University of Alabama Press  
 A major history of the British Empire's early involvement in the Middle East Napoleon's invasion of Egypt in 1798 showed how vulnerable India was to attack by France and Russia. It forced the British Empire to try to secure the two routes that a European might use to reach the subcontinent—through Egypt and the Red Sea, and through Baghdad and the Persian Gulf. Promised Lands is a panoramic

history of this vibrant and explosive age. Charting the development of Britain's political interest in the Middle East from the Napoleonic Wars to the Crimean War in the 1850s, Jonathan Parry examines the various strategies employed by British and Indian officials, describing how they sought influence with local Arabs, Mamluks, Kurds, Christians, and Jews. He tells a story of commercial and naval power—boosted by the arrival of steamships in the 1830s—and discusses how classical and biblical history fed into British visions of what these lands might become. The region was subject to the Ottoman Empire, yet the sultan's grip on it appeared weak. Should Ottoman claims to

sovereignty be recognised and exploited, or ignored and opposed? Could the Sultan's government be made to support British objectives, or would it always favour France or Russia? Promised Lands shows how what started as a geopolitical contest became a drama about diplomatic competition, religion, race, and the unforeseen consequences of history. **On Bloody Sunday** Dorrance Publishing Thirteen unarmed civil rights marchers were shot dead by the British Army's Parachute Regiment on January 30, 1972 on a day that came to be known as Bloody Sunday. This book recalls the events with eyewitness accounts. Published to coincide with the 25th anniversary of that

day, this book also examines the findings of the Widgery Tribunal of Inquiry, set up to investigate the events. Among those interviewed are adults who attended the march, schoolchildren, priests, paramedics, former British servicemen and an ex-RUC officer.

**The Theatre of Frank McGuinness** *The Road to Bloody Sunday* The Role of Father Gapon and the Petersburg Massacre of 1905

As the youngest marcher in the 1965 voting rights march from Selma to Montgomery, Alabama, Lynda Blackmon Lowery proved that young adults can be heroes. Jailed nine times before her fifteenth birthday, Lowery fought alongside Martin Luther King, Jr. for the rights of African-Americans. In this memoir, she shows today's young readers what it means to fight nonviolently (even when the police are using violence, as in the Bloody Sunday protest) and how it felt to be part of changing American history.

1905 in St. Petersburg Merlin Pub

\*\*\*\*\* 'A momentous chronicle, timely and vital, which highlights that the burden of change rests, as always, upon the shoulders of those who suffered and yet, have nurtured the desire that lessons be learned.' - Michael Mansfield QC, who represented a number of families during the Bloody Sunday Inquiry. 'It's a wonderful book. The technique used - multiple voices speaking directly to us - is very simple but it has a profound effect. It puts us into the middle of the chaos of Bloody Sunday and keeps us there throughout the grief and anger that follow.

A wonderful, wonderful book.' - Jimmy McGovern, BAFTA winning screenwriter, creator of 'Sunday' (2002) 'This was a day like no other in my lifetime... a day that affected the lives of countless thousands on this Island. A day that many of us will never forget.... I look forward to reading Julieann Campbell's book *On Bloody Sunday*.' - Christy Moore, Irish songwriter  
In January 1972, a peaceful civil rights march in Northern Ireland ended in bloodshed. Troops from Britain's 1st Battalion Parachute Regiment opened fire on marchers, leaving 13 dead and 15 wounded. Seven of those killed were teenage boys. The day became known as 'Bloody Sunday'. The events occurred in broad daylight and in the full glare of the press. Within hours, the British military informed the world that they had won an 'IRA gun battle'. This became the official narrative for decades until a family-led campaign instigated one of the most complex inquiries in history. In 2010, the victims of Bloody Sunday were fully exonerated when Lord Saville found that

the majority of the victims were either shot in the back as they ran away or were helping someone in need. The report made headlines all over the world. While many buried the trauma of that day, historian and campaigner Juliann Campbell - whose teenage uncle was the first to be killed that day - felt the need to keep recording these interviews, and collecting rare and unpublished accounts, aware of just how precious they were. Fifty years on, in this book, survivors, relatives, eyewitnesses and politicians, shine a light on the events of Bloody Sunday, together, for the first time. As they tell their stories, the tension, confusion and anger build with an awful power. *ON BLOODY SUNDAY* unfolds before us an extraordinary human drama, as we experience one of the darkest moments in modern history - and witness the true human cost of conflict.

Young girls during the turbulent months of 1965, Webb and Nelson dramatically recount their memories of the civil-rights demonstrations that took place in Selma, Alabama

*The Road to Bloody Sunday* Amberley Publishing Limited

In this wide-ranging study of the politics of memory in Northern Ireland, Brian Conway examines the 'career' of the commemoration of Bloody Sunday, and looks at how and why the way this historic event is remembered has undergone change over time. Drawing on original empirical data, he provides new insights into the debate on collective memory.

Killian knows all about vampires and aliens. They're not real. But when a handsome swimmer climbs into her storm-tossed boat an hour from her summer destination, the worlds of fantasy and reality suddenly collide... Cuttylea Island has no mall, no social scene, and no action. But it does have a mysterious stone tower, ageless islanders, and a secret as astonishing as a mermaid's tale... Before the summer is through, Killian will find the truth of her family's past...and the role she is destined to play in a centuries-old curse.

*A New History Of The Day And Its Aftermath - By The People Who Were There* Monoray

Within days of the killing of 13 unarmed civilians and the wounding of 14 others on Bloody Sunday, more than 500 eyewitness testimonies were recorded for presentation to the Widgery Tribunal--but only 15 were considered. The first edition of *Eyewitness Bloody Sunday* brought to light 100 witness statements that were

officially ignored for more than two decades. This book had a phenomenal and far-reaching impact, profoundly weakening the official version of the events of January 30, 1972. In addition to giving a voice to the civilian demonstrators who witnessed the events of Bloody Sunday, it exposed facts supporting the hypothesis that snipers in the vicinity of the old Derry Walls might have shot dead three of the victims. With the Saville inquiry now into its second year of investigations, this book has become a pivotal source of firsthand evidence about what really happened on that tragic day. --

**Ej's Exciting Road Trip** St. Martin's Press

On the morning of 21 November 1920, Jane Boyle walked to Sunday Mass in the church where she would be married five days later. That afternoon she went with her fiancé to watch Tipperary and Dublin play a Gaelic football match at Croke Park. Across the city fourteen men lay dead in their beds after a synchronised IRA attack designed to cripple British intelligence services in Ireland. Trucks of police and military rumbled through the city streets as hundreds of people clamoured at the metal gates of Dublin Castle seeking refuge. Some of them were headed for Croke Park. Award-winning journalist and author Michael Foley recounts the extraordinary story of Bloody Sunday in Croke Park and the 90 seconds of shooting that changed Ireland forever. In a deeply intimate portrait he tells for the first time the stories of those killed, the police and military personnel who were in Croke Park that day, and the families left shattered in its aftermath, all against the backdrop of a fierce conflict that stretched from the streets of Dublin and the hedgerows of Tipperary to the halls of Westminster. Updated with new information and photographs.

Eyewitness Bloody Sunday University of Alabama Press

To thousands of fans, the wait is over. The sequel to the highly acclaimed *The Mystery of the Angels*, this epic volume continues one of history's greatest fictional journeys. This is the second in what hopes to play out as an extraordinary series of novels by Joseph Murphy. A riveting tale of suspense and illusion, the provocative story line centers on four United States Marines who return to Ireland, in the year 2006, searching for a mysterious mist corridor to take them back in time. Convinced that parallel universes exist, they encounter more than they had bargained for. They find themselves in the year 1920, in the middle of the Irish Revolution, assisting Michael Collins in his war to free Ireland from the hated British

occupiers. Before they're done, they will undergo a test of individual personal mettle with results that will surprise even the most hardened of them. This novel is filled with crackling realism, love and adventure, and that special flair for intricate plotting that readers enjoy when the Marines, being Marines, from the year 2006 fall in love with beautiful Irish maidens, from the year 1920. With unflinching honesty, the author puts the reader inside the hearts and minds of the men who fought, for Irish freedom, and loved up close in a time gone by. The book offers a glimpse of what may have occurred at one of the most critical moments of the Irish rebellion, Bloody Sunday in 1920, and attempts to settle one of the most intriguing mysteries to date: how a few thousand Irish rebels brought the British Lion to his feet and beat a numerically superior army almost twenty times its size! The novel is a powerful love story that extends beyond two eras, and contains a labyrinth of twists and turns that culminates in a final stunning ending.

**A Force More Powerful** Wolfhound Press (IE)

For Russians, St. Petersburg has embodied power, heroism, and fortitude. It has encompassed all the things that the Russians are and that they hope to become. Opulence and artistic brilliance blended with images of suffering on a monumental scale make up the historic persona of the late W. Bruce Lincoln's lavish "biography" of this mysterious, complex city. Climate and comfort were not what Tsar Peter the Great had in mind when, in the spring of 1703, he decided to build a new capital in the muddy marshes of the Neva River delta. Located 500 miles below the Arctic Circle, this area, with its foul weather, bad water, and sodden soil, was so unattractive that only a handful of Finnish fishermen had ever settled there. Bathed in sunlight at midnight in the summer, it brooded in darkness at noon in the winter, and its canals froze solid at least five months out of every year. Yet to the Tsar, the place he named Sankt Pieter Burk had the makings of a "paradise." His vision was soon borne out: though St. Petersburg was closer to London, Paris, and Vienna than to Russia's far-off eastern lands, it quickly became the political, cultural, and economic center of an empire that stretched across more than a dozen time zones and over three continents. In this book, revolutionaries and laborers brush shoulders with tsars, and builders, soldiers, and statesmen share pride of place with poets. For only the entire historical experience of this

magnificent and mysterious city can reveal the wealth of human and natural forces that shaped the modern history of it and the nation it represents.

**The Bloodied Field** Stationery Office/Tso In January 1997 Eyewitness Bloody Sunday was published to controversy and in the ensuing months became the catalyst in the campaign for justice for the families of the 13 victims of the Bloody Sunday massacre. Along with the Channel 4 documentary which was based on the book, Eyewitness Bloody Sunday led to the announcement of a new tribunal of enquiry to re-examine the evidence which was heard and more importantly that was rejected by the discredited Widgery Tribunal.

This account of the St. Petersburg labor movement during the First Russian Revolution focuses on the sources and meaning of the extraordinary explosion of labor militancy in 1905 - a year that saw more striking workers than ever before in Russian history, almost a quarter of them in the capital. In contrast to earlier works, which have explained this militancy by stressing the political leadership of the Social Democratic party, the author offers a more complex and balanced picture that takes account of not only the moderate sectors of the opposition, but the initiative of the workers themselves. Situating the labor movement within the social and political ferment of early-twentieth-century Russia, he analyses the reshuffling of relations between workers and the intelligentsia that stood at the gateway of the entire revolutionary period. The result is an account of the revolution that takes a fresh look at the interaction of workers, the educated opposition, and the revolutionary parties, yielding a new appreciation of the role of each. The analytical narrative on 1905 is preceded by several chapters establishing the precedents for the mass strikes that erupted in that year and documenting the long- and short-term reasons for the workers' rapid turn to political protest. The study treats both the indispensable contribution of the revolutionary parties to the political education of the Petersburg labor force and their failure to reach the vast majority of workers. The great events of 1905 itself are framed and elucidated from a number of vantage points in detailed studies of strike actions and worker leaders, factory and union organizing initiatives, liberal overtures to the labor movement, and the incipient and

actual breakdown of public order in the capital. The narrative culminates in the October General Strike, when workers organized the first Soviet of Workers' Deputies, a unique fusion of their own autonomous militancy with the ideas and leadership of their socialist and liberal allies.

*Croke Park. Sunday 21 November 1920* Wolfhound Press (IE)

On Bloody Sunday, January 30, 1972, British paratroopers killed thirteen innocent men in Derry. It was one of the most controversial events in the history of the Northern Ireland conflict and also one of the most mediated. The horror was recorded in newspapers and photographs, on TV news and current affairs, and in film and TV drama. In a cross media analysis that spans a period of almost forty years up to the publication of the Saville Report in 2010, The British Media and Bloody Sunday identifies two countervailing impulses in media coverage of Bloody Sunday and its legacy: an urge in the press to rescue the image and reputation of the British Army versus a troubled conscience in TV current affairs and drama about what was done in Britain's name. In so doing, it suggests a much more complex set of representations than a straightforward propaganda analysis might allow for - one that says less about the conflict in Ireland than it does about Britain, with its loss of empire and its crisis of national identity.

**St. Petersburg and the Rise of Modern Russia** Poolbeg Press

A uniquely-crafted memoir of the author's early childhood (1967-1972), the third oldest in a working-class Catholic family from the Brandywell in Derry. Written with the authentic voice of a child, this snapshot of his young life unfolds in a series of stories evoking the innocence of childhood, family dynamics and tensions, street friendships and characters, the onset of civil strife, and a family protecting itself from conflict, with CS gas coming in through the door and tracer bullets flying past the windows. The book centres on Tony's father, Patrick - a legend in his son's eyes and a man who struggles to raise a family through bitter years of economic inactivity. It beautifully and movingly portrays the relationship between Tony and the father he adores, yet slightly fears, as events, both within the family and on the streets, unfold and fuse together. The burgeoning chaos of conflict finds its way into his life through the death of a friend under an army truck and more horrifically, directly into the Doherty household. Described as 'a treasure', it draws the reader into a child's

world, his innocent view of the harsh reality of life and the horrifying events unfolding around him. It has bags of humour and paints a picture of a lost world of children running wild in play, unsupervised by or worried over by adults. The book is also very moving, to the point of provoking tears at the end.

Commemoration and Bloody Sunday

Princeton University Press

First published in 1972, this book was written in the immediate aftermath of Bloody Sunday. On January 30, 1972, Italian photojournalist Fulvio Grimaldi and his English partner Susan North joined an anti-internment March in Derry, to photograph and record a day that wasn't thought to be particularly out of the ordinary. Within hours, thirteen civilians lay dead, a further thirteen injured. This unashamedly partisan account of that day ("impartially didn't even cross our minds... we belonged to the running and screaming and falling and dying") brings back into stark reality the horror of Bloody Sunday.

The Role of Father Gapon and the Petersburg

Massacre of 1905 Princeton University

Press

Those are Real Bullets Princeton University Press

The object of this Inquiry was to investigate the circumstances that led to loss of life in connection with the civil

rights march in Londonderry on Sunday 30th January 1972. Thirteen civilians were killed by Army gunfire on the day, which has generally become known as Bloody Sunday. The report outlines the background to Bloody Sunday and then describes the events of the day: the civil rights march; the outbreak of rioting in William Street; early firing by the Army wounding two persons; a shot fired by a member of the Official IRA; the launch of the arrest operation by Support Company of the 1st Battalion, The Parachute Regiment (1 PARA); and subsequent events at various locations in the Bogside. The Inquiry concludes that the soldiers of 1 PARA, in the mistaken belief that republican paramilitaries were responding in force to their arrival, reacted by losing their self-control. There was a serious and widespread loss of fire discipline among the soldiers, causing the deaths of thirteen people and injury to a similar number, none of whom was posing a threat of causing death or serious injury. Bloody Sunday strengthened the IRA, increased nationalist resentment and hostility towards the Army and exacerbated the violent conflict of the years that followed. It was a tragedy for the bereaved and wounded and a catastrophe for the people of Northern Ireland.
