Que Tal? Experiencias, Annotated Instructor's Edition Intermediate Spanish JUNTOS is an introductory Spanish program based on the principle of backward design. Project-based assessment tasks -- specifically created to measure identified course competencies for each unit -- drive the classroom activities and online homework that prepare students to complete the assessment tasks successfully. These projects occur at the end of each two-

chapter unit, providing a more holistic approach to proficiency assessment. Each unit has a clear learning path that guides students through both the online and face-to-face content. To achieve proficiency, students complete online work in preparation for class, participate in collaborative activities in class, and then complete project-based assessment tasks to demonstrate their skills and knowledge.

In Pura vida (Life is good) Spanish is more than vocabulary and grammar, just as Spanish-speaking cultures are more than products and practices. In this learner-centered introductory program, the authors' commitment to a methodology based on true-to-life experiences brings Spanish to life. Pura vida is the

discovery of a Spanish-speaking world through the experiences of real people who share anecdotes and reflections on those experiences. Students relate to these people and make deeper, more meaningful connections between language and culture, and acquire Spanish with an unparalleled sense of personal engagement. In this 12-chapter introductory program, students don't only learn Spanish for real life, but also from real life. They discover that there is not just one homogeneous Hispanic culture, but rather that each Spanish-speaking country has its own rich, unique culture and that the people who live in these countries speak one common language with

different accents, characteristics, and idiosyncrasies. The program offers truly seamless integration of cultural notions and language instruction and features 100% contextualized and personalized activities.
