Infinity Ring: #4 Curse of the Ancients Penguin

The international bestselling series with over 5 million copies sold in the U.S. alone! They have always scared him in the past—the Rangers, with their dark cloaks and shadowy ways. The villagers believe the Rangers practice magic that makes them invisible to ordinary people. And now 15-year-old Will, always small for his age, has been chosen as a Ranger's apprentice. What he doesn't yet realize is that the Rangers are the protectors of the kingdom. Highly trained in the skills of battle and surveillance, they fight the battles before the battles reach the people. And as Will is about to learn, there is a large battle brewing. The exiled Morgarath, Lord of the Mountains of Rain and Night, is gathering his forces for an attack on the kingdom. This time, he will not be denied. . . . Here is the fantasy adventure that launched the Ranger's Apprentice series, an epic story of heroes and villains that has become an international phenomenon. Perfect for fans of J.R.R. Tolkien's *Lord of the Rings*, T.H. White's *The Sword in the Stone*, Christopher Paolini's *Eragon* series, and George R. R. "Other names besides [Herman] Melville's will surely come to mind as you read this thrilling tale—there's Dune's Frank Herbert. . . . But in this, as in all of his works, Miéville has that special knack for evoking other writers even while making the story wholly his own."—Los Angeles Times On board the moletrain Medes, Sham Yes ap Soorap watches in awe as he witnesses his first moldywarpe hunt: the giant mole bursting from the earth, the harpoonists targeting their prey, the battle resulting in one's death & the other's glory. Spectacular as it is, Sham can't shake the sense that there is more to life than the endless rails of the railsea—even if his captain thinks only of hunting the ivory-colored mole that took her arm years ago. But when they come across a wrecked train, Sham finds something—a series of pictures hinting at something, somewhere, that should be impossible—that leads to considerably more than he'd bargained for. Soon he's hunted on all sides, by pirates, trainsfolk, monsters & salvage-scrabblers. & it might not be just Sham's life that's about to change. It could be the whole of the railsea. NEW YORK TIMES BESTSELLER "[Miéville] gives all readers a lot to dig into here, be it emotional drama, Godzilla-esque monster carnage, or the high adventure that comes only with riding the rails."—USA Today "Superb . . . massively imaginative."—Publishers Weekly (starred review) "Riveting . . . a great adventure."—NPR "Wildly inventive . . . Every sentence is packed with wit."—The Guardian (London)

Gameknight999 reenters Minecraft to find it completely changed. There are new monsters that he's never seen before: giants and skeleton druids and pinch beetles and king spiders and mistwolves. Villages are larger than ever, and more heavily

fortified; Minecraft had become much more dangerous. Even the very trees had changed, with some of them reaching up taller than the User-that-is-not-a-user ever thought was imaginable. There's a diamond block portal outside of Crafter's village, and rumors are spreading that a strange user was seen coming out of the portal with a young boy, before they disappeared into another portal, leaving behind a square hole one block deep with a ring of flowers around it. Gameknight recognizes it as the portal to reach the Twilight Forest mod. But how can there be mods here in the vanilla Minecraft? The User-that-is-not-a-user follows the trail, and finds odd mentions of "303" and "White Castle." But what do the clues mean? Just how dangerous is this new user to Minecraft, and where is he taking the young NPC? Only Gameknight999 will be able to find out. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
