 If life were a project and you knew you had a limited time to get it done, wouldn't it make sense to develop a plan? "Write, Open, Act: An Intentional Life Planning Workbook" delivers a life of promise and purpose. No one wants to be lying on

their deathbed wishing they would have done this or that. This book helps people achieve their life dreams, even when day-to-day issues get in the way. Author Lee Weinstein is a former Nike public relations leader. One Saturday, he and his wife, Melinda, pulled out a large sheet of butcher paper and invented a process they call Intentional Life Planning. It began with a conversation about where

they wanted to live. This led to their looking at the decades they had ahead and the key upcoming milestones for their family, and imagining what they wanted to do with their lives. They ended up creating a highly visual Intentional Life Plan--a timeline filled with dreams and goals--that they've updated every year since. When they shared photos of their annual planning day on Facebook, friends went

crazy. Many asked how they, too, could get started. And several asked them to turn their process into a workshop, which they did. Their next move was to publish "Write, Open, Act" to bring the Intentional Life Planning method to a wider audience to explore on their own. This practical, hands-on workbook will change your life. Use the four steps in "Write, Open, Act" to build a visual

Intentional Life Plan and chart your plan in less than a day. Written for people of all walks of life, ages 18-85, readers will be treated to an actionable process that is highly visual, with original illustrations and inspirational messages sprinkled throughout. After completing the workbook, you will have a plan for how to live your best life on this planet! *The 90-Day Plan*

Pre-retirement preparation is linked with more positive outcomes for well-being and adjustment to retirement life. However, many people plan more for their next vacation than they do for life in retirement; this tends to result in unanticipated adjustments and difficulty with the transition. The Retirement Life Plan Workbook contains reflective exercises, providing a simple and focused way to generate

ideas, clarify possibilities, and design a fulfilling life in retirement. Based on social-psychological research on retirement adjustment (as discussed in the book, Retirement Life Plan), it walks you through several areas of life that tend to involve significant change. You will start with reflections on your life and career, your ideal vision for retirement, and then explore each of the

following areas of retirement life: The retirement decision (if you are still undecided!) Who you are - identity, personal priorities and interests What you will do - meaningful and rewarding activities Who is involved - social networks and relationships How you organize it - finding a new rhythm and routine

 People say,
 "I'll never
 retire!" What
 they mean is
 they'll never
 stop working
 at something.
 Whether it is
 to keep
 making
 money and/or

do something
 meaningful
 and
 significant,
 what that
 "something" is
 can be
 elusive. The
 goal of Circle
 Back to Your
 Dreams
 coaching is to
 help you find
 that which is
 uniquely yours
 to be and do.
 For those with
 only vague
 ideas of
 spending time
 with
 grandchildren,
 golfing, or
 traveling the
 retirement
 "honeymoon"
 can quickly
 evaporate into
 boredom and
 depression.
 Therefore, we
 encourage

you to get as
 intentional
 about your
 Retirement
 Life as you are
 about your
 finances!
 Much more
 than income
 needs to be
 replaced when
 a person
 retires. Circle
 Back to Your
 Dreams is a
 retirement
 coaching
 process which
 enables you to
 "let go" of
 your career or
 profession,
 reconnect
 with or
 determine
 your life's
 purpose, and
 find the
 method or
 vehicle that
 will fulfill that
 purpose. The

result is a "retirement" where each day you are engaged in something meaningful and significant to you. This 72 page, Self-Coaching Retirement Planning Workbook is filled with 22 activities designed to guide you through the process of circling back to your dreams and creating a retirement life that is uniquely yours. Millions of people have successfully retired in the past and did

so without the benefit of coaching (either with an actual coach or from a workbook). Millions more have struggled. BOOMERangs Circle Back to Your Dreams does not prescribe what a successful retirement is. It is a process that leads you to create, discover, refine and implement a retirement that is right for you. Whether you are an individual, a couple or are part of a group of like-

minded boomers, read and do the activities in each section of this coaching workbook and capture your responses on the pages provided. There are 4 sections to the workbook.

1. Introduction: The Shift to Retirement
2. Break from Career or Profession
3. Take a Productive Pause
4. Make a Fresh Start

Within each section are activities that, when totally completed, will result in a direction or

intention for your retirement and options for you to fulfill that self-chosen purpose. Four easy steps to a rewarding retirement! Really? Why, if it's that simple, are workbooks and coaching necessary? If you have the discipline combined with the imagination, determination and skill to ask yourself the right, hard questions, it may not be needed. Most people don't have all of these traits.

So for the best results, we recommend you share your learnings and revelations from these activities with a coach or accountability partner such as a spouse, friend, family or colleague. Or create a group of like-minded individuals going through the same process as you. Your accountability partner(s) will help you to convert dreams into reality. When your "yeah, but" gets in your way,

your accountability partner helps to keep you focused on your original dream and keeps your fire lit! Organizations and financial advisors will find this Retirement Life Planning workbook the perfect tool for helping employees and clients be intentional about their retirement life planning as they transition from career. With the purchase of this workbook, Jeffery Jans or Mickie Schroeder will

provide a 30-minute complimentary coaching consultation. Visit www.BOOMERangsRetirementCoach.com to schedule your session. THE LIFE PLAN WRITING KIT "I have arrived to where I was going, but it is not where I intended to be!" As nonsensical a statement as this may seem, it is the paraphrased version of numerous

peoples' tales about their failure to advance in life and finding themselves at a dead end. Very few people actually set out in life to reach a point where they feel they are unrewarded and subject to the whims of the world at large. But, very few people actually sit down and write out a plan on how they are going to make certain they do reach their dream future. That is mostly due to the fact

that nobody is every taught how to actually plan for their future. From a young age, we are told to "Plan for your future," but we are never actually told how we are to do that. Too often "planning for your future" turns out to be selecting a college to go to and what degree to attain, and that is just about it. What to do after that? Well, that is just left up to fate and our environment. THE LIFE PLAN

WRITING KIT is here to fill that void of knowing how to plan and specifically how to write your Life Plan. The author uses a step-by-step process which first sets the reader to doing some serious contemplation about their existence and what they really want from life. The reader is led down a path of liberation

from the grooming of other persons in the readers life and made to challenge what is really important for their specific, one-of-a-kind future. The process ends with the reader having written out their own Life Plan using the included workbook chapter, so that everyone can complete the book having understood

how to apply the concepts... and go straight into writing their own Life Plan. Tired of exhausting yourself and getting nowhere? Going the wrong direction in life and want to get back on track? Simply have no idea what you are doing or where you are going? THE LIFE PLAN WRITING KIT is a must read!
