Por Que Los Hombres Aman a Las Cabronas

Editorial Diana S.A. De C.V.

Essential reading for our times, as women are pulling together to demand their rights— A landmark portrait of women, men, and power in a transformed world. “Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand.” –The Washington Post Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And “the end of men”—the title of Rosin’s Atlantic cover story on the subject—has entered the

lexicon as dramatically as Betty Friedan’s “feminine mystique,” Simone de Beauvoir’s “second sex,” Susan Faludi’s “backlash,” and Naomi Wolf’s “beauty myth” once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and channel it for a better future.

A Guide for Women

Who Are Too Nice David & Charles Publishers

Do you feel like you are too nice? Sherry Argov's *Why Men Love Bitches* delivers a unique perspective as to why men are attracted to a strong woman who stands up for herself. With saucy detail on every page, this no-nonsense guide reveals why a strong woman is much more desirable than a "yes woman" who routinely sacrifices herself. The author provides compelling answers to the tough questions women often ask: · Why are men so romantic in the beginning and why do they change? · Why do men take nice girls for granted? · Why does a man respect a woman when she stands up for herself? Full of advice, hilarious real-life

relationship scenarios, "she says/he thinks" tables, and the author's unique "Attraction Principles," *Why Men Love Bitches* gives you bottom-line answers. It helps you know who you are, stand your ground, and relate to men on a whole new level. Once you've discovered the feisty attitude men find so magnetic, you'll not only increase the romantic chemistry—you'll gain your man's love and respect with far less effort.
