From the #1 bestselling author and former practicing veterinarian, Andrew Jones DVM, the only resource you'll need to finally start using natural remedies to heal your dogs and cats at home. This manual draws from Dr Jones' 17 years' experience in veterinary medicine to provide a comprehensive, step-by-step guide to home pet care and disease remedies. Dr. Jones opens by explaining how he came to question conventional veterinary treatments then began to share his concerns publicly and openly educate pet owners, empowering them to provide their pets with quality, holistic care at home. Eventually, his efforts led to his expulsion from the British Columbia Veterinary College, resulting in a ban from practicing animal medicine. "> What to Do Differently to Keep Your Pet Healthy? In this book you'll find what you need to know about feeding your pet, vaccines to give and vaccines to avoid, along with specific conventional medications to be wary of. The book offers ways to treat your pet at home with holistic options that can and will likely extend your pet's life. Anyone Can Learn about Natural Health for Dogs and Cats by Following These Steps: The primary problems contributing to the epidemic of pet disease, and what you can do differently. Dog and cat food: How to choose a quality food, and what you should be

feeding When to treat your pet at home, when to seek veterinary care Most important healing techniques that you can immediately use to begin treating your dog or cat How to save thousands of dollars in veterinary fees Comprehensive manual of the dog and cat diseases, with over 1000 safe, natural and effective remedies Step by step instructions to begin healing your pet, avoiding conventional medication side effects About the Author Dr. Jones earned a doctor of veterinary medicine degree from the University of Saskatchewan and treated thousands of animals over the course of seventeen years. He is the former owner of Nelson Animal Hospital in Nelson, BC. With a focus on nontraditional pet remedies, Dr. Jones has written books and articles on home pet health care and developed a home study course for dog and cat owners. He has also formulated a line of premium nutritional supplements for dogs and cats. What you say, what you think, what you feed, the veterinary care that you choose, the home you provide, and even your self-care has an impact on your pet! Journey with me, a holistic veterinarian, into the mind-body connection that controls your pet's emotional and physical well-being and then, "Live with Your Pet in Mind!" Positively impact the quality and longevity of life experienced by you, and your dog or cat; engage in the recognition and implementation of five powerful, life-changing areas of focus. Open your mind to telepathy and animal communication, Conscious Language(TM) practices, natural nutrition with species-appropriate raw diets, titer testing, and the avoidance of excessive vaccinations. Learn how natural modalities, such as acupuncture and essential oils, are easily integrated into your pet's natural health care. Learn how to identify and avoid toxins in your little carnivore's processed food, environment, and in your own lifestyle. Be aware for self-care! Read ingredient labels. Be your pet's advocate. I will teach you in a fun way, using real-life anecdotes, how to live up to your pet's expectations! This book is for you, the intense pet lover, who fancies yourself to be more than a pet guardian, but rather, a pet parent. This is for you, the reader who wants your pet to live forever, but you never realize how important your own well-being is to the good health and happiness of your best four-legged friend. This is for you, the book lover who thinks you've read all there is on pet care. There are some surprises between the covers of this self-help for the person and pet. As an integrative veterinarian, I have observed the uncanny coincidence of dis-ease in my pet patient and the similarity of imbalance in the guardian or another close household member. Is the pet a sponge, a mirror or a canary in the coal mine? Do we need to be more careful about how we care for ourselves because we are unknowingly harming our pets? "Live with Your Pet in Mind" may be the awakening that revolutionizes how you, and the rest of the pet-loving population, think about pet needs and wants, and how you respond to these fur-kid desires. Just when you thought you couldn't possibly love your dog or cat anymore, this read will

create a deeper connection than you could have ever imagined possible. And with that, will come your new found sense of responsibility to attain the ultimate in truly natural, holistic family care. The Foreword was written by Marcella Vonn Harting, Ph.D. in Psychoneurology and Integrative Health. she authored among others, the titles, "Yes, No, Maybe" Chronobiotic Nutrition" and "Guerrilla MultiLevel Marketing. She is the founder of Highest Potential Academy, the program where Dr. Jodie first learned about Conscious Language. Dr. Harting says, "I think the most important message in Dr. Jodie's book is her authenticity and true caring for you as a human being and the animals you love and care for. Greg Tilford, author of "Herbs for Pets" has this to say about Dr. Jodie's outreach, "A compassionate, experienced and gifted veterinarian and teacher, Dr. Jodie's work takes animal healing to the next level where concepts of health, wellness and green living combine with animal companionship to enrich the lives of humans and animals alike.

You're About To Discover How To Use Essential Oils And Natural Remedies For Pets, For Dogs Since you are reading this, you love your pet and because you know the benefits of essential oils, you want your pet to enjoy the benefits of essential oils just as you do. Essential oils are important to us for many reasons; they are also important to pets. For pets, most of these reasons are no different. Whether you want to improve your dog's digestive function, skin, respiration, immune support for seasonal and environmental health or even for purposes of repelling insects, with the essential oils we are going to talk about today, you can do that safely and naturally. More specifically, we will discuss the right types of essential oils, the proper application process, and something about the essential oils issues that have made it difficult for cautious folks to use these oils on their pets. First, there are different forms of essential oils available today and animals metabolize and react differently to each of them. This alone has become a major concern. It is thus important that we all understand things such as the species-specific differences before using the essential oils. In addition, many vets often observe a big problem in their clinics: issues related to overusing of essential oils-people discover essential oils and wildly start diffusing them into their homes and end up creating unintentional overdoses for their pets-we shall discuss and clarify this issue. The purpose of this book is to help you avert such issues and help you know how best to use natural essential oils to increase the appetite, reduce fatigue, boost the immune system, remove anxiety, and manage many other problems that hinder your pet's wellbeing. The second edition of this book is virtually a new book. It is the only comprehensive text on the safety of essential oils and the first review of essential oil/drug interactions and provides detailed essential oil constituent data not found in any other text. Much of the existing text has been re-written, and 80% of the text is completely new. There are 400 comprehensive essential oil

profiles and almost 4000 references. There are new chapters on the respiratory system, the cardiovascular system, the urinary system, the digestive system and the nervous system. For each essential oil there is a full breakdown of constituents, and a clear categorization of hazards and risks, with recommended maximum doses and concentrations. There are also 206 Constituent Profiles. There is considerable discussion of carcinogens, the human relevance of some of the animal data, the validity of treating an essential oil as if it was a single chemical, and the arbitrary nature of uncertainty factors. There is a critique of current regulations.
