**Just Thinking** Springer Nature  
 The only book Michael Jackson ever wrote about his life It chronicles his humble beginnings in the Midwest, his early days with the Jackson 5, and his unprecedented solo success. Giving unrivalled insight into the King of Pop's life, it details his songwriting process for hits like Beat It, Rock With You, Billie Jean, and We Are the World; describes how he developed his signature dance style, including the Moon Walk; and opens the door to his very private personal relationships with his family, including sister Janet, and stars like Diana Ross, Berry Gordy, Marlon Brando, Quincy Jones, Paul McCartney, and Brooke Shields. At the time of its original

publication in 1988, MOONWALK broke the fiercely guarded barrier of silence that surrounded Michael Jackson. Candidly and courageously, Jackson talks openly about his wholly exceptional career and the crushing isolation of his fame. MOONWALK is illustrated with rare photographs from Jackson family albums and Michael's personal photographic archives, as well as a drawing done by Michael exclusively for the book. It reveals and celebrates, as no other book can, the life of this exceptional and beloved musician.

"Avery Gordon's stunningly original and provocatively imaginative book explores the connections linking horror, history, and haunting." —George Lipsitz "The text is of great value to anyone working on issues pertaining to the fantastic and the uncanny." —American Studies International "Ghostly Matters immediately establishes Avery Gordon as a leader among her generation of social and cultural theorists in all fields. The sheer beauty of her language enhances an intellectual brilliance so daunting that some readers will mark the day they first read this book. One must go back many more years than most of us can remember to find a more important book." —Charles Lemert Drawing on a range of sources, including the fiction of Toni Morrison and Luisa Valenzuela (*He Who Searches*), Avery Gordon demonstrates that past or haunting social forces control present life in different and more complicated ways than most social analysts presume. Written with a power to match its subject, *Ghostly Matters* has advanced the way we look at the complex intersections of race, gender, and class as they traverse our lives in sharp relief and shadowy manifestations. Avery F. Gordon is professor of sociology at the University of California, Santa Barbara. Janice Radway is professor of literature at Duke University.

The Atlantic slave trade continues to haunt the cultural memories of Africa, Europe and the Americas. There is a prevailing desire to forget: While victims of the African diaspora tried to flee the sites of trauma, enlightened Westerners preferred to be oblivious to the discomfiting complicity between their enlightenment and chattel slavery. Recently, however, fiction writers have ventured to 'remember' the Black Atlantic. This book is concerned with how literature performs as memory. It sets out to chart systematically the ways in which literature and memory intersect, and offers readings of three seminal Black Atlantic novels. Each reading illustrates a particular poetic strategy of accessing the past and presents a distinct political outlook on memory. Novelists may choose to write back to texts, images or music: Caryl Phillips's *Cambridge* brings together numerous fragments of slave narratives, travelogues and histories to shape a brilliant montage of long-forgotten texts. David Dabydeen's *A Harlot's Progress* approaches slavery through the gateway of paintings by William Hogarth, Sir Joshua Reynolds and J.M.W. Turner. Toni Morrison's *Beloved*, finally, is steeped in black music, from spirituals and blues to the art of John Coltrane. Beyond differences in poetic strategy, moreover, the novels paradigmatically reveal distinct ideologies: their politics of memory variously promote an encompassing transcultural sense of responsibility, an aestheticist 'creative amnesia', and the need to preserve a collective 'black' identity.

Enjoy this classic content from the Beth Moore library for the first time or as a refresher to your faith. It is the same great Bible study with a new look! You Are Christ's Beloved John the apostle must have thought he had seen everything. Having been with Jesus all the years of His ministry, John witnessed more miracles than he could count, saw more displays of power than he could comprehend, and experienced more love than he could fathom. John was there when Jesus turned the water to wine, offered living Water to the woman at the well, yielded to His Father's will in the garden of Gethsemane, and gave His life on a Roman cross. And one unforgettable morning young John outran Peter to his Savior's empty tomb. Yet God had more in store for the Son of Thunder. As the other disciples were martyred one by one, John remained to write his sublime Gospel proclaiming Jesus' identity as the eternal Word of God. In his three letters John left a legacy of divine love to ignite the passion of future believers. And while exiled on Patmos, John recorded His risen Lord's glorious revelation of victory and hope. John referred to himself as "the disciple whom Jesus loved." Just as Christ took John on a lifelong journey into the depths of His love, He will do the same for you. The Bridegroom's love is unmatched and inexhaustible, and He is waiting to lavish it on you, His beloved. **The Master-Key to Riches** Hachette UK *The Well-Beloved* by Thomas Hardy *The Well-Beloved* completes the cycle of Hardy's great novels, reiterating his favourite themes of man's eternal quest for perfection in both love and art, and the suffering that ensues. Jocelyn Pierston,

celebrated sculptor, tries to create an image of his ideal woman - his imaginary Well-Beloved - in stone, just as he tries to find her in the flesh. Powerful symbolism marks this romantic fantasy that Hardy has grounded firmly in reality with a characteristically authentic rendering of location, the Isle of Slingers, or Portland as we know it. Overt exploration of the relationship between erotic fascination and creativity makes this novel a nineteenth-century landmark in the persistent debate about art, aesthetics and gender. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. *Be Happy (Deluxe Edition)* BPI Publishing This book offers a long overdue, extensive study of one of the most beloved television shows: Friends. Why has this sitcom become the seminal success that it is? And how does it continue to engage viewers around the world a quarter century after its first broadcast? Featuring original interviews with key creative personnel (including co-creator Marta Kauffman and executive producer Kevin S. Bright), the book provides answers by identifying a strategy of intimacy that informs Friends' use of humour, performance, style and set design. The authors provide fascinating analyses of some of the most well-remembered scenes—the one where Ross can't get his

leather pants back on, and Ross and Rachel's break-up, to name just a couple—and reflect on how and why A-list guest performances sometimes fell short of the standards set by the ensemble cast. Also considered are the iconic look of Monica's apartment as well as the programme's much discussed politics of representation and the critical backlash it has received in recent years. An exploration of Joey, the infamous spin-off, and several attempts to adapt Friends' successful formula across the globe, round out the discussion, with insights into mistranslated jokes and much more. For students, scholars, creative industry practitioners and fans alike, this is a compelling read that lets us glimpse behind the scenes of what has become a cultural phenomenon and semi-permanent fixture in many of our homes.

*Under an English Moon* Venom publisher Set in the 1940s and 1960s, Bringing Tony Home is a masterful modern example of a timeless genre, the bildungsroman. In the title novella, a boy returns to his old home to find Tony, his beloved dog who was abandoned when economic circumstances forced the family to leave. "Bringing Tony Home" recounts this perilous journey in detail, movingly tracing the boy's rescue attempts and his spiraling emotions as he endures changes occurring in his family. In "Elsewhere: Something Like a Love Story," a young boy finds forbidden love with a schoolmate scorned for her poverty. "Elsewhere" continues their saga, touching on the bittersweet memories they share as adults, and on the woman's increasingly precarious place in a society concerned only with status. The other stories, "Poor Young Man: A Requiem" and "Hark, The Moaning Pond: A Grandmother's Tale," delve into a young man's relationship with his father as the latter's fortunes fade, and into the now-mature man's attempts to come to grips with the death of his grandmother and what she symbolized. Abeysekara's ability to evoke the sights and sounds of another time and place, and his skill in rendering the inner lives of his characters, make Bringing Tony Home a remarkable read.

Theories and Texts, a guide written by students for students, explores the critical ideas of twelve of the most influential philosophers of the last 150 years - Marx, Freud, Bakhtin, Lacan, Derrida, Barthes, Foucault, Bhaba, as well as a variety of feminist critics (Kristeva & the French feminists, black feminists, and theological feminists), New Historicists, and Postcolonialists. Carefully "digested" and then set out in lucid and easily accessible language, these essays explain major ideas of each critical approach and exemplify them through practical application to one or more literary texts. At a time when "theory" is on everybody's lips and yet is often more of a deterrent than an attraction for students of literature and culture, these essays show how theories can enrich our understanding of literature, facilitate our analysis of a particular text, elucidate the multiple layers of meaning, and thus significantly enhance the *joissance* in our acts of reading.

She accepted a humiliating request to save her family business. Her father had tragically died after her pregnancy, and her fiancé conspired with her stepsister to chase her out from the Mont family. Returning three years later, she had no

choice but to provoke the arrogant man to reclaim her late father's villa. However, she was cornered by the man. Trembling, she said, "Mr Fudd, I didn't mean to offend you..." He pondered for a moment and said, "It's too late, I need compensation." Why was he gradually turning the fake marriage into reality? She blushed but he did not care. Amused, he frowned and stared at her. "You have children, what's the point of being so reserved?" With wide eyes, the cute munchkin standing next to her held her hand and said, "Mummy, I want a little brother!"

With the continued expansion of the literary canon, multicultural works of modern literary fiction and autobiography have assumed an increasing importance for students and scholars of American literature. This exciting new series assembles key documents and criticism concerning these works that have so recently become central components of the American literature curriculum. Each casebook will reprint documents relating to the work's historical context and reception, present the best in critical essays, and when possible, feature an interview of the author. The series will provide, for the first time, an accessible forum in which readers can come to a fuller understanding of these contemporary masterpieces and the unique aspects of American ethnic, racial, or cultural experience that they so ably portray. This casebook to Morrison's classic novel presents seven essays that represent the best in contemporary criticism of the book. In addition, the book includes a poem and an abolitionist's tract published after a slave named Margaret Garner killed her child to save her from slavery--the very incident Morrison fictionalizes in *Beloved*.
