Long associated with the pejorative  
cliches of the drug-trafficking trade and  
political violence, contemporary  
Colombia has been unfairly stigmatized.

This study of the Miami music industry  
and Miami's growing Colombian  
community asserts that popular music  
provides an alternative common space  
for imagining and enacting Colombian  
identity.

"Having been born a freeman, and for  
more than thirty years enjoyed the  
blessings of liberty in a free State—and  
having at the end of that time been

kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Puerto Rico is often depicted as a "racial democracy" in which a history of race mixture has produced a racially harmonious society. In Remixing

Reggaetón, Petra R. Rivera-Rideau shows how reggaetón musicians critique racial democracy's privileging of whiteness and concealment of racism by expressing identities that center blackness and African diasporic belonging. Stars such as Tego Calderón criticize the Puerto Rican mainstream's tendency to praise black culture but neglecting and marginalizing the island's black population, while Ivy Queen, the genre's most visible woman, disrupts the associations between whiteness and respectability that support official discourses of racial democracy. From censorship campaigns on the island that sought to devalue reggaetón, to its subsequent mass marketing to U.S. Latino listeners, Rivera-Rideau traces reggaetón's origins and its

transformation from the music of San Juan's slums into a global pop phenomenon. Reggaetón, she demonstrates, provides a language to speak about the black presence in Puerto Rico and a way to build links between the island and the African diaspora.

A hybrid of reggae and rap, reggaeton is a music with Spanish-language lyrics and Caribbean aesthetics that has taken Latin America, the United States, and the world by storm. Superstars—including Daddy Yankee, Don Omar, and Ivy Queen—garner international attention, while aspiring performers use digital technologies to create and circulate their own tracks. Reggaeton brings together critical assessments of this wildly popular genre. Journalists, scholars, and artists delve into reggaeton's local roots and its transnational dissemination; they

parse the genre's aesthetics, particularly in relation to those of hip-hop; and they explore the debates about race, nation, gender, and sexuality generated by the music and its associated cultural practices, from dance to fashion. The collection opens with an in-depth exploration of the social and sonic currents that coalesced into reggaeton in Puerto Rico during the 1990s. Contributors consider reggaeton in relation to that island, Panama, Jamaica, and New York; Cuban society, Miami's hip-hop scene, and Dominican identity; and other genres including reggae en español, underground, and dancehall reggae. The reggaeton artist Tego Calderón provides a powerful indictment of racism in Latin America, while the hip-hop artist Welmo Romero Joseph

discusses the development of reggaeton in Puerto Rico and his refusal to embrace the upstart genre. The collection features interviews with the DJ/rapper El General and the reggae performer Renato, as well as a translation of “Chamaco’s Corner,” the poem that served as the introduction to Daddy Yankee’s debut album. Among the volume’s striking images are photographs from Miguel Luciano’s series Pure Plantainum, a meditation on identity politics in the bling-bling era, and photos taken by the reggaeton videographer Kacho López during the making of the documentary *Bling’d: Blood, Diamonds, and Hip-Hop*. Contributors. Geoff Baker, Tego Calderón, Carolina Caycedo, Jose Davila, Jan Fairley, Juan Flores, Gallego (José

Raúl González), Félix Jiménez, Kacho López, Miguel Luciano, Wayne Marshall, Frances Negrón-Muntaner, Alfredo Nieves Moreno, Ifeoma C. K. Nwankwo, Deborah Pacini Hernandez, Raquel Z. Rivera, Welmo Romero Joseph, Christoph Twickel, Alexandra T. Vazquez *Dracula in Visual Media* Lulu.com (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line. **Biography Shakira** Hal Leonard Publishing Corporation The definitive biography of Aaliyah—the talented R&B singer and artist whose tragic death at only twenty-two years old shocked the entertainment world and solidified her as an unforgettable music

legend, featuring new in-depth research and exclusive interviews. By twenty-two years old, Aaliyah had already accomplished a staggering amount: hit records, acclaimed acting roles, and fame that was just about to cross over into superstardom. Like her song, she was already “more than a woman” but her shocking death in a plane crash prevented her from fully growing into one. Now, two decades later, the full story of Aaliyah’s life and cultural impact is finally and lovingly explored. *Baby Girl* features never-before-told stories, including studio anecdotes, personal tales, and eyewitness accounts on the events leading up to her untimely passing. Her enduring influence on today’s artists—such as Rihanna, Drake, Lana del Rey, and many more—is also

revealed, providing Aaliyah’s discography a cultural critique that is long overdue. Eye-opening, moving, and as unforgettable as its subject, *Baby Girl* is a necessary read for anyone who has been touched by Aaliyah’s music and story. This book was written without the participation of Aaliyah’s family/estate. [An A to Z of Almost Everything](#) JR Books Limited

*Set Fire To The Rain* has a fantastic Piano accompaniment, strong, thick harmonies and bold unison parts. A setting of the song from Adele’s second studio album *21* arranged for SATB Choir and Piano arranged by Christopher Hussey. This is the perfect song for an overwhelming concert finale or to create a striking centre-piece for a dramatic choral programme.

DIV A tough Welshman, he was softened by the affections of a breathtakingly beautiful woman: she was a modern-day Cleopatra madly in love with her own Mark Antony. For quarter of a century, Elizabeth Taylor and Richard Burton were the king and queen of Hollywood. Yet their two marriages to each other represented much more than outlandish romance. Together, Elizabeth and Richard were a fascinating embodiment of the mores and transgressions of their time and even luminaries like Jacqueline Kennedy looked to them as a barometer of the culture. The enduring glamour, grandeur, drama and bravado embodied in the couple gave rise to the type of rabid gossip and wide-eyed adoration

that are the staples of today's media. Using brand-new research and interviews – including unique access to Taylor herself, the Burton family, and Taylor's extensive personal correspondence – this ultimate celebrity biography is the gripping real-life story of a fairy-tale couple whose lives were even grander and more outrageous than the epic films they made. /div

#### Fortune Telling at Your Fingertips

Thomas Nelson

This book traces the development of popular cinema from its inception to the present day to understand why humankind has expanded its viewing of popular movies over the last century. Drawing from his extensive work as a psychologist studying artistic canons,

James E. Cutting presents hundreds of films across a wide range of genres and eras, considers the structure of frame content, shots, scenes, and larger narrational elements defined by color, brightness, motion, clutter, and range of other variables. He examines the effects of camera lenses, image layout, transitions, and historical functions to classify different kinds of shots. He explains the arcs of scenes, the larger structure of sequences, and the scene- and sequence-like units that have become increasingly prevalent in recent years. The book then breaks movies into larger, roughly half-hour parts and espouses the psychological evidence behind each device's intended effect, ultimately exploring the rhythms of

whole movies, the flow of physical changes, and the cinematic polyrhythms that have come to match aspects those in the human body. Along the way, the book considers cultural and technological evolutions that have contributed to shifts in viewers' engagement by sustaining attention, promoting understanding of the narrative, heightening emotional commitment, and fostering felt presence in the story. *Movies on Our Minds* asks critical questions about how our emotional processes and the way our experiences of movies have changed over the course of cinematic history, for a cutting-edge look at what makes popular movies enjoyable.
