Again? Volume 2 Covenant Books, Inc. Born to Be By: Jim Hill Born to a poverty-stricken Black family, Jim Hill's memoir recounts his life as a child and his journey to break out of the ghetto. An inspiring tale of strength and resilience, Hill, now seventy-five, depicts a life of ups and downs and his passion for life leading him to success. Now seventy-five years old, Hill can say he has never worked a day in his life, and attributes that happiness to finding joy and meaning in his careers. His story is one of hope, a symbol to others in poverty that success and a better life is possible, no matter how far the odds are stacked against you.

The book *Why Did You Come If You Leave Again?* is an ethnographers personal account of the five years he spent in one of the remotest parts of Africa. In the authors comprehensive monograph (eight volumes published by Schwabe) about the Anyuak, a little-known tribe in South Sudan, there was no space left for a portrait of the person who did the fieldwork, his professional and personal itinerary, his experiences and attitudes, his relationship with the local peoplelet alone for all the adventures he lived when crossing the wilderness and when struggling to stay alive. The travel autobiography sheds light on the long and tedious process of ethnographic fieldwork; it is both personal and profound, varying between moments of actions and reflections and eventually leading to an intimate encounter with an African culture. The many riveting stories told in the book are signposts of a spiritual, psychological, philosophical, and physically exhausting expedition through arid savannah, flooded plains, and compact walls of elephant grass to the spiritual home of a courageous people who have created in the middle of wilderness a center of humanity. Though the narrative is essentially about the discovery of a foreign culture, it also relates the exploration of the ethnographers own identity in an environment that didnt offer any possibility to escape. The book is about thirst, starvation, loneliness and lightening, sickness and death, joy and deliverance, snakes and spirits, shadow,

spittle and footprints, and eventually about the authors quest for meaning, beauty, and understanding of the world. The memoir tells a saga about forlornness, hope, and achievement, and last but not least, growing friendships as the only reward for struggle and pain. The researchers autobiography is captivating for the soul and the mind. It is funny, sad, informative, inspiring, and poetic.

The Wa people have a rich civilization of their own, and a deep history in the mountains of Southeast Asia. Their mythology suggests their land is the first place inhabited by humans, which they care for on behalf of the world. This book introduces aspects of Wa culture, including their approach to the world's troubles and the lessons others might learn from it. It also presents a new interpretation of Wa headhunting, questioning explanations that see it as a primitive custom, and instead placing it within the fraught history of the last few centuries.

Larry grew up in a small southern town called Minden, shielded from all life's negative influences by his mother and siblings. Growing up in a very Christian home, knowing God, he always longed for the big-city life. But was he ready for it? Was he ready to take on the challenges that came with big-city life? Marrying his high school sweetheart right after school, he dreamed of the glorious life they could have if only he could find a way for them to leave Minden behind. He wanted more out of life, for he knew that one day, with God's blessings, he would become a great man, husband, and father. When he was introduced to an idea about joining the

Air Force, he quickly decided that was their ticket out of Minden and a chance to be that great man that he always dreamed of. Shortly after joining the Air Force, he began meeting men from all over. Although he wasn't street-smart and knew very little about what went on outside his little hometown, he was intrigued by their behavior and knowledge of worldly life. He sought to emulate them from their dress, talk, and often bad habits. He slowly began conforming to this world while setting aside all he was taught in church and his upbringing. Unknown to him, the devil began slowly gaining control of his thoughts, thus starting a spiritual warfare in his mind that would last for almost two decades. This spiritual warfare took him and his family through unimaginable times where no man wants to go. Big-city life was exciting, but without God, it came with a price.

 —Library Journal (STARRED REVIEW) Go on a fun, flavorful tour through the world

of craft brews with one of the most unique and fascinating voices in beer today. It's a great time to be a beer drinker, but also the most confusing, thanks to the dizzying array of available draft beers. Expert Joshua Bernstein comes to the rescue with *The Complete Beer Course*, demystifying the sudsy stuff and breaking down the elements that make a beer's flavor spin into distinctively different and delicious directions. Structured around a series of easy-to-follow classes, his course hops from lagers and pilsners to hazy wheat beers, Belgian-style abbey and Trappist ales, aromatic pale ales and bitter IPAs, roasty stouts, barrel-aged brews, belly-warming barley wines, and mouth-puckering sour ales. There is even a class on international beer styles and another on pairing beer with food and starting your own beer cellar. Through suggested, targeted tastings, you'll learn when to drink down-and when to dump those suds down a drain.

Set in the aftermath of the genocide in Rwanda, this novel dramatizes the difficulty of rebuilding a society that has been devastated by war. The main character, Musonera, is a survivor whose sad story is all too typical: he is the only member of his family to remain alive. Determined to resist the temptation to become lost in self-pity and bitterness, he accepts a job as a local sector leader and resolves to put all his energy into bringing about a new atmosphere of reconciliation--a daunting task in the face of so much entrenched hatred and so many raw memories. Musonera's wife, Harriet, wishes he would not leave her so often to carry out his official duties, and as the odds stack up against him, he despairs over the complex

issues that have to be tackled when a country has a long history of feuding groups.

In *In re Lewis*, what started out as a fun Saturday among teenage buddies ends in the slammer, when Tony Lewis, Matty Smith, and Tony's younger cousin Alex Duval are picked up by Nita City Police for conspiring to rob a convenience store at gunpoint. With Tony and Matty each having a history of juvenile delinquency, the stakes become high and each boy accuses the other of being the brains behind the heist. The State of Nita alleges that Tony committed robbery, theft, and trespassing—accusations buoyed by Matty's own admission to theft and testimony implicating Tony and Alex in the robbery. *In re Lewis* is designed to assist in the training of lawyers who work in juvenile court either prosecuting or defending children in delinquency matters. It can also be used as a bench trial for attorneys practicing in adult criminal court and a law school course in trial advocacy and juvenile law. To introduce more wrinkles into the case, professors may elect to teach supplemental detention materials on Tony Lewis, which include a report from Tony's probation officer, school transcripts and suspension notices, and letters of character reference. This case file refines the student's advocacy and examination skills, and features four witnesses for the prosecution and three for the defense, police reports, photos,

maps, and diagrams, as well as social media evidence in the form of posts to Facebook and Twitter that are accessible on online "microsites."

Assembled from a series of newspaper articles first published in the newspaper *Morning Chronicle* throughout the 1840s, this exhaustively researched, richly detailed survey of the teeming street denizens of London is a work both of groundbreaking sociology and salacious voyeurism. In an 1850 review of the survey, just prior to its initial book publication, William Makepeace Thackeray called it "tale of terror and wonder" offering "a picture of human life so wonderful, so awful, so piteous and pathetic, so exciting and terrible, that readers of romances own they never read anything like to it." Delving into the world of the London "street-folk"—the buyers and sellers of goods, performers, artisans, laborers and others—this extraordinary work inspired the socially conscious fiction of Charles Dickens in the 19th century as well as the urban fantasy of Neil Gaiman in the late 20th. Volume III explores the lives of: the "destroyers of vermin" street musicians "exhibitors of trained animals" dock laborers cab drivers steamboatmen vagrants and more. English journalist HENRY MAYHEW (1812-1887) was a founder and editor of the satirical magazine *Punch*.
