DEVIN BATES

A Pot Enthusiast's Guide to Growing Marijuana Courier Corporation
 Based on the popular Munchies and Viceland television series Bong Appétit, this cannabis cookbook features 65 "high"-end recipes for sweet and savory dishes as well as cocktails. Inspired by the popular MUNCHIES and Viceland television series, Bong Appétit is the Joy of Cooking for a new generation interested in making serious, sophisticated food--with weed. Bong Appétit breaks down the science of infusing (oils, butters, milks, alcohol, and more) with cannabis, and offers recipes ranging from weed butter-basted chicken to weed chimichurri to weed brownie sundaes. Along the way, the book hits on marijuana politics, dosage, and pairing strains and flavors, and has tips from MUNCHIES vast network of friends and experts, including "Bong Appétit" stars Ry Prichard and Vanessa Lavorato.
[A Guide to the World of Cannabis, from Dispensaries to Dinner Parties](#) Twelve
 The emergence and disintegration of states, often under

conditions of appalling violence, is a problem of primary importance in the world. Chad's long experience of civil strife and foreign intervention illustrates some of the fundamental difficulties involved in the attempt to achieve political stability through armed intervention. Covering Chad's thirty years of civil strife, Limits of Anarchy looks at foreign intervention in Chad's civil war and the effects of such intervention on state construction. The first major study of Chad to appear in English for many years, the book pays particular attention to French, Chadian, and other African political reflections on the problem of Chad. Chadians still hope to construct a viable national state. Nolutshungu looks at their rival approaches to state building under external constraints and at reasons for their failure.
From Antiquity to the Present John Hunt Publishing
 When Jason King blew our minds with the first two CANNABIBLE books, we never imagined that the best was still to come. In CANNABIBLE 3, he's back with a whole new crop of marijuana strains, accompanied by informative and entertaining notes on their flavors, aromas, and effects. King heralds the latest achievements in overseas breeding, recommends the best bud for winding down after a stressful day, and discovers a nug that tastes uncannily like tropical Lifesavers candy. Packed with

enough mouth-watering photos to induce a contact high, CANNABIBLE 3 is the perfect gift for pot aficionados and a must-have for fans of the first two volumes.

Tasty Fall Cooking Broadway Books

A full-color illustrated guide to making 35 origami-inspired, conversation-piece joints. Bored of the same old joint? Next time 4:20 rolls around, put a new twist on your spliff using this step-by-step guide. Start by perfecting the basic joint, move on to ornate blunts, then get freaky with multi-pronged doobies. With the use of medical marijuana on the upswing, and with celebrities like Woody Harrelson espousing the cannabis cause, there's never been a better time to take this stoner art to the next level. With its rolling paper-inspired design, colorful cartoon instructions, and irreverent take on toking, SPLIFFIGAMI will have every ganja girl and bud boy lighting up in style.

Higher Etiquette Cambridge University Press

Enna is a girl who doesn't believe in herself and often utters the phrase "I can't do that!" One night in a dream she sees all the possible future versions of herself, discovering that she can be any of those versions with time, knowledge and dedication. She develops a growth mindset throughout her journey and instead of saying "I can't do that," she learns to say "I can't do that YET!"

Brave New Weed Running Press Miniature Editions

The former editor-in-chief of *Details* and *Star* adventures into the fascinating "brave new world" of cannabis, tracing its history and possible future as he investigates the social, medical, legal, and cultural ramifications of this surprisingly versatile plant. Pot. Weed. Grass. Mary Jane. We all think we know what cannabis is and what we use it for. But do we? Our collective understanding of this surprising plant has been muddled by politics and morality; what we think we know isn't the real story. A war on cannabis has been waged in the United States since the early years of the twentieth century, yet in the past decade, society has undergone a massive shift in perspective that has allowed us to reconsider our beliefs. In *Brave New Weed*, Joe Dolce travels the globe to "tear down the cannabis closet" and de-mystify this new frontier, seeking answers to the questions we didn't know we should ask. Dolce heads to a host of places, including Amsterdam, Israel, California, and Colorado, where he skillfully unfolds the odd, shocking, and wildly funny history of this complex plant. From the outlandish stories of murder trials where defendants claimed "insanity due to marijuana consumption" to the groundbreaking success stories about the plant's impressive medicinal benefits, Dolce paints a fresh and much-needed portrait of cannabis, our changing attitudes toward it, and the brave new direction science and cultural acceptance are leading us. Enlightening, entertaining, and thought-provoking, *Brave New Weed* is a compelling read that will surprise and educate proponents on both sides of the cannabis debate.

Mac OS X Tiger in a Nutshell Ten Speed Press

Completely updated for Django 4.0 & Django REST Framework 3.13! Django for APIs is a project-based guide to building modern web APIs with Django & Django REST Framework. It is suitable for beginners who have never built an API before as well as professional programmers looking for a fast-paced introduction to Django fundamentals and best practices. Over the course of 200+ pages you'll learn how to set up a new project properly, how web APIs work under the hood, and advanced testing and deployment techniques. Three separate projects are built from scratch with progressively more advanced features including a Library API, Todo API, and Blog API. User authentication, permissions, documentation, viewsets, and routers are all covered thoroughly. Django for APIs is a best-practices guide to building powerful Python-based web APIs with a minimal amount of code.

Marathas and the Marathas Country: The Marathas University of Virginia Press

Now in its eighth edition, *The Moral of the Story* continues to bring understanding to difficult concepts in moral philosophy through storytelling and story analysis. From discussions on Aristotle's virtues and vices to the moral complexities of the *Game of Thrones* series, Rosenstand's work is lively and relatable, providing examples from contemporary film, fiction narratives, and even popular comic strips. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: • SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. • Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. • Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here:

35 Mini Marijuana Cakes to Bake and Decorate St. Martin's Press

A smart and funny YA novel from Jennifer Honeybourn, *When Life Gives You Demons* Some people have school spirit. Shelby Black has real ones. Shelby Black has spent the past six months training to be an exorcist. Her great-uncle Roy—a Catholic priest—has put her through exorcist boot camp hell, hoping to develop her talent, but ohmygod, he still doesn't trust her to do an exorcism on her own. High school is hard enough without having to explain that you fight demons for a living, so Shelby keeps her extracurricular activity to herself. The last thing she wants is for her crush, Spencer, to find out what she does in her off time. But Shelby knows how to keep a secret—even a big one. Like the fact that her mom left under mysterious circumstances and it's all her fault. Shelby is hellbent on finding her mom, no matter what it costs her—even if what it ends up costing her is her soul AND a relationship with Spencer. Praise for Wesley James *Ruined My Life*: "Everything readers expect and want from a lighthearted summer teen romance...Pitch-perfect." —School Library Journal "Light, cute, and a quick read." —The Eater of Books "Immensely readable, utterly charming and absolutely unput-downable." —Jennifer McKenzie

Land of Two Rivers Simon and Schuster

This book traces the evolution of theories of warfare in India from the dawn of civilization, focusing on the debate between Dharmayuddha (Just War) and Kutayuddha (Unjust War) within Hindu philosophy. This debate centers around four questions: What is war? What justifies it? How should it be waged? And what are its potential repercussions?

Mastering the Art of Cooking with Weed [A Cookbook] W. W. Norton & Company

Do you want to understand Neural Networks and learn everything about them but it looks like it is an exclusive club? Are you

fascinated by Artificial Intelligence but you think that it would be too difficult for you to learn? If you think that Neural Networks and Artificial Intelligence are the present and, even more, the future of technology, and you want to be part of it... well you are in the right place, and you are looking at the right book. If you are reading these lines you have probably already noticed this: Artificial Intelligence is all around you. Your smartphone that suggests you the next word you want to type, your Netflix account that recommends you the series you may like or Spotify's personalised playlists. This is how machines are learning from you in everyday life. And these examples are only the surface of this technological revolution. Either if you want to start your own AI enterprise, to empower your business or to work in the greatest and most innovative companies, Artificial Intelligence is the future, and Neural Networks programming is the skill you want to have. The good news is that there is no exclusive club, you can easily (if you commit, of course) learn how to program and use neural networks, and to do that Neural Networks for Beginners is the perfect way. In this book you will learn: The types and components of neural networks The smartest way to approach neural network programming Why Algorithms are your friends The "three Vs" of Big Data (plus two new Vs) How machine learning will help you making predictions The three most common problems with Neural Networks and how to overcome them Even if you don't know anything about programming, Neural Networks is the perfect place to start now. Still, if you already know about programming but not about how to do it in Artificial Intelligence, neural networks are the next thing you want to learn. And Neural Networks for Beginners is the best way to do it. Download Neural Network for Beginners now to get the best start for your journey to Artificial Intelligence. Scroll to the top of the page and click the BUY NOW button.

That's so fetch! The Mean Girls Magnets mini kit features 10 magnets emblazoned with some of the most memorable one-liners from the comedic masterpiece. Also included is a 32-page mini "Burn Book" with quotes and images from the 2004 film. Magnets feature the following grool phrases: On Wednesdays we wear pink You go Glen Coco She doesn't even go here So you agree? You think you're really pretty? Is butter a carb? SO fetch Get in loser, we're going shopping I'm a mouse, duh I'm not like a regular mom. I'm a cool mom. Boo, you whore

Colliding Worlds: How Cutting-Edge Science Is Redefining Contemporary Art Running Press Miniature Editions
Complete overview of Mac OS Jaguar (Mac OS X 10.2) including basic system and network administration features, hundreds of tips and tricks, with an overview of Mac OS X's Unix text editors and CVS.

Mean Girls Magnets Andrews McMeel Publishing
A dazzling look at the artists working on the frontiers of science. In recent decades, an exciting new art movement has emerged in which artists utilize and illuminate the latest advances in science. Some of their provocative creations—a live rabbit implanted with the fluorescent gene of a jellyfish, a gigantic glass-and-chrome sculpture of the Big Bang (pictured on the cover)—can be seen in traditional art museums and magazines, while others are being made by leading designers at Pixar, Google's Creative Lab, and the MIT Media Lab. In *Colliding Worlds*, Arthur I. Miller takes readers on a wild journey to explore this new frontier. Miller, the author of *Einstein*, *Picasso* and other celebrated books on science and creativity, traces the movement from its seeds a century ago—when Einstein's theory of relativity helped shape the thinking of the Cubists—to its flowering today. Through interviews with innovative thinkers and artists across disciplines, Miller shows with verve and clarity how discoveries in biotechnology,

cosmology, quantum physics, and beyond are animating the work of designers like Neri Oxman, musicians like David Toop, and the artists-in-residence at CERN's Large Hadron Collider. From NanoArt to Big Data, Miller reveals the extraordinary possibilities when art and science collide.

Biology 12 Ten Speed Press

Emily Post has gone to pot. As we enter the dawn of a new "post-prohibition" era, the stigma surrounding cannabis use is fading, and the conversation about what it means to get high is changing. When it comes to being a respectful, thoughtful, and responsible consumer of pot, there is a lot you need to know. In *Higher Etiquette*, Lizzie Post--great-great granddaughter of Emily Post and co-president of America's most respected etiquette brand--explores and celebrates the wide world of legalized weed. Combining cannabis culture's long-established norms with the Emily Post Institute's tried-and-true principles, this book covers the social issues surrounding pot today, such as: • How to bring it to a dinner party or give it as a gift • Why eating it is different from inhaling it • How to respectfully use it as a guest • Why different strains affect you in different ways • How to behave at a dispensary • How to tackle pot faux pas such as "canoed" joints and "lawn-mowed" bowls This handy guide also provides a primer on the diverse array of cannabis products and methods of use, illuminating the many convenient and accessible options available to everyone from experienced users to newbies and the canna-curious. Informative, charming, and stylishly illustrated, this buzzworthy book will make the ultimate lit addition to your stash.

Volcanoes Swoon Reads

BongologyN. the Art of Creating 35 of the World's Most Bongtastic Marijuana Ingestion Devices Random House Digital, Inc.

Abrams

It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in *Shaq Talks Back*, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. *Shaq Talks Back* is the story of how potential became reality-- how someone expected to be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: * Playing at Louisiana State University for the unpredictable coach Dale Brown * Signing the biggest rookie contract ever with the Orlando Magic-- and going to the NBA Finals for the first time * What happened next: dissention, disappointment, and his decision to leave for Los Angeles * The dysfunctional Lakers who were never able to win the big games * Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team * Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others * The trouble with free throws... * "Bling-bling" and women: the larger-than-life world of NBA players off the court * Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, *Shaq Talks Back* is the true voice of the NBA's best player.

When Life Gives You Demons HarperCollins

This heart-stopping historical mystery from plot-master Avi will reach the wide audience it deserves with its fresh and compelling new cover treatment! The night Edmund's twin sister, Sis, goes missing, the streets of nineteenth-century Providence, Rhode Island, are filled with menacing shadows. As Edmund frantically searches the city, he tries to make sense of what happened: He only left Sis alone long enough to buy bread. How did she vanish in the mere minutes he was gone? Just as Edmund is about to lose hope of finding her, a stranger appears out of the mist and offers to help. But the man is gloomy and full of secrets. He seems to need Edmund to carry out plans of his own. Can Edmund trust him? And if he doesn't take the chance, how will he ever find his sister?

The Book of Sexy Games Basic Books

This kit offers tangible proof that the couple that plays together stays together." The perfect Valentine's Day charmer, this clever kit includes 10 games as well as a foldout game board to inspire your inner-Cupid. With its 10 hilariously sexy games, this board book with foldout game board is the perfect gift for your lover (or the bride- or groom-to-be) for Valentine's Day, an anniversary, or any special occasion. Here are the perfect risqué (but tasteful) games to liven up a rainy evening or spice up a party with friends: If Only, Truth or Bare, Strip Hangman, Breathless, Naked Twister, and more. If you can't decide what to play, then spin Cupid's arrow and let it decide for you. Step-by-step instructions and handy diagrams accompany each game to provide additional guidance. Tip boxes that offer extra advice on how to spice up each activity are also included.
