Press in India Administration Report of the General Education Department Press in India Reports for 1956-1991 include catalogs of newspapers published in each State and Union Territory. Current Indian Periodicals in English An Annotated Guide First published in 1908, "Scouting for Boys" is the seminal work on scouting by British Army officer and founder of the worldwide scouting movement, Robert Baden-Powell. Originally written as a manual for self-instruction, "Scouting for Boys" details many important scouting skills including scoutcraft, tracking, woodcraft, camping, and first-aid. Baden-Powell's work is a rework of his earlier "Aids to Scouting", published in 1899, and borrows many ideas from Ernest Thompson Seton's "The Birch Bark Roll of the Woodcraft Indians", published in 1906. "Scouting for Boys" includes numerous tales that can be told around the campfire, as well as many of Baden-Powell's personal anecdotes, and opinions on proper moral character of boy scouts. While some of the information in this work may seem outdated and some of the moralizing many seem antiquated to modern readers, "Scouting for Boys" remains an important historical work in the scouting movement. Having sold millions of copies since its first publication, the impact Baden-Powell's "Scouting for Boys" as well

as his personal advocacy for the scouting movement cannot be overstated. This edition is printed on premium acid-free paper.

India, in this chronology of events, stands for the country as it is today and as it was before the Partition in 1947. This book takes off from 1424 BC, the year widely accepted by historians as that of the Battle of Mahabharata. Until the end of the 17th century, it mostly covers historical events with reference to matters concerning religion as well as the lives of luminaries. From the 18th century onwards, the chronology gradually embraces various aspects of the national panorama, including social reforms, law, politics, literature, education, sports, science, discoveries, inventions, industry, communications, cinema, etc., These are interspersed with anecdotes to make the book more interesting. The present edition has been revised till July 2008. Divided into four parts, the encyclopaedia contains: (A) a chronology of

events, by year with cross-references to other years; (B) arrangement of the events by calendar dates; (C) a list of important dynasties; and (D) a full index section, as well as an extra feature, 'First time in India' Chr(45) General and Women.
