A WALL STREET JOURNAL
BESTSELLER! "You can't
really know anything if
you just remember
isolated facts. If the facts
don't hang together on a
latticework of theory, you
don't have them in a

usable form. You've got to
have models in your
head." - Charlie Munger,
investor, vice chairman of
Berkshire Hathaway The
world's greatest problem-
solvers, forecasters, and
decision-makers all rely
on a set of frameworks
and shortcuts that help
them cut through
complexity and separate
good ideas from bad ones.
They're called mental
models, and you can find

them in dense textbooks
on psychology, physics,
economics, and more. Or,
you can just read Super
Thinking, a fun, illustrated
guide to every mental
model you could possibly
need. How can mental
models help you? Well,
here are just a few
examples... • If you've
ever been overwhelmed
by a to-do list that's
grown too long, maybe
you need the Eisenhower

Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to

help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let Super Thinking upgrade your brain with mental models.

Susan Cain, New York Times bestselling author of *Quiet*: "The world could surely use a little more love, a little more compassion, and a little more wisdom. In Love for

Imperfect Things, Haemin Sunim shows us how to cultivate all three, and to find beauty in the most imperfect of things--including your very own self." A #1 internationally bestselling book of spiritual wisdom about learning to love ourselves, with all our imperfections, by the Buddhist author of *The Things You Can See Only When You Slow Down* Hearing the words "be good to yourself first, then to others" was like being struck by lightning. Many of us respond to the pressures of life by

turning inward and ignoring problems, sometimes resulting in anxiety or depression. Others react by working harder at the office, at school, or at home, hoping that this will make ourselves and the people we love happier. But what if being yourself is enough? Just as we are advised on airplanes to take our own oxygen first before helping others, we must first be at peace with ourselves before we can be at peace with the world around us. In this beautiful follow-up to his

international bestseller *The Things You Can See Only When You Slow Down*, Zen Buddhist monk Haemin Sunim turns his trademark wisdom to the art of self-care, arguing that only by accepting yourself--and the flaws that make you who you are--can you have compassionate and fulfilling relationships with your partner, your family, and your friends. With more than thirty-five full-color illustrations, *Love for Imperfect Things* will appeal to both your eyes and your heart, and help

you learn to love yourself, your life, and everyone in it. When you care for yourself first, the world begins to find you worthy of care.

In October 1999, Abdurrahman Wahid, almost blind and recovering from a nearfatal stroke, was elected as Indonesia's fourth president. Referred to as 'Indonesia's surprising new president' by the Economist, the man who had commanded the highest respect of his fellow countrymen for his lifetime devotion to public service, liberal democracy and tolerant Islam, was impeached in humiliating and controversial circumstances less than two years later. Wise to

some, insolent to others, Abdurrahman's mercurial style of leadership constantly confounded critics and ultimately caused him to be widely misunderstood by both domestic and international observers. For the first time, biographer Greg Barton delves beneath the surface and gives us a unique insight into the man and his world drawn from his long relationship with Gus Dur - including being at his side during the final extraordinary months of the presidency.

Those interested in the drama of modern Indonesian politics will find this book provides a fascinating and invaluable account of the enigmatic Gus Dur.

Excerpt #1 He handed her an egg-shaped, pink vibrator and then

returned to his spot. The girl blinked again as she examined, with deep curiosity, the pink egg-shaped thing in her hand. "Don't make me wait. Put it inside," the man ordered and Abi swallowed. Abi had no idea whatsoever as to what this thing was. She had never seen anything like this before. She wanted to ask him what this thing was and what he meant by 'put it inside' but the man was so serious, she was afraid she'd fail the test if she showed him that she

didn't even know what this was. "Is this clean?" was what she asked instead and the man half-smiled. "It. Is. Very. Clean." He stressed out every word. Still unsure about what to do, Abi hesitantly looked at him and then in the next second, she put it inside her mouth. Excerpt #2 "All you have to do is follow three rules, Abigail..." He started and Abigail held her breathe in anticipation. She was a little nervous. "First, you will be home before or during twilight. Any later

than that and you'll be punished. Understand?" Abi blinked. She didn't expect that this was actually his first rule. "I understood... I just thought that my curfew is pretty early." She trailed off but Alexander just looked at her with eyes silently saying the words 'my house, my rules'. "Second, while you're in this house, you will listen to no one but me. Only do what I ask you to do. Understand?" Abi nodded again. "And last, but not the least -" "I won't ask or demand for your love. Got

it." Abi took the words out of his mouth and Alexander eyes glittered with something she couldn't fathom, as a smile curved on his face.

If you're an actress or a coed just trying to do a man-size job, a yes-man who turns a deaf ear to

some sob sister, an heiress aboard her yacht, or a bookworm enjoying a boy's night out, Diane Ravitch's internationally acclaimed *The Language Police* has bad news for you: Erase those words from your vocabulary! Textbook publishers and state education agencies have sought to root out racist, sexist, and elitist language in classroom and library materials. But according to Diane Ravitch, a leading historian of education, what began with the best of intentions has veered

toward bizarre extremes. At a time when we celebrate and encourage diversity, young readers are fed bowdlerized texts, devoid of the references that give these works their meaning and vitality. With forceful arguments and sensible solutions for rescuing American education from the pressure groups that have made classrooms bland and uninspiring, *The Language Police* offers a powerful corrective to a cultural scandal. *The Big Book of Mental Models* Penguin UK

 Disclaimer: The MC is extremely overpowered and talented but also naive/innocent at first due to his illness. If you cannot wait for character developments and dislike OP MCs, this is not your cup of tea. Furthermore, the 'Earth' in this novel is not the same Earth we are currently living on so do not use our common sense for this novel. This is pure fantasy, after all. --

H.H. is the spoilt, selfish, beautiful widow of the Maharaja of Mastipur. She lives with her dogs and her caretaker, Hans, in an enormous old house in Mussoorie, taking lovers and discarding them, drinking too much and fending off her reckless sons who are waiting hungrily for their inheritance. The seasons come and go, hotels burn down, cinemas shut shop and people leave the hill station never to return,

but H.H. remains constant and indomitable.

Observing her antics, often with disapproval, is her old friend Ruskin, who can never quite cut himself off from her.

Melancholic, wry and full of charm, Maharani is a delightful novella about love, death and friendship.

The English-language debut of Indonesia's rising star. The epic novel *Beauty Is a Wound*

combines history, satire, family tragedy, legend, humor, and romance in a sweeping polyphony. The beautiful Indo prostitute Dewi Ayu and her four daughters are beset by incest, murder, bestiality, rape, insanity, monstrosity, and the often vengeful undead. Kurniawan's gleefully grotesque hyperbole functions as a scathing critique of his young nation's troubled past:the

rapacious offhand greed of colonialism; the chaotic struggle for independence; the 1965 mass murders of perhaps a million "Communists," followed by three decades of Suharto's despotic rule. *Beauty Is a Wound* astonishes from its opening line: One afternoon on a weekend in May, Dewi Ayu rose from her grave after being dead for twenty-one

years.... Drawing on local sources—folk tales and the all-night shadow puppet plays, with their bawdy wit and epic scope—and inspired by Melville and Gogol, Kurniawan's distinctive voice brings something luscious yet astringent to contemporary literature. *Love for Imperfect Things*
