Kumon STEM Missions Workbooks offer students a fun way to practice interdisciplinary topics by combining science, technology, engineering, and math questions in order to

strengthen problem-solving skills. In this workbook, your child will complete several STEM "missions" designed to increase his or her critical thinking and problem-solving abilities. Each mission asks your child to read science passages, answer questions about the passages, solve math problems, and use the knowledge gained to create or design a solution (engineering) to a real word problem. Featuring Life Science, Earth Science, and Physical Science topics, these workbooks are sure to get your child interested in the connection between what he or she learns and how it can be applied to the real world.

It's a dark day for Itching Down. Four million wasps have just descended on the town, and the pests are relentless! What can be done? Bap the Baker has a crazy idea that just might work . . . Young readers will love this lyrical, rhyming text as they watch the industrious citizens of Itching Down knead, bake, and slather the biggest wasp trap there ever was! John Vernon Lord's bright ink and crayon illustrations fill the pages with humorous detail.
