportation and detention, and for freedom of movement and the regularization of status. The book brings deportation and anti-deportation together with the aim of understanding the political subjects that emerge in this contested field of governance and control, freedom and struggle. However, rather than focusing on the typical subjects of removal - refugees, the undocumented, and irregular migrants - Irregular Citizenship, Immigration, and Deportation looks at the ways that citizens get caught up in the deportation apparatus and must struggle to remain in or return to their country of citizenship. The transformation of 'regular' citizens into deportable 'irregular' citizens involves the removal of the rights, duties, and obligations of citizenship. This includes unmaking citizenship through official revocation or denationalization, as well as through informal, extra-legal, and unofficial means. The book features stories about struggles over removal and return, deportation and repatriation, rescue and abandonment. The book features eleven 'acts of citizenship' that occur in the context of deportation and anti-deportation, arguing that these struggles for rights, recognition, and return are fundamentally struggles over political subjectivity - of citizenship. This book will be of interest to students and scholars of citizenship, migration and security studies.

Contrary to mid-twentieth century predictions, ethnic pluralism has increased dramatically in North America and significantly in Europe. Neither the post 9/11 emphasis on international border security nor anti-immigration and anti-multiculturalism movements have affected the fifty year trend of increasing labour mobility and sustained levels of migration. The ethnic pluralism accompanying this powerful trend has fueled academic research and public debate. Contributors report on and develop a conceptualization of ethnic social incorporation and multiculturalism in Canada, the United States, Germany, Greece, Bulgaria and Italy. This group of countries displays a remarkable variety of both ethnic diversity and public policy responses to ethnic social incorporation over the past four decades. It includes two countries (Canada and the United States) built upon very large-scale immigration over the course of more than a century, two countries (Greece and Italy) which until recently were characterized by large-scale emigration but now are grappling with immigration, one country (Bulgaria) that was until the 1990s insulated from extensive migration and faces a demographic slump, and one (Germany) that has experimented with isolating temporary populations but is now addressing the responsibilities of permanent immigration. Multicultural Variations includes national reports describing each of the six countries under investigation and is book-ended by introductory and concluding chapters that present a new understanding of and synthesis on multiculturalism that is distinct from either enthusiastic support or ideological critiques. Contributors include Mathias Bös (Philipps-Universität Marburg; Germany), Antonio Chiesi, (Università degli Studi di Milano, Italy), Jason Edgerton (University of Manitoba, Canada), Barry Ferguson (University of Manitoba, Canada), Nikolai Genov (Freie Universität Berlin, Germany), Louis Hicks (St Mary's College of Maryland, USA), Paul Kingston (University of Virginia, USA), Laura Maratou-Alipranti (National Centre for Social Research, Athens, Greece), Lance W.
