The Recent Evolution of the American Pastoral Myth Penguin

In his eighty-seven years, Norman Maclean played many parts: fisherman, logger, firefighter, scholar, teacher. But it was a role he took up late in life, that of writer, that won him enduring fame and critical acclaim—as well as the devotion of readers worldwide. Though the 1976 collection *A River Runs Through It and Other Stories* was the only book Maclean published in his lifetime, it was an unexpected success, and the moving family tragedy of the title novella—based largely on Maclean's memories of his childhood home in Montana—has proved to be one of the most enduring American stories ever written. The

Norman Maclean Reader is a wonderful addition to Maclean's celebrated oeuvre. Bringing together previously unpublished materials with incidental writings and selections from his more famous works, the Reader will serve as the perfect introduction for readers new to Maclean, while offering longtime fans new insight into his life and career. In this evocative collection, Maclean as both a writer and a man becomes evident.

Perceptive, intimate essays deal with his career as a teacher and a literary scholar, as well as the wealth of family stories for which Maclean is famous. Complete with a generous selection of letters, as well as excerpts from a 1986 interview, The Norman Maclean Reader provides a fully fleshed-out portrait of this much admired author, showing us a writer fully aware of the nuances of his craft, and a man as at home in the academic environment of the University of Chicago as in the quiet mountains of his beloved Montana. Various and moving, the works collected in The Norman Maclean Reader serve as both a summation and a celebration, giving readers a chance once again to hear one of American literature's most distinctive voices.

India is killing the Ganges, and the Ganges in turn is killing India. The waterway that has nourished more people than any on earth for three millennia is now so polluted with sewage and toxic waste that it has become a menace to human and animal health. Victor Mallet traces the holy river from source to mouth, and from ancient times to the present day, to find that the battle to rescue what is arguably the world's most important river is far from lost. As one Hindu sage told the author in Rishikesh on the banks of the upper Ganges (known to Hindus as the goddess Ganga) - 'If

Ganga dies, India dies. If Ganga thrives, India thrives. The lives of 500 million people is no small thing.' Drawing on four years of first-hand reporting and detailed historical and scientific research, Mallet delves into the religious, historical, and biological mysteries of the Ganges, and explains how Hindus can simultaneously revere and abuse their national river. Starting at the Himalayan glacier where the Ganges emerges pure and cold from an icy cave known as the Cow's Mouth and ending in the tiger-infested mangrove swamps of the Bay of Bengal, Mallet encounters everyone from the naked holy men who worship the river, to the engineers who divert its waters for irrigation, the scientists who study its bacteria, and Narendra Modi, the Hindu nationalist prime minister, who says he wants to save India's mother-river for posterity. Can they succeed in saving the river from catastrophe — or is it too late?

An Excerpt from A River Runs Through it Grove/Atlantic, Inc. An environmental history of the Nashua River, from its discovery by Indians through the polluting years of the Industrial Revolution to the ambitious clean-up that revitalized it.

Graced by Waters Columbia Tristar Home Entertainment Academy Award-winning director Robert Redford captures the majesty of the Montana Wilderness and the strength of the American family in this acclaimed adaptation of Norman Maclean's classic autobiography. Craig Sheffer stars as the young Norman, and Brad Pitt also stars as his brother Paul, an irresistible daredevil driven to challenge the world. Growing up, both boys rebel against their stern minister father. While Norman channels his rebellion into writing, Paul descends a slippery path to self-destruction. Co-starring Tom Skerritt as the Reverend

Maclean and Emily Lloyd as wild-hearted Jessie Burns, A river runs through it is "destined to become a classic. It's a knockout."

A devastating and lyrical work of nonfiction, *Young Men and Fire* describes the events of August 5, 1949, when a crew of fifteen of the US Forest Service's elite airborne firefighters, the Smokejumpers, stepped into the sky above a remote forest fire in the Montana wilderness. Two hours after their jump, all but three of the men were dead or mortally burned. Haunted by these deaths for forty years, Norman Maclean puts together the scattered pieces of the Mann Gulch tragedy in *Young Men and Fire*, which won the National Book Critics Circle Award. Alongside Maclean's now-canonical *A River Runs through It and Other Stories*, *Young Men and Fire* is recognized today as a classic of the American West. This twenty-fifth anniversary edition of Maclean's later triumph—the last book he would write—includes a powerful new foreword by Timothy Egan, author of *The Big Burn* and *The Worst Hard Time*. As moving and profound as when it was first published, *Young Men and Fire* honors the literary legacy of a man who gave voice to an essential corner of the American soul.

Named a Best Book of the Year by the Seattle Times and Kirkus Review The final novel from a great American storyteller. Donal Cameron is being raised by his grandmother, the cook at the legendary Double W ranch in Ivan Doig's beloved Two Medicine Country of the Montana Rockies, a landscape that gives full rein to an eleven-year-old's imagination. But when Gram has to have surgery for "female trouble" in the summer of 1951, all she can think to do is to ship Donal off to her sister in faraway Manitowoc, Wisconsin. There Donal is in for a rude surprise: Aunt Kate—bossy, opinionated, argumentative, and tyrannical—is nothing like her sister. She henpecks her good-natured husband, Herman the German, and Donal can't seem to get on her good side either. After one contretemps too many, Kate packs him back to the authorities in Montana on the next Greyhound. But as it turns out, Donal isn't traveling solo: Herman the German has decided to fly the coop with him. In the immortal American tradition, the pair light out for the territory together, meeting a classic Doigian ensemble of characters and having rollicking misadventures along the way. Charming, wise, and slyly funny, *Last Bus to Wisdom* is a last sweet gift from a writer whose books have

bestowed untold pleasure on countless readers.

A Natural and Unnatural History University of Chicago Press
Just as Norman Maclean writes at the end of "A River Runs through It" that he is "haunted by waters," so have readers been haunted by his novella. A retired English professor who began writing fiction at the age of 70, Maclean produced what is now recognized as one of the classic American stories of the twentieth century. Originally published in 1976, *A River Runs through It and Other Stories* now celebrates its twenty-fifth anniversary, marked by this new edition that includes a foreword by Annie Proulx. Maclean grew up in the western Rocky Mountains in the first decades of the twentieth century. As a young man he worked many summers in logging camps and for the United States Forest Service. The two novellas and short story in this collection are based on his own experiences—the experiences of a young man who found that life was only a step from art in its structures and beauty. The beauty he found was in reality, and so he leaves a careful record of what it was like to work in the woods when it was still a world of horse and hand and foot, without power saws, "cats," or four-wheel drives. Populated with drunks, loggers, card sharks, and whores, and set in the small towns and surrounding trout streams and mountains of western Montana, the stories concern themselves with the complexities of fly fishing, logging, fighting forest fires, playing cribbage, and being a husband, a son, and a father. By turns raunchy, poignant, caustic, and

elegiac, these are superb tales which express, in Maclean's own words, "a little of the love I have for the earth as it goes by." A first offering from a 70-year-old writer, the basis of a top-grossing movie, and the first original fiction published by the University of Chicago Press, *A River Runs through It and Other Stories* has sold more than a million copies. As Proulx writes in her foreword to this new edition, "In 1990 Norman Maclean died in body, but for hundreds of thousands of readers he will live as long as fish swim and books are made."

National Book Award Finalist: A "beautifully written, deeply felt" memoir about growing up in the American West (Los Angeles Times). Ivan Doig grew up in the rugged wilderness of western Montana among the shepherders and denizens of small-town saloons and valley ranches. What he deciphers from his past with piercing clarity is not only a raw sense of land and how it shapes us, but also of the ties to our mothers and fathers, to those who love us, and our inextricable connection to those who shaped our values in our search for intimacy, independence, love, and family. A powerfully told story, *This House of Sky* is uniquely American—yet also universal in its ability to awaken a longing for an explicable past. "Engrossing and moving."—*Time Exams LX0-101 and LX0-102* Springer

In the 1950s, a series of dams was proposed along the Brazos River in north-central Texas. For John Graves, this project meant that if the stream's regimen was thus changed, the beautiful and sometimes brutal surrounding countryside would also change, as would the lives of the people whose rugged ancestors had eked out an existence there. Graves therefore decided to visit that

stretch of the river, which he had known intimately as a youth. *Goodbye to a River* is his account of that farewell canoe voyage. As he braves rapids and fatigue and the fickle autumn weather, he muses upon old blood feuds of the region and violent skirmishes with native tribes, and retells wild stories of courage and cowardice and deceit that shaped both the river's people and the land during frontier times and later. Nearly half a century after its initial publication, *Goodbye to a River* is a true American classic, a vivid narrative about an exciting journey and a powerful tribute to a vanishing way of life and its ever-changing natural environment.

Ivan Doig's companion memoir to his bestselling *This House of Sky*—inspired by the letters his mother wrote during World War II—is “a lyrical evocation of the Doigs' gallantly hardscrabble existence and love for the unforgiving Montana mountains” (San Francisco Chronicle). Raised by his father and maternal grandmother, Ivan Doig grew up with only a vague memory of his mother, who died on his sixth birthday. Then he discovered a cache of her letters, and through them, a spunky, passionate, can-do woman emerged. His mother was as at home in the saddle as behind a sewing machine, and as in love with language as her son. In this prize-winning prequel to his acclaimed memoir *This House of Sky*, Doig brings to life his childhood before his mother's death, and the family's journey from the Montana

mountains to the Arizona desert and back again. “Profoundly original and lustrous,” (Kirkus Reviews) Doig eloquently captures the texture of the American West during and after World War II, the fortune of a family, and one woman's indomitable spirit. Doig is “a colloquial stylist without equal...and *Heart Earth* is a book that repeatedly proves the power of language” (Los Angeles Times).

A Chronicle of Family and a River Vintage

An exciting, comprehensive story of a River and the city that grew up along its banks. It begins with the legend of how the River acquired its name in prehistoric times. You can almost hear the clatter of military horses and men who built the first Fort Lauderdale. It brings to life the rugged men and women who settled along its banks and built it into a world class international business and financial center. It is an easy enjoyable read for a day at the beach, but it is also an important document for historians and researchers. It is fully indexed and end noted with references. 200 pages.
