Written by our expert authors for the 2015 AQA specification, this Student Book covers Year 2 of the Chemistry A-level course. It combines the most comprehensive explanations with features that build skills in practical work, maths and evaluation. With a clear path of progression, it will prepare you for the demands of A-level and beyond. This Student Book will: * prepare you for assessment with key ideas summaries and practice questions designed for the linear course * build your confidence in tackling the mathematical requirement with worked examples and targeted assignments * strengthen your practical skills with comprehensive

Required Practical sections featuring step-by-step instructions, and advice about how best to avoid common errors * deepen your understanding of chemistry and equip you for further study using comprehensive explanations, skills-focused assignments and inspiring real-life contexts * extend your knowledge and skills with specially designed Stretch and Challenge questions.

AQA A Level Science - AQA A Level Chemistry Year 1 and AS Student Book HarperCollins UK
Exam Board: AQA
Level: GCSE Subject: Chemistry First
Teaching: September 2016 First Exam: June 2018 AQA approved.
Expand and challenge your students' knowledge and understanding of

Chemistry with this textbook that guides students through each topic, the 8 required practical activities and assessment requirements of the new 2016 AQA GCSE Chemistry specification. - Provides support for all 8 required practicals, along with extra tasks for broader learning - Tests understanding and consolidate learning with Test Yourself questions, Show you Can challenges, Chapter review questions and synoptic practice questions - Supports Foundation and Higher tier students, with Higher tier-only content clearly marked - Builds Literacy skills for the new specification with key words highlighted and practice extended

answer writing and spelling/vocabulary tests FREE GCSE SCIENCE TEACHER GUIDES These will be provided for free via our website. To request your free copies please email science@hodder.co.uk **A-Level Year 1 and AS Chemistry** Oxford University Press - Children Recaps the essential knowledge needed to prepare for the exams with summary and exam-style questions, maths skills activities, exam tips and advice. Double Award mapping is clearly indicated with an icon for those topics that are also covered in the AQA Level 1/2 Certificate in Science: Double Award. Key practicals and an advice section are included to support students experimental

data handling skills, and answers to all questions appear at the back of the book, providing instant feedback.

Practice makes permanent: 600+ questions for AQA A-level Chemistry

Hodder Education
Exam Board: AQA, Edexcel, CCEA, OCR, WJEC Eduqas Level: A-level Subject: Chemistry First teaching: September 2015 First exams: Summer 2017 Master the skills you need to set yourself apart and hit the highest grades; this year-round course companion develops the higher-order thinking skills that top-achieving students possess, providing step-by-step guidance, examples and tips for getting an A grade. Written by experienced

author and teacher Sarah Longshaw, Aiming for an A in A-level Chemistry: - Helps you develop the 'A grade skills' of analysis, evaluation, creation and application - Takes you step by step through specific skills you need to master in A-level Chemistry, including scientific reading, quantitative and practical skills, so you can apply these skills and approach each exam question as an A/A* candidate - Clearly shows how to move up the grades with sample responses annotated to highlight the key features of A/A* answers - Helps you practise to achieve the levels expected of top-performing students, using in-class or homework activities and further reading

tasks that stretch towards university-level study - Perfects exam technique through practical tips and examples of common pitfalls to avoid - Cultivates effective revision habits for success, with tips and strategies for producing and using revision resources - Supports all exam boards, outlining the Assessment Objectives for reaching the higher levels under the AQA, Edexcel, OCR, WJEC/Eduqas and CCEA specifications.

A-Level Chemistry
Coordination Group
Publication

Practise and prepare for AQA A-level Chemistry with hundreds of topic-based questions and one complete set of exam practice papers designed to strengthen

knowledge and prepare students for the exams. This extensive practice book raises students' performance by providing 'shed loads of practice', following the 'SLOP' learning approach that's recommended by teachers. -

Consolidate knowledge and understanding with practice questions for every topic and type of question, including multiple-choice, multi-step calculations and extended response questions. - Develop the mathematical, literacy and practical skills required for the exams; each question indicates in the margin which skills are being tested. - Confidently approach the exam having completed one set of exam-style practice papers that

replicate the types, wording and structure of the questions students will face. - Identify topics and skills for revision, using the page references in the margin to refer back to the specification and accompanying Hodder Education Student Books for remediation. - Easily check answers with fully worked solutions and mark schemes provided in the book.

AQA AS/A Level Year 1

Chemistry Student

Guide: Inorganic and

organic chemistry 1

Hachette UK

The only textbook that

completely covers the

Oxford AQA

International AS & A Level Chemistry specification (9620), for first teaching in September 2016. Written by experienced authors, the engaging, international approach ensures a thorough understanding of complex concepts and provides exam-focused practice to build exam confidence. Help students develop the scientific, mathematical and practical skills and knowledge needed for Oxford AQA assessment success and the step up to university. Ensure students understand the bigger picture, supporting their progression to further study, with synoptic links and a focus on how scientists and engineers apply their knowledge in real life.

AQA a Level Chemistry Year 2 Student Book
Hachette UK
This Student Book has been designed to provide the skills, knowledge and understanding your students require to meet the AQA Chemistry Level 1/2 specification, as well as giving excellent preparation for A Level Science studies.

AQA Chemistry: A Level HarperCollins UK
This chemistry text is written to match exactly the specification for teaching Advanced Chemistry from September 2000. There are two strands, AS and A2, with student books. The accompanying resource packs are also available on CD-ROM.
IIEP in Action Oxford University Press -

Children

Please note this title is suitable for any student studying: Exam Board: AQA Level: AS Level Subject: Chemistry First teaching: September 2015 First exams: June 2016 Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course whilst delivering the maths, practical and synoptic skills needed to succeed in the new A Levels and beyond. The book uses clear straightforward explanations to develop real subject knowledge and allow students to link ideas together, while

developing essential exam skills.
