CLARENCE MOYER

Oxford Modern English Grammar HarperCollins UK
 A reference book presenting the most important facts about modern English. It is alphabetically organized and easy to use, compares both British and American usage, focuses on typical errors in many different languages and gives detailed coverage of particular topics.

Work on Your Grammar Collins Cobuild

This major new edition of the Collins COBUILD English Usage is a modern, easy-to-use and in-depth guide to English usage, aimed at upper-intermediate and advanced learners and teachers of English. Collins COBUILD English Usage has been designed to help learners to use individual words correctly, and choose the right words and structures for the meaning they want to convey. The title not only explains what English words mean, but also provides information on how the words actually work. The title

covers a range of different areas of the English language, to help learners use the language naturally and effectively. It provides clear information on easily confused words, words with similar meanings, and help with words that are often tricky for learners to understand. Entries are organized alphabetically so that they are easy to find, and each has a clear explanation of when and how to use the word. Each entry also includes examples from the Collins Corpus, which show how the words are really used in everyday English. In addition to information on usage, the title includes helpful grammar boxes, which explain elements of English grammar which students need to be able to write and speak in English. A supplement of various topics, including punctuation and academic writing, will help to ensure that learners have all the information they need to be able to communicate effectively and accurately. Collins COBUILD English Usage has been thoroughly revised and updated, based on extensive corpus research and is now easier to use than ever. With additional information on American English, and warning

notes highlighting particular problems, Collins COBUILD English Usage is an indispensable tool for learning English today.

A Student's Introduction to English Grammar HarperCollins UK

Collins COBUILD Elementary English Grammar & Practice Collins Cobuild

Vocabulary HarperCollins UK

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not * a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say $3 \times 4 = 12$? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

English Usage (Collins Cobuild) HarperCollins UK
