Thermal & Fluids Analysis Workshop  
 (TFAWS) Femap Flow Mayahtt Femap®  
 Flow software is a computational fluid  
 dynamics (CFD) solution that is fully  
 embedded into the native Femap  
 environment. It provides fast, efficient  
 and accurate functionality to simulate  
 fluid flow and heat transfer for complex  
 parts and assemblies. Femap Flow can  
 also be explicitly coupled Femap Flow -  
 Maya HTTFemap is a comprehensive and  
 cost-effective solution for prototyping  
 and evaluating the real-world  
 performance of products. Explore the  
 Simcenter Femap Features. Seamless  
 Integration. Easy integration with other  
 FEMs and CAD solutions ensures  
 comprehensive simulation and

engineering analysis. Simcenter Femap,  
 finite-element (FE) solution - Maya

Femap 11.4.2: New Flow Modeler Features Description: FEMAP TMG Thermal is a comprehensive heat transfer simulation package which adds state-of-the-art thermal analysis to Femap. Using advanced finite difference control volume technology, Femap TMG Thermal makes it easy to accurately model nonlinear and transient heat transfer processes including conduction, radiation, free and forced convection, duct flow, and phase change. Retail Product: FEMAP TMG - Space Industry Directory Thermal/Flow Solvers Kevin Duffy MAYA Heat Transfer Technologies Ltd kevin.duffy@mayahtt.com (514) 369-5706. NX CAE Development Goals · Broaden the range of solutions available for both analysts and design engineers in the NX environment ... FEMAP Thermal/Flow TMG & TMG Flow Core Solver I-DEAS FEMAP NX. NX Thermal/Flow Solver Products ... NX Product Roadmap Thermal/Flow Solvers Combined with Femap-Thermal, it is an effective tool for simulating coupled heat-transfer and fluid flow phenomena. This workshop will provide hands-on tutorials for the attendees to simulate transient on-orbit articulated spacecraft using Femap Thermal Advanced, as well as complex heat transfer within an electronics box using Femap Thermal/Flow. 2010 Thermal and Fluids Analysis Workshop Program Summaries Structural analysis From simple statics to complex dynamic simulations, we have answers to your structural problems. With the help of computer-aided simulation we can evaluate your product in a fully virtual environment. Structural analysis - aero FEMnx thermal flow tutorial Nx thermal flow tutorial Combined with Femap-Thermal, it is an effective tool for

simulating coupled heat-transfer and fluid flow phenomena.
