""The report is essential reading for policy makers, government workers, and academics pursuing the goal of equitable, sustainable development across the world."" - N. R. Narayana Murthy, Chairman and Chief Mentor Infosys Technologies Ltd. Information and communication technology (ICT) is rapidly evolving, changing rich and poor societies alike. It has become a powerful tool for participating in the global economy and for offering new opportunities for development efforts. ICT can and should advance economic growth and reduce poverty in developing countries. It has been 20 years since the first telephone operator was privatized, a little over 10 since the World Wide Web emerged, and 5 since the telecommunications bubble burst. How have the ICT sector and its role in development evolved? What have we learned? How can we move forward? Information and Communications for Development 2006: Global Trends and Policies contains lessons from both developed and developing countries. It examines the roles of the public and private sectors, identifying the challenges and the benefits of adopting and expanding ICT use. The report assesses topics essential to building an information society, including investment, access, diffusion, and country policies and strategies. Assessing what has worked, what hasn't, and why, this report is an invaluable guide for understanding how to capture the benefits of ICT around the world."

In Mordin On Time, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). Mordin On Time enables the reader to construct their own speed ratings wherever they live.

Natasha Munro is your typical twenty eight year old girl, well your typical twenty eight year old English loud 'n' proud Geordie; curvy, fun and a whole load of fab-u-lous. Her life is all going to plan - good job, great friends, close family and a loving boyfriend - until an unexpected event stands everything on its head. Nursing a broken heart and decked head-to-toe in tasselled chaps and rhinestones, Natasha and her flamboyant fairy of a gay best friend, Tink, uproot from their North-Eastern nest, throw caution to the wind and embark on a new life together in Canada. Canada - Land of the Rocky Mountains, maple syrup; oh, and an 'in-between movies' Hollywood mega-star. Enter infamous bad-boy of the big screen, Tudor North - Tudor 'bloody' North! Tudor is towering, brooding and gorgeous, and he is harbouring a deep secret. His outward demeanour is cold and intimidating, and with it he successfully keeps everyone at arm's length; that is everyone except a certain Ms. Munro. It soon becomes clear; what with her smart mouth and lusciously ample arse, that Natasha proves more than a match for our emotionally-distant mega-star. Will Natasha settle into her new life in Canada? Will she ever find her fairytale happy ending? Can a movie star and an ordinary girl from England ever really make it work? Or will the secrets lurking in Tudor's past scupper their chance of happiness? Eternally North is addictive, funny and heart-warming; a fast paced comedic journey of self-discovery; unyielding friendship and, of course, it would not be complete without a generous sprinkling of good old-fashioned British 'slap-and-tickle'. WARNING: Contains a foul-mouthed voluptuous Brit; a self-confessed and self-promoted Friggin' Fantastic Fairy; and an abundance of tattoo-smothered muscles nicely wrapped up in one gorgeous bad-boy package.

The Black Knight Chronicles: Lots of Vampires. No Sparkles. Serious Snark. BOOK ONE: HARD DAY'S

KNIGHT Children are missing. The police are stumped. Halloween is coming, and an ancient evil is on the horizon. The vampires are the good guys. This is not your ordinary fall weekend in Charlotte, North Carolina. Vampire private detectives Jimmy Black and Greg Knightwood have been hired to save a client from being cursed for all eternity, but end up in a bigger mess than they ever imagined. Suddenly trapped in the middle of a serial kidnapping case, Jimmy and Greg uncover a plot to bring forth an ancient evil. Soon, they've enlisted the help of a police detective, a priest, a witch, a fallen angel and a strip club proprietor to save the world. This unlikely band of heroes battles zombies, witches, neuroses and sunburn while cracking jokes and looking for the perfect bag of O-negative. BOOK TWO: BACK IN BLACK Vampire detectives Jimmy Black and Greg Knightwood investigate a series of assaults plaguing the alleys of Charlotte, North Carolina. The string of hate crimes becomes personal when Jimmy's just-maybe-main-squeeze Detective Sabrina Law's cousin is attacked. Helping a lady out could get the boys killed when they end up in Faerie. Before long, they're up to their butts in trolls, dark fae and a grand battle royale. The odds are against them, but to the boys, this is just another day on the night shift--if the night shift included a steel cage match of supernaturals. BOOK THREE: KNIGHT MOVES Et tu, Vampire? The boys discover they may be tied to a string of serial killings at the college and that they suddenly aren't the only vampire game in town. The vampire count in Charlotte is at least three. Or more. As far as the unhappy boys are concerned, anything more than two is a crowd not to be tolerated. While tracking down the killer and the competition, they encounter coeds, booby traps (not related to the coeds) and a hirsute bounty hunter with a moon fetish and a bad attitude. To catch the killer, Jimmy will have to survive a dive headfirst into the great unwashed horde of Dorkdom (game night at the local comic shop). What's a red-blood-drinking vampire to do? His job. Again. Praise for the Black Knight Chronicles-- "Honestly, this is one of the best books that I've read this year and certainly a new series that I will be following." --Black Lagoon Reviews "This is another great book in what will hopefully be a large and successful series. I know I will be eagerly awaiting the next installment." -- Indie Book Blog "I love this book. It makes me happy in a way that hasn't happened in a long, long time." --Keryl Raist, Author of Sylviana

Bully Nation is the most comprehensive analysis of bullying yet published. It is a brilliant book that refused to define bullying as merely a psychological concept. Instead, it addresses in great detail the interplay of bullying as having its roots in a range of historical, economic, political, and social conditions. In this instance, bullying functions as a metaphor to connect the private the public, specific acts of violence to larger forms of systemic violence. Rather than treat bullying as part of a rite of passage confined to the often difficult process of growing up, Derber and Magrass treat it as a systemic force that produces values, social relations, structures, and collective identities steeped in violence and aggression. This is a powerful and compelling book that addresses one of the most important social problems of our time.
