The Materialities of Greek Tragedy Paulist Press
"Between c. 900-400 BC the Etruscans were the innovative, powerful, wealthy, and sophisticated elite of Italy. Their archaeological record is both substantial and fascinating, including tomb paintings, sculpture, jewellery, and art."
The Dog, the Wolf and God Children of Medjugorje. Inc
Two classic Rumanian fairy tales by one of Europe's most beloved authors. Little Petru braves an icy winter night and a haunted well to save his mother, learning along the way that human decency is more valuable than all the conventional piety in the world. In a touching allegory with pre-Christian roots, the Sun-Child collects the tears of humankind in crystal philtres, risking all the while being consumed by the heat of the sun and the weight of human woe.
Pierre Reverdy Non Pareil Books
This book explores the political and religious

world of early Bourbon France, focusing on the search for stable accord that characterised its political and religious life. Chapters examine developments that shaped the Bourbon realm through the century: assertions of royal authority, rules of political negotiation, and the evolution of Dévot piety.

Objects and Affect in Aeschylus, Sophocles, and Euripides Legare Street Press
In a quiet holiday town in the Italian Apennines, during a torrid summer, a string of gruesome deaths stirs up trouble in the local community. A suspected suicide which Inspector Cataldo is called in to investigate brings to the surface shady events belonging to the past, and a mysterious foreigner shakes up the delicate social balance of a group of friends who have a lot to hide.

L'infermiere e il pazzo

 Mario Praz (1896-1982)
 was among the great scholar/critics of the last century. His studies of iconography and seventeenth-century art remain unsurpassed and indispensable. His most famous work, *The Romantic Agony*, examines the themes of sexuality and morbidity that permeated so much late-eighteenth and nineteenth-century literature. But *The House of Life* comes as close to his autobiography as anything we are likely to encounter, and it is a quirky and magical book. In simplest terms, it is a house tour, but Praz's Roman apartment was no ordinary house; it was a *wunderkammer*, a house of wonders, rooms replete with objects d'art and sculpture, walls hung with paintings and prints, bureaus overflowing with postcards and ephemera. And Praz is no ordinary guide; he leads you, the reader, through each room lecturing on the objects therein. What emerge are his passions, his immense erudition, his insatiable curiosity, his undeniable amiability, his infectious enthusiasm. What might have been a predictable didactic

exercise is transformed and expanded into a multi-layered disquisition on the nature of art, on the challenge of investigation and discovery, on the idiosyncracies of personalities, on the serendipitous way in which art and the objects we choose to surround us tell stories that go far beyond their purely physical attributes. Early on, Edmund Wilson recognized this book as a masterpiece, its author as something of a genius. Inspector Cataldo's Criminal Summer HarperCollins UK

Originating in England in the mid 1950s, Pop Art developed its full potential in the USA in the 1960s. It substitutes the everyday for the splendid; mass-produced articles are assigned the same importance as one-offs;

the difference between high culture and popular culture is swept away. Media and advertising are among the preferred contents of Pop Art, which celebrates the consumer society in its own witty fashion. The enthusiasm generated by Pop Art since the first works were exhibited has never died down -- it is greater today than ever before. Book jacket.

A Comparative Analysis

Antonio Giangrande

A compendium of spiritual guidance in a beautiful special edition. "Every moment and every event in every man's life on Earth plants something in his soul," wrote Thomas Merton. A Trappist monk, Merton was both a poet and a theologian who pondered monastic life. He was praised for his meditations and conversations with God, as well as interfaith dialogue, tolerance, and non-violent activism during the Civil Rights Movement and Vietnam War. *On Christian Contemplation*, edited by Merton scholar Paul Pearson, is a collection of the great monk's work, compiled into a gift-size edition. With poems, reflections, and social commentary, this is the perfect book to nurture

the spirit of faith and duty guided by one of the twentieth century's leading voices of theology and social justice.

The Secret Language of Dante Alighieri Edwin Mellen Press
 Situated within contemporary posthumanism, this volume offers theoretical and practical approaches to materiality in Greek tragedy. Established and emerging scholars explore how works of the three major Greek tragedians problematize objects and affect, providing fresh readings of some of the masterpieces of Aeschylus, Sophocles, and Euripides. The so-called

new materialisms have complemented the study of objects as signifiers or symbols with an interest in their agency and vitality, their sensuous force and psychosomatic impact-and conversely their resistance and irreducible aloofness. At the same time, emotion has been recast as material "affect,†? an intense flow of energies between bodies, animate and inanimate. Powerfully contributing to the current critical debate on materiality, the essays collected here destabilize established interpretations, suggesting alternative approaches and pointing toward a newly robust sense of the physicality of Greek tragedy.

 A book this genuine was needed! Sister Emmanuel offers through it a pure echo of Medjugorje, the eventful village where the Mother of God has been appearing since 1981. She shares at length some of the personal stories of the villagers, the visionaries, and the pilgrims who flock there by the thousands, receiving great healings. Ten years of awe have inspired this book. These 89 stories offer a glimpse into the miracles of Mary's motherly love. More than just a book, this is a (one-way) ticket to happiness! "This book fills me with joy, as I too am a supporter, protector and propagator of Medjugorje.

Sister Emmanuel's presence in Medjugorje is providential: she has a charism of clarity to explain in the messages and events of Medjugorje." Monsignor Frane Franic Archbishop Emeritus of Split (Croatia) "The Gospa is a Mom; she invites us to be her vehicles, really happy, and not floating in the clouds. She calls us to be concrete like her. That's why this book is important! It reveals the marvels our Mother works in our hearts, through Medjugorje. I pray to God for the readers: may this book help you, may these testimonies be an example to change your life." Marija Pavlovic-Lunetti One of the Visionaries at Medjugorje A must read! "The Hidden Child of Medjugorje" (2007) Fr. Jozo Zovko says, "In this book, Sr. Emmanuel has gathered the most beautiful pearls! She offers them to the reader that they may be enriched. It gives great joy, revealing facts, people and events of great value and teaching." Available in bookstores and online at: www.childrenofmedjugorje.com

The Politico-Legal Dynamics of Judicial

Review New York Review of Books
Readers seeking to understand the resurgence of fascism in the world today should profit from Emilio Lussu's account. This is an autobiography through which the reader encounters men and women caught up in the brutalizing of a State whose opponents suffer the consequences of holding to principle. In Sardinia in the 1920's a bourgeois class fell easy prey to fascism. Lussu's personal, humorous, warm, perceptive, ironic and telling account of his own humiliation and punishment, affords the reader the unique perspective of a man at the centre of opposition to a movement which would eventually plunge Europe into war.

Compendium of the Social Doctrine of the Church Bloomsbury Publishing

The principle of legal certainty is of fundamental importance for law and society: it has been vital in stabilising normative expectations and in providing a framework for social interaction, as well as defining the scope of individual freedom and

political power. Even though it has not always been fully realised, legal certainty has also functioned as a normative ideal that has structured legal debates, both at the national and transnational level. This book presents research from a range of substantive areas regarding the meaning, possibility and desirability of legal certainty in the context of a rapidly changing global society. It aims to address these issues by bringing together scholars from various jurisdictions in order to examine changes in the shifting meaning of legal certainty in a comparative and transnational context. In particular, the book explores some of the tensions that now exist between the conventional expectation of legal certainty and the various challenges associated with regulating highly complex, late modern economies and societies. The book will be of interest to lawyers concerned with understanding the transformation of core rule of law values in the context of contemporary social change, as well as to political scientists and social theorists.
