The 3rd International Conference on Law, Education and Social Sciences (ICLSSE) 2021 is an international forum to disseminate knowledge and research development among researchers, scholars, professionals, and those interested in research interests Law and Social Sciences and Social Education. This conference was organized by the Faculty of Law and Social Sciences, Universitas Pendidikan Ganesha. The theme of this third conference: "Social Resilience in a Post-Pandemic Era". No doubt that in the Pandemic Corona era, we all together experienced coronavirus outbreaks in the socio-cultural and economic life of the community. As an academician, we all have to study how in this new normal era we are trying to increase socio-cultural, socio-psychological, and socio-economic resilience of the society through various innovations that can be developed

together in research activities in the field of social sciences and law in general. So this conference can become a good vehicle for us to share all experiences and ideas about increasing social resilience in a post-pandemic era from many perspectives of Law, Social Science, and Social Education in general. Pemimpin 2015 (Issue 3) Asiapac Books Pte Ltd "Southeast Asian Affairs, first published in 1974, continues today to be required reading for not only scholars but the general public interested in in-depth analysis of critical cultural, economic and political issues in Southeast Asia. In this annual review of the region, renowned academics provide comprehensive and stimulating commentary that furthers understanding of not only the region's dynamism but also of its tensions and conflicts. It is a must read." -Suchit Bunbongkarn, Emeritus Professor, Chulalongkorn University "Now in its forty-fifth edition, Southeast Asian Affairs offers an indispensable guide to this fascinating region. Lively, analytical,

authoritative, and accessible, there is nothing comparable in quality or range to this series. It is a must read for academics, government officials, the business community, the media, and anybody with an interest in contemporary Southeast Asia. Drawing on its unparalleled network of researchers and commentators, ISEAS is to be congratulated for producing this major contribution to our understanding of this diverse and fast-changing region, to a consistently high standard and in a timely manner." -Hal Hill, H.W. Arndt Professor of Southeast Asian Economies, Australian National University

Music is an expression of feelings of the soul conveyed through the medium of sound. But not all sounds are music. It might be said that only an organised sound or series of sounds can be called music. Thus, music is connected to the eternal and constant flow and order of the universe, to the laws and rhythms of nature. It can also be said that musical order is comparable to the natural order of the universe.

There are laws of a certain nature in the natural sciences and likewise in music there are structures and procedures, or even rules, that should be followed to produce beautiful music. The International Conference "Innovations for 21st Century Music Education and Research" provided a timely

opportunity to take stock of the latest developments in music education and brought together educators, researchers and members of the broader community in a welcoming forum in which they were able to express theoretical and practical views, concepts, research results and principles to help support the further development of music education.

[Gateway to Singapore Culture \(2018 Edition - PDF\)](#) European Alliance for Innovation Hydrography much more than just a nautical chart. Hydrography is the key of the economy gates and the spearhead of national maritime defense of the state. Cita-cita mewujudkan Negara Maritim dalam visi Indonesia sebagai Poros Maritim Dunia hampir melewati lima tahun pertamanya. Berbagai tantangan muncul, karena sekian waktu sebelumnya, kebijakan nasional Indonesia lebih berbasis pada daratan daripada lautan. Aneka rupa tantangan dalam Tujuh Pilar Poros Maritim Dunia menyisakan persoalan serius tentang kurangnya apresiasi para pemangku kepentingan terhadap arti penting hidrografi. Selama ini, hidrografi dianggap sebelah mata, karena jamak dipahami, hanya merupakan peta laut. Pada kenyataannya, Tujuh Pilar Poros Maritim Dunia mustahil terlaksana tanpa peran hidrografi. Data

hidrografi yang mutakhir, akurat, terpercaya, dan modern dibutuhkan dalam setiap kebijakan pembangunan kemaritiman. Beberapa tahun terakhir, Pusat Hidrografi dan Oseanografi TNI Angkatan Laut (Pushidrosal) berikhtiar menjadi Lembaga Hidrografi Nasional dan Pusat Informasi Geospasial Kelautan Terbaik di Dunia. Secara strategis, dengan hidrografi, Pushidrosal bertekad menjadi ujung tombak visi Indonesia sebagai Poros Maritim Dunia. Tugas mulia ini hanya dapat diemban oleh pribadi-pribadi takwa dalam ampuan kepemimpinan yang berorientasi akhirat, yakni kepemimpinan robbani. Keikhlasan menerima takdir Allah Ta'ala serta ikhtiar meraih kemanfaatan yang istiqamah, beriring rasa bersyukur yang terus-menerus, dapat berimplikasi pada kepemimpinan yang kuat. Indonesia dapat tumbuh dan tegak berdiri sebagai bangsa yang kuat, makmur, dan bermartabat dengan religiusitas yang terjaga. Dengan berjamaah, tugas seberat apa pun, tidak lagi terasa berat.  Buku ini mengulas konflik internal PPP dan PKS yang terjadi pada dekade kedua pascareformasi. Pada dekade ini, kedua partai yang mencantumkan "Islam" sebagai asas partai tersebut mengalami berbagai konflik. Beberapa konflik diakibatkan perbedaan dukungan dalam koalisi pencapresan, perebutan jabatan ketua umum, juga konflik yang melibatkan individu dengan elite partai (ketua umum).  We are delighted to introduce the proceedings of the 3rd International Colloquium on Interdisciplinary Islamic Studies. It is annual event hosted and organised by the Graduate School of State Islamic University of Syarif Hidayatullah Jakarta. It was fully 2 days event 20-21 October 2020 by Virtual (online) mode

with 3 keynotes speakers: Prof. Abdel Aziz Moenadil from the University of Ibn Thufail, Maroko, Prof Wael Aly Sayyed from the University of Ain Syams, Cairo, Mesir, and Assoc. Prof. Aria Nakissa, Ph.D. from Harvard University. The proceeding consisted of 41 accepted papers from the total of 81 submission papers. The proceeding consisted of 6 main areas of Interdisciplinary Islamic Studies. They are: Islam and medicine, Islam and Science and Technology, Islam and Psychology, Islam and Education, Quran and Hadits, and Islamic Studies with other various aspects. All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections, and thereafter contributed to the improvement of the quality of the papers. Research in Islamic studies and Muslim societies today also increasingly uses interdisciplinary methods and approaches. In order to produce more objective findings, the researchers looked at the need to combine several methods or approaches to an object of study, so that they had additional considerations needed.

These additional considerations add a more comprehensive perspective. In this way, in turn they can come up with better findings. Interdisciplinary Islamic studies dispute that Islam is monolithic, militaristic, and primarily Middle Eastern. We strongly believe that ICIS conference has become a good forum for all researcher, developers, practitioners, scholars, policy makers, especially post graduate students to discuss their understandings of current processes and findings, as well as to look at possibilities for setting-up new trends in SDG and Islamic Interdisciplinary Studies. We also expect that the future ICIS conference will be as successful and stimulating, as indicated by the contributions presented in this volume. *JCI Malaysia Official Publication* GUEPEDIA

Sebagai falsafah bangsa, Pancasila menjadi bagian terpenting dari perjalanan panjang sejarah bangsa Indonesia sejak era pra kemerdekaan hingga reformasi ini. Dengan demikian, Pancasila harus dijadikan sebagai cara hidup (way of life) seluruh komponen bangsa dalam kehidupan bermasyarakat, berbangsa, dan bernegara. Kini sudah

tidak zamannya, Pancasila hanya diajarkan secara formal dan kaku di bangku pendidikan, namun yang terpenting justru penghayatan dan pengamalan nilai-nilai Pancasila dalam kehidupan sehari-hari. Buku ini mencoba mengungkap seluk beluk Pancasila dalam perspektif seorang santri, mengingat beberapa bagian dari buku ini merupakan hasil dialektika dan diskusi

kelas dengan mahasiswa Ma'had Aly Al-Iman Purworejo. Titik tekan buku ini adalah untuk menumbuhkan keyakinan ideologis mahasiswa terhadap Pancasila sebagai falsafah dan dasar negara Indonesia serta membangkitkan (kembali) semangat *hubb al-wathan min al-îmân*, sebagai bagian dari komitmen santri terhadap ideologi Negara Kesatuan Republik Indonesia.
