is a diverse set of approaches to the study of society that are based in assumptions of individual rationality. Indeterminacies in such theory often mirror indeterminacies in social relations and individual understandings of these. Indeed, many rational choice explanations have demonstrated the indeterminacy of social choice. Rational Choice Theory - an overview | ScienceDirect

TopicsGeneral Overviews. Cornish and Clarke 1986 includes numerous theoretical and empirical essays that describe the process of criminal decision making. Piquero and Tibbetts 2002 includes scholarly chapters that address a number of issues relating to rational choice theory, such as the methodological issues associated with rational choice and the integration of rational choice

theory into other ...Rational Choice Theories - Criminology - Oxford Bibliographies Rational choice provides a micro perspective on why individual offenders decide to commit specific crimes; people choose to engage in crime because it can be rewarding, easy, satisfying and fun. The central premise of this theory is that people are rational

beings whose behaviour can be controlled or modified by a fear of punishment. Chapter 3: Rational Choice And Routine Activities Theory Rational choice approaches to offender decision-making typically focus on the choice to offend or not. In this mixed-method study, we explore how offenders respond to crime control and prevention ... (PDF) Rational Choice Theory and Crime - ResearchGate open to misuse.
