Learn English Grammar in 2 Weeks is a peerless book for those who are interested in having a written and spoken command of the English language. The fascination of this international language is unmatched. But it is replete with pitfalls which must be carefully avoided if one does not want to become a butt of laughter either in written or spoken English. Let us quote from the book itself; ♥♥A student of the English language ought to know the difference between 'English' and 'the English♥♥ This book is a treasure house of modern and current usage in English. As one flips through the pages of the book; one gains in knowledge and confidence The mystery of the English language unfolds itself in every page of this wonderful treatise. It is a single volume book that combines source grammar and practice exercises while explaining the rules of grammar and tackling seemingly contradictory rules. Since the book is for students of an Intermediary level, concise explanations are provided. It focuses on topics like grammar contrasts (whether to use 'would' or 'used to' in past tense construct) and grammar patterns for example will be going among others. What will you Learn from THE BEST BOOK OF ENGLISH GRAMMAR ✓ The book also explores more than hundred units of grammar concepts and each unit is allocated two pages. While the left hand page is filled with grammar concepts with concise examples, the facing page comprises of practice exercises. ✓ This format has been followed to ensure that each point is brief but comprehensive. ✓ The book has been designed in such a way that it gives students freedom to choose what unit they want to practice. ✓ The order of the book does not need to be strictly followed as it is a revision guide and each topic is complete and self contained. Therefore, a student can just begin from the middle of the book, concentrate on the unit he or she finds difficulty in. If a student gets stuck at a certain exercise.

Progressive Exercises in English Composition Cambridge University Press

The Key to the Blue Workbook gives clear, thoroughly-explained answers to all exercises in the Blue Workbook, one of four workbooks in the Grammar for the Well-Trained Mind series, providing detailed, well-designed exercises in the correct use of English grammar. The Key to the Blue Workbook gives clear, thoroughly-explained answers to all exercises in the Blue Workbook, one of four non-sequential books in the Grammar for the Well-Trained Mind series, providing detailed, well-designed exercises in the correct use of English grammar. The Key, along with the accompanying Blue Workbook and the Core Instructor Text, make up Grammar for the Well-Trained Mind: a complete course that takes students from basic definitions ("A noun is the name of a person, place, thing, or idea") through advanced sentence structure and analysis, all the grammar skills needed to write and speak with eloquence and confidence. This innovative program combines the three essential elements of language learning: understanding and memorizing rules (prescriptive teaching), repeated exposure to examples of how those rules are used (descriptive instruction), and practice using those rules in exercises and in writing (practical experience). Each year, parents and teachers go through the dialogue, rules, and examples in the Core Instructor Text; students follow along in the Workbook. This repetition solidifies the concepts, definitions, and examples in the student's mind. There are four Workbooks, one for each year. Each Workbook contains the same rules and examples, but four completely different sets of exercises and assignments, allowing students to develop a wide-ranging knowledge of how the rules and examples are put to use in writing. Each Key to the Workbooks provides not only answers, but also explanations for the parent/instructor, and guidance as to when the answers might be ambiguous (as, in English, they often are). All of the rules covered, along with the repeated examples for each, are assembled for ongoing reference in the Comprehensive Handbook of Rules (soon to be renamed as The Grammar Guidebook). Every step of the sentence diagramming process is gathered for reference, along with illustrations, in The Diagramming Dictionary. These will become the student's indispensable guide to writing through high school, into college and beyond. Step-by-step instruction takes students from the most basic concepts through advanced grammatical concepts such as modal and hortative verbs and multiple functions of noun clauses. Extensive diagramming exercises reinforce the rules and help technical and visual learners to understand and use the English language effectively. Each step of the diagramming process is illustrated and thoroughly explained to the student. Text for examples and exercises are drawn from great works of literature, as well as from well-written nonfiction texts in science, mathematics, and the social sciences. Regular review is built into each year of work. The Key accompanies one of four non-sequential workbooks, each containing new

exercises that allow students to practice and apply the grammar principles under study.

The English Grammar Workbook for Adults S. Chand Publishing

In this wickedly humorous manual, language columnist June Casagrande uses grammar and syntax to show exactly what makes some sentences great—and other sentences suck. Great writing isn't born, it's built—sentence by sentence. But too many writers—and writing guides—overlook this most important unit. The result? Manuscripts that will never be published and writing careers that will never begin. With chapters on “Conjunctions That Kill” and “Words Gone Wild,” this lighthearted guide is perfect for anyone who's dead serious about writing, from aspiring novelists to nonfiction writers, conscientious students to cheeky literati. So roll up your sleeves and prepare to craft one bold, effective sentence after another. Your readers will thank you.

Each step of the diagramming process is illustrated and thoroughly explained to the student. Text for examples and exercises are drawn from great works of literature, as well as from well-written nonfiction texts in science, mathematics, and the social sciences.

Regular review is built into each year of work. The Key accompanies the second of four non-sequential workbooks, each containing new exercises that allow students to practice and apply the grammar principles under study.

High School English Grammar and Composition Book (Multicolour Edition) Manik Joshi

This is a practical guide to planning, conducting and presenting a sociolinguistic research project. Written in an accessible and engaging style, the book begins with a brief review of what sociolinguists study and how they study it, before guiding students step-by-step through the research process. It presents a range of qualitative and quantitative data collection and analysis methods, including surveys, interviews and corpora, supported by examples from both published researchers and student projects. Drawing on the experiences of their own students, the authors provide supportive guidance on common areas of difficulty, such as framing questions, selecting participants and interpreting data. The final part shows you how to organise and write up your findings. Chapters are further enriched with hands-on activities and discussion questions. This is an essential companion for budding sociolinguistic researchers with a desire to understand the linguistic landscapes around them and communicate their findings to others.

New Horizons in English 2 Partridge Publishing Singapore

"The Teacher's grammar of English enables English language teachers and teachers-in-training to fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning, and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.

Plain English for Lawyers Atlantic Publishing Group, Inc.

Essential English Grammar is a basic book for learners of the English language. It contains the eight parts of speech described in simple manner and the functions of the parts of speech exemplified. Verbs in the chapter are identified and often underlined to let the reader know the identity of verbs. The various tenses of the verbs are clarified and in the exercises their identity is emphasized. Various examples are quoted to explain the different part of speech. Other grammar items like types of sentences are clearly explained so that the learner will be well equipped for English tests and examinations. All items in the book are presented in a simple direct approach and the learner will find it a remarkable guide to learning the English language effectively.

Interchange of Active and Passive Voice: Patterns and Examples Manik Joshi

An English Grammar Book Ten Speed Press

What are word classes? How can we recognize them? What role do they play in regards to punctuation? Grammar in Theory and in Practice was written for those who want straight answers, in plain English, to these crucial, yet rarely asked, questions. This essential guide empowers students to identify parts of speech rapidly, to employ punctuation marks confidently, and to examine syntax precisely, in four popular GCSE texts: Lord of the Flies, Animal Farm, Frankenstein, and 1984.

Grammatical categories are neatly defined in the glossary, and each chapter is packed with practical and demanding exercises, testing your knowledge of nouns, verbs, adjectives, adverbs, conjunctions, and prepositions. Topics range from the relatively simple, such as common pronoun errors or subject-verb agreement problems, to the somewhat complex, such as appositives, participles, or rhetorical devices. At the end of the course, there is a large punctuation section that revises the usage of commas, colons, semicolons, hyphens, and apostrophes.
