## ELLIANA SANAA

**British or American English?** Orient Blackswan

An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It encourages teachers to appreciate factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference materials.

*Practical English Usage Diagnostic Tests* Routledge

Practical English Usage answers the questions that teachers and learners ask about English grammar and vocabulary, using clear corpus-informed explanations and examples.

**Oxford English Grammar Course: Advanced: with Answers CD-ROM Pack** Cambridge University Press

Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – introduction, development, exploration and

extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. English Grammar: provides a wide-ranging introduction to English grammar, drawing on a variety of international authentic texts, including newspapers, novels and academic texts, to help learners understand concepts and theories in more depth; is written in clear, concise prose in order to present basic concepts and key terms in an accessible way to learners with little or no background in grammar instruction; emphasises the autonomy of the learner through activities and exercises which are suited to both native speakers and learners of English alike; includes a selection of readings from key academics in the field including Michael Halliday, Michael McCarthy, Caroline Coffin and John Sinclair. Drawing on the strengths of the original textbook, this second edition features: new readings from Christian Jones, Daniel Waller and Thomas E. Payne; revised questions, suggestions and issues to consider; and a brand new companion website featuring interactive audio files of authentic spoken English, links to further reading and new grammar tasks. Written by an experienced teacher and researcher, this accessible textbook is an essential resource for all students of English language and linguistics.

**Practical English Usage** Routledge

Presents a collection of over 600 alphabetically arranged entries that explain important problems in English grammar and usage, including idiom, style, spelling, pronunciation, and more.

*Thinking about Language Teaching* Cambridge University Press

Contains eighteen academic and pedagogical articles and seven satirical pieces. Brings Michael Swan's best known and most widely cited articles

together in a single book for the first time. This creates a unique and valuable resource both for people already familiar with these articles and for those discovering them through this collection. Articles were all originally published in leading journals such as Applied Linguistics and the English Language Teaching Journal. All articles are published in their original form, but each one has an introduction by the author written specifically for this book, giving readers a historical and personal perspective on the topics discussed. Suitable for a wide audience, including teacher trainers, practising and trainee teachers, as well as academics and researchers.

*Brighter Grammar* Cambridge University Press

Expert linguist Grant Barrett gives you all the tools you need to improve your everyday communication--from perfecting your punctuation to polishing your speaking skills--with his accessible, go-to grammar guide. *English Grammar* McGraw Hill Professional

Brighter Grammar is a highly successful and popular series that makes the teaching and learning of the English language fun. Material is presented in a simple, clear, lively and, sometimes amusing manner.

*The Cambridge English Course 1. Practice Book with Key.* Cambridge University Press

Speakers of British and American English display some striking differences in their use of grammar. In this detailed survey, John Algeo considers questions such as: •Who lives on a street, and who lives in a street? •Who takes a bath, and who has a bath? •Who says Neither do I, and who says Nor do I? •After 'thank you', who says Not at all and who says You're welcome? •Whose team are on the ball, and whose team isn't? Containing extensive quotations from real-life English on both sides of the Atlantic, collected over the past twenty years, this is a clear and highly organized guide to the differences - and the similarities - between the grammar of British and American speakers. Written for those with no prior knowledge of linguistics, it shows how these grammatical differences are linked mainly to particular words, and provides an accessible account of contemporary English in use.

**Practice book** Practical English Usage Practical English Usage answers the questions that teachers and learners ask about English grammar and vocabulary, using clear corpus-informed explanations and examples. Practical English Usage An English usage reference guide addresses problem points in the language as encountered by learners and their teachers, including information on grammar, vocabulary, idiom, style, pronunciation, and spelling. Oxford English Grammar Course: Advanced: with Key (includes E-book) How English Works

A practical reference guide to help teachers to predict and understand the problems their students have.

OUP Oxford

Covers written and spoken British and American English and reviews grammar, usage, punctuation, and phonetics

*An A-Z of English Grammar & Usage* Oxford

In a completely thoroughly edition of 'An A-Z of English Grammar and Usage' - an established favourite among teachers - Geoffrey leech and his colleagues provide teachers and learners of English with a unique reference grammar. Accessible, easy-to-use, dictionary-like format. Comprehensive coverage of English grammar in over 600 fully cross-referenced entries. - common grammatical key words, such as 'more', 'what'', 'unless' 'can'. - Main terms for talking about grammar, meaning and usage, such as 'indirect object', 'pronoun', 'tag question'. - Extra language and communicative ehelp, such as 'greetings', 'introductions', 'punctuation', 'letter writing', e-mails'. Simple and clear explanations, supported by real-life examples, diagrams, and entertaining new illustrations Helpful notes on style, intonation, and British and American usage.

*How English Works* OUP Oxford

Each section opens with a lively presentation page which introduces the point of grammar. Grammar explanations are short, clear and easy to remember. Colour is used to highlight grammatical contrasts. Each grammar explanation is followed immediately by an activity, so that students can practise before moving on to the next explanation. Engaging practice activities include internet exercises which enable students to see how language is used in real life, and personalisation activities allow students to use the grammar to talk about themselves. The interactive e-books allow students to do all the exercises on a tablet or computer, both online and offline. Recordings of texts provide added listening practice.

*Teaching English Grammar* Addison-Wesley Longman Limited

Comprehensive course divided into 20 units, each focusing on a different grammar point. With glossary of grammar points, various exercises, illustrations, examples, and answers. Suitable for self-study, building vocabulary, and developing grammar skills.

*The Oxford English Grammar* Oxford University Press

An alphabetical guide to the most common problems of grammar and vocabulary.
