Little Music Lessons for Kids Graphic Arts Books  
The Beginner Piano Lessons for Kids Book

with DVD by Jay Wamsted is designed to help the absolute beginning student learn to play the piano or keyboard. This step-by-step course is designed for elementary school-aged children (ages 5-11) and quickly teaches the student to play songs they will know and love. These lessons start by playing with just the right hand and gradually build to adding the left hand thumb

and learning how to play with both hands. Song arrangements were carefully selected to provide an easy transition from learning the basics to covering more interesting rhythms, techniques, and musical ideas. The book features standard music notation for each song and exercise along with fingering notation and hand shifts to make the course easier to learn. This method includes online access

to over an hour of video instruction that will help the child play with proper form and timing. The video shows the piano, both hands, and the sheet music on-screen at the same time. The audio tracks allow the student to practice and play along with easy songs at two speeds. The slower speed features just the piano playing the song. The faster version includes vocals and other

instruments in a performance-like setting. The combination of book, video, and audio make this the easiest to understand piano course for kids available. Songlist: Mary Had a Little Lamb, Ode to Joy, Hot Cross Buns, Jingle Bells, Oh When the Saints, Twinkle Twinkle Little Star, Rain Rain Go Away, This Old Man, Hush Little Baby, I Have a Little Dreidel, Frere Jacques, Alouette,

with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to higher levels themselves. There are totally 22 songs and 2 options to help children to begin to play right away.

CIRCLE PLAY WITH THE MUSICAL STAFF The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will

help kids remember the staff notes. For example: Mary Had a Little Lamb - Ver 1 - Circles Mary Had a Little Lamb - Ver 1 - Notes Level 2 In this part, you will find one version with both circles and notes, and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Version 1 - CIRCLES Hot Cross Buns - Version 1 - NOTES Hot Cross Buns - Version 2 -

NOTES (Here the player will play songs in a different key and learn how to transpose.) Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the end of this book. Level 3 Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to any keyboard instrument (such as Piano or Synthesizer). We offer 22 one-hand piano songs. Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of percussion instruments such as xylophone, glockenspiel, melodica, or recorder. Additionally, you find funny riddles with engaging activities to teach musical notes and symbols.

Let's face it.  
Most kids  
don't want to  
practice the  
piano. And if  
they do find  
the time to  
practice, it's  
usually  
because their  
parent kept  
nagging them.  
How  
frustrating!  
Piano teachers  
are frustrated  
too. It's nearly  
impossible to  
teach  
students new  
concepts  
when they  
don't  
understand  
the old ones--  
all because of  
a lack of  
practice. If  
you're a

parent in this  
situation, I  
have just the  
solution you're  
looking for. In  
this upbeat  
book, I share  
all the tips I've  
discovered in  
my 14 years  
of teaching  
piano. You'll  
learn fun,  
practical ways  
to get your  
kids to the  
keyboard. But  
this book goes  
one step  
further. I'll  
show you easy  
ways to  
encourage  
better quality  
practice. Even  
if you've  
never had a  
music lesson  
in your life! I  
wrote this  
book for kids  
of all ages.

There are creative ideas for elementary students and also a section for teens. There's even a section for what to do if your child wants to stop taking piano lessons. That's right, there is hope and my book will show you exactly how to get your child interested in piano again. Don't be the kind of parent who sits on the sidelines waiting until their child wants to practice. Piano lessons are too expensive for you to let

another "no-practice" day go by. This book is your answer to get your child to the keyboard, have good quality practice and develop a life-long love of music.  another is

 little zebra  
 loves to walk  
 and sings a

 song, she  
 repeats her

A Piano  
Lessons  
Beginners  
Guide for  
Children &  
Adults. This  
book is  
suitable for  
children and  
adults who are  
about to start  
piano,

keyboard or  
organ lessons.  
This book is  
aimed  
specifically at  
beginners who  
want to learn  
to play a  
keyboard  
instrument,  
this can be  
piano,  
electronic  
keyboard and  
electric organ.  
I actually  
wrote this  
book for  
myself to use  
as a resource  
when I teach  
new students  
how to play  
the piano.  
Since every  
piano  
keyboard  
player has had  
to learn  
what's in this  
book, it made  
sense to

create a book  
that's easy to  
follow and can  
easily be  
shared. This  
learn to play  
piano book  
should be  
used before  
you buy a  
course book,  
in fact it  
should be the  
first book you  
go to before  
you start to  
play the  
piano. All  
keyboard  
players know  
this  
information,  
all piano  
teachers will  
teach you the  
information in  
this book  
before giving  
you sheet  
music to play.  
This is not a  
learn to play

in 24 hours  
 book, its not  
 for advanced  
 players,  
 there's no  
 secrets in this  
 book, the info  
 in this book is  
 freely  
 available if  
 you want to  
 search for it. I  
 like to call the  
 info in this  
 piano book  
 "essential  
 information"  
 for students  
 who know  
 nothing about  
 music theory  
 and playing  
 the piano.  
 Here's what's  
 in this book:
