At the age of 11, Lee Shin Cheng left school to become an ice-cream seller.

Through sheer will and determination, he broke out of the clutches of poverty by constantly aiming for the skies.

Following his mother's advice to "do

good and be good", he made a name for himself as the founder of IOI Group, leaving behind great accomplishments in the palm oil and property sectors.

Because of his affinity with oil palm trees, he was also fondly known as "The Tree Whisperer".

Listed by Forbes as Malaysia's fifth-richest man in 2019, Tan Sri Dr Lee Shin Cheng remained steadfastly humble and down-to-earth despite his

success. Over the course of his career, he contributed selflessly to his country and community, advocating the importance of Chinese education and paying respects to his heritage through various philanthropic initiatives. The Tree Whisperer documents Tan Sri Dr Lee Shin Cheng's inspirational journey, told through a collection of personal stories shared by family

members, close friends, and business associates. His tenacity and enterprising spirit continue to live on in the pages of this book, as well as in the hearts of the people he touched.

This gripping action-packed book is the eagerly awaited sequel to the best-selling *Secret SAS Missions in Africa*. C

Squadron SAS, comprising dedicated battle-hardened veterans, operated against ruthless terrorist groups, trained and equipped by the Chinese and Russians between 1968 and 1980. The author, who rose to be the Squadron Second-in-Command, is superbly qualified to tell the inside story of their daring and deadly operations undertaken regardless of international borders in former Southern Rhodesia, Zambia, Angola and Mozambique. These include actively supporting Renamo, who were bitterly opposed to the Marxist/Lenini st Frelimo regime in Mozambique. Operation DINGO, the Squadron's largest mission, destroyed a large ZANU training base and almost tipped the balance of power against Mugabe. We learn the story behind the shooting down of two civilian aircraft in what is now Zimbabwe and the special force follow-up to exact revenge. Also described are anti-poaching operations against breakaway groups intent on trading ivory and rhino horns. With its fast pace, colorful characters and behind-the-lines operations, SAS Action in Africa is a superb and thrilling read. *Chilton's Repair &*
