The Fifth Season, The Obelisk Gate, The Stone Sky Gollancz

From his impoverished childhood in segregated pre-war Louisiana to his audience with Bill Clinton at the White House, Ward Connerly's panoramic book spans a civil rights story that's making headlines from coast to coast. Since 1995, when Connerly first burst onto the American scene as the University of California Regent who forced the nation's largest public university to

become color blind in its admissions policies, Connerly has led a national campaign to end race preference. In 1996, he passed Proposition 209 in California and two years later he led I-200, an identical measure, to victory in Washington state. He is now battling Governor Jeb Bush in Florida as he attempts to put a Florida Civil Rights Initiative on the ballot there. A personal book that gives the inside story of Connerly's battle against race preferences, *Creating Equal* names names and tells it like it is. It is destined to provoke debate from the dining room table to the halls of Congress. Connerly's

encounters with the great and near great ranging from Jesse Jackson and Al Gore to Bill Clinton and Rupert Murdoch illuminate this book that has been praised by writers such as Shelby Steele. Illustrated with family and political photographs.

(Alcatraz vs. The Evil Librarians, The Scrivener's Bones, The Knights of Crystallia, The Shattered Lens, The Dark Talent) Penguin

From the Wall Street Journal bestselling author of the Kingfountain Series comes the first novel in a bold and richly imagined world. There is a world of opposites. The privileged live in sky manors held aloft by a secretive magic known only as the Mysteries. Below, the earthbound poor are forced into factory work to maintain the engine of

commerce. Only the wealthy can afford to learn the Mysteries, and they use their knowledge to further lock their hold on society. Cettie Pratt is a waif doomed to the world below, until an admiral attempts to adopt her. But in her new home in the clouds, not everyone treats her as one of the family. Sera Fitzempress is a princess born into power. She yearns to meet the orphan girl she has heard so much about, but her father deems the girl unworthy of his daughter's curiosity. Neither girl feels that she belongs. Each seeks to break free of imposed rules. Now, as Cettie dreams of living above and as Sera is drawn to the world below, they will follow the paths of their own choosing. But both girls will be needed for the coming storm that threatens to overturn

both their worlds.

Wake Orbit

A boy grows to manhood while attempting to subdue the evil he unleashed on the world as an apprentice to the Master Wizard.

The Name of the Wind The Name of the Wind

With his infectious love of storytelling in all its forms, his rich characterization and his unrivaled grasp of thrillingly bizarre cutting-edge science, Hannu Rajaniemi swiftly set a new benchmark for Science Fiction in the 21st century. Now, with his third novel, he completes the tale of the many lives, and minds, of gentleman rogue Jean de Flambeur. Influenced as much by the fin de siècle novels of Maurice leBlanc as he is by the greats of SF, Rajaniemi weaves intricate, warm

capers through dazzling science, extraordinary visions of a wild future, and deep conjectures on the nature of reality and story. In *The Causal Angel* we will discover the ultimate fates of Jean, his employer Miele, the independently minded ship *Perhonnen*, and the rest of a fractured and diverse humanity flung throughout the solar system. Sanderson. Alcatraz Smedry and his family and friends must battle a cult of evil Librarians bent on taking over the world through misinformation and suppressing the truth. Alcatraz vs. the Evil Librarians — On his thirteenth birthday, foster child Alcatraz Smedry gets a bag of sand in the mail—his only inheritance from his father and mother. It is quickly stolen by the cult of Evil Librarians. Alcatraz must stop them, using the only weapon he has: an incredible talent for breaking things. The Scriveners Bones — In his second skirmish against the Evil Librarians who rule the world, Alcatraz and his ragtag crew of freedom fighters track Grandpa Smedry to the ancient and mysterious Library of Alexandria. Can Alcatraz and his friends rescue Grandpa Smedry and

make it out of there alive? The Knights of Crystallia — Alcatraz Smedry has made it to the Free Kingdoms at last. Unfortunately, so have the Evil Librarians—including his mother! Now Alcatraz has to find a traitor among the Knights of Crystallia, make up with his estranged father, and save one of the last bastions of the Free Kingdoms from the Evil Librarians. The Shattered Lens — Alcatraz Smedry is up against a whole army of Evil Librarians with only his friend Bastille, a few pairs of glasses, and an unlimited supply of exploding teddy bears to help him. This time, even Alcatraz's extraordinary talent for breaking things may not be enough to defeat the army of Evil Librarians and their giant librarian robots. The Dark Talent — Alcatraz Smedry has

successfully defeated the army of Evil Librarians and saved the kingdom of Mokia. Too bad he managed to break the Smedry Talents in the process. Even worse, his father is trying to enact a scheme that could ruin the world, and his friend, Bastille, is in a coma. Without his Talent to draw upon, can Alcatraz figure out a way to save Bastille and defeat the Evil Librarians once and for all? FREEDOM OF INFORMATION If you ask, she must answer. A steerswoman's knowledge is shared with any who request it; no steerswoman may refuse a question, and no steerswoman may

answer with anything but the truth. And if she asks, you must answer. It is the other side of tradition's contract -- and if you refuse the question, or lie, no steerswoman will ever again answer even your most casual question. And so, the steerswomen - always seeking, always investigating - have gathered more and more knowledge about the world they travel, and they share that knowledge freely. Until the day that the steerswoman Rowan begins asking innocent questions about one small, lovely, inexplicable object... Her discoveries grow stranger and deeper, and more dangerous, until suddenly she finds she must flee or fight for her life. Or worse -- lie. Because one kind of knowledge has always been denied the steerswomen: Magic. "If you haven't

read Kirstein's Steerswoman books I envy you the chance to read them now for the first time.... I think they have a very good claim to be my favorite thing still being written. [...] If you like science, and if you like watching someone work out mysteries, and if you like detailed weird alien worlds and human cultures, if really good prose appeals... you're really in luck." - Jo Walton, Hugo and Nebula Awards winner, author of *Among Others* and *Farthing*. "[Kirstein] walks the tightrope between fantasy and science fiction with precision and grace... [her] compassion for even minor characters is evident on every page, and her prose is measured and alluring without being overworked." -- Damien Broderick & Paul Di Filippo, in *Science Fiction: The 101 Best Novels 1985-2010*

In the second volume in a trilogy set during the Trojan war, Agamemnon tightens his control of the lands around Troy, Achilles prepares to test his godlike strength in battle, and Odysseus is confronted with a terrible choice between friendship and honor.

The Name of the Wind Penguin

A high-action novel written with a poet's hand, this brilliant debut fantasy by Patrick Rothfuss is a powerful coming-of-age story of a magically gifted young man, told through a riveting first-person narrative that allows the reader to "become" the hero.

The Causal Angel 47North

'I have stolen princesses back from sleeping barrow kings. I burned down the town of Trebon. I have spent the

night with Felurian and left with both my sanity and my life. I was expelled from the University at a younger age than most people are allowed in. I tread paths by moonlight that others fear to speak of during day. I have talked to Gods, loved women, and written songs that make the minstrels weep. My name is Kvothe. You may have heard of me' So begins the tale of Kvothe - currently known as Kote, the unassuming innkeeper - from his childhood in a troupe of traveling players, through his years spent as a near-feral orphan in a crime-riddled city, to his daringly brazen yet successful bid to enter a difficult and dangerous school of magic. In these pages you will come to know Kvothe the notorious magician, the accomplished thief, the masterful musician, the dragon-slayer, the legend-

hunter, the lover, the thief and the infamous assassin. The Name of the Wind is fantasy at its very best, and an astounding must-read title.

The Secret Loves of Geeks Houghton Mifflin Harcourt

A hero named Kvothe, now living under an assumed name as the humble proprietor of an inn, recounts his transformation from a magically gifted young man into the most notorious wizard, musician, thief, and assassin in his world. Reprint.

The Slow Regard of Silent Things Dark Horse Comics

After moving with her mother to the English countryside, Jenny, a young American girl, begins to unravel a mystery on the grounds and uncovers evidence of another, hidden, occupant of

her new home--a three-hundred-year-old ghost named Tamsin. Reissue.

Luna Lucy Aspect

Deep below the University, there is a dark place. Few people know of it: a broken web of ancient passageways and abandoned rooms. A young woman lives there, tucked among the sprawling tunnels of the Underthing, snug in the heart of this forgotten place. Her name is Auri, and she is full of mysteries. The Slow Regard of Silent Things is a brief, bittersweet glimpse of Auri's life, a small adventure all her own. At once joyous and haunting, this story offers a chance to see the world through Auri's eyes. And it gives the reader a chance to learn things that only Auri knows.... In this book, Patrick Rothfuss brings us into the world of one of The Kingkiller Chronicle's

most enigmatic characters. Full of secrets and mysteries, *The Slow Regard of Silent Things* is the story of a broken girl trying to live in a broken world.

Bridge of Birds Wendy Lamb Books
This is not a hoax. Jim Theis was a real person, who wrote *The Eye of Argon* in all seriousness as a teenager, and published it in a fanzine, *Osfan* in 1970. But the story did not pass into the oblivion that awaits most amateur fiction. Instead, a miracle happened, and transcribed and photocopied texts began to circulate in science fiction circles, gaining a wide and incredulous audience among both professionals and fans. It became the ultimate samizdat, an underground classic, and for more than thirty years it has been the subject of midnight readings at conventions, as

thousands have come to appreciate the negative genius of this amazing Ed Wood of prose.

Tundra Books (NY)

Richard Mayhew is a young man with a good heart and an ordinary life, which is changed forever when he stops to help a girl he finds bleeding on a London sidewalk. His small act of kindness propels him into a world he never dreamed existed. There are people who fall through the cracks, and Richard has become one of them. And he must learn to survive in this city of shadows and darkness, monsters and saints, murderers and angels, if he is ever to return to the London that he knew.

The Name of the Wind Daw Books
A gorgeously illustrated anniversary

edition of the book that launched the epic Farseer Trilogy, praised by George R. R. Martin as “fantasy as it ought to be written” and Lin-Manuel Miranda as “an incredible series,” featuring a new foreword by Robin Hobb and ten illustrations. Twenty-five years ago, Robin Hobb’s first novel featuring FitzChivalry Farseer and his mysterious, often maddening friend the Fool struck like a bolt of brilliant lightning. Thus began a beloved saga spanning multiple series, full of adventure, magic, and sinister plots. To celebrate a quarter-century of wonder, this special edition of *Assassin’s Apprentice* presents a modern classic as it’s never been seen before: in hardcover, with ten beautiful illustrations by Magali Villeneuve. Young Fitz is the bastard son of the noble Prince Chivalry,

raised in the shadow of the royal court by his father’s gruff stableman. He is treated as an outcast by all the royalty except the devious King Shrewd, who has him secretly tutored in the arts of the assassin. For in Fitz’s blood runs the magic Skill—and the darker knowledge of a child raised with the stable hounds and rejected by his family. As barbarous raiders ravage the coasts, Fitz is growing to manhood. Soon he will face his first dangerous, soul-shattering mission. And though some regard him as a threat to the throne, he may just be the key to the survival of the kingdom. Praise for Robin Hobb and *Assassin’s Apprentice* “Fantasy as it ought to be written . . . Robin Hobb’s books are diamonds in a sea of zircons.”—George R. R. Martin “A gleaming debut in the crowded field of

epic fantasies . . . a delightful take on the powers and politics behind the throne.”—Publishers Weekly “This is the kind of book you fall into, and start reading slower as you get to the end, because you don’t want it to be over.”—Steven Brust

Tales by Masters of Fantasy Harper Collins

The Dark Between the Stars is space opera on a grand scale. Twenty years after the elemental conflict that nearly tore apart the cosmos in The Saga of Seven Suns, a new threat emerges from the darkness, and the human race must set aside its own inner conflicts to rebuild their alliance with the Ildiran Empire for the survival of the galaxy. Praise for THE SAGA OF THE SEVEN SUNS: 'Sure-footed, suspenseful and

tragic ... an exhilarating experience' Locus 'Space opera at its most entertaining' Starlog 'THE SAGA OF THE SEVEN SUNS is worthy of mention in the same breath as Asimov's Foundation series and Hamilton's Nightdawn trilogy. This is science fiction on the grandest of scales, a modern classic' The Alien Online 'A realm of wondrous possibilities ... A fascinating series' Brian Herbert 'A space opera to rival the best the field has ever seen' SF Chronicle

The Eye of Argon Hachette UK

Caitlin Decter is young, pretty, feisty, a mathematics genius - and blind. Still, she can surf the net with the best of them, following its complex paths clearly in her mind. But Caitlin's brain long ago co-opted her primary visual cortex to help her navigate online. So when she

receives an implant to restore her sight, instead of seeing reality, the landscape of the World Wide Web explodes into her consciousness, spreading out all around her in a riot of colors and shapes. While exploring this amazing realm, she discovers something - some other - lurking in the background. And it's getting more and more intelligent with each passing day. The first of a spellbinding future history trilogy that charts what will happen when the world's first first, and superior, artificial-intelligence is born in the web.
