*On the Strange Place of Religion in Contemporary Art* U of Minnesota Press  
A special 25th year anniversary edition of *The Design Hotels*(tm) Book presents an in-depth look at 25 boutique properties around the world that are changing the way we think about hospitality. For a quarter century, *Design Hotels*(tm) has been at the forefront of a movement in hospitality, curating a global collection of independent, design-driven hotels that function as social hubs and platforms for extraordinary experiences. In celebration of this benchmark, *Design Hotels*(tm) sent some of the world's leading editorial and lifestyle photographers around the world to capture the unique character of 25 hotels at the vanguard of their hand-selected collection. Each hotel tells a story, rich with emotion and steeped in the history, culture, and nature of its local environment. The new, special edition of the brand's wildly popular annual brings these stories to life through evocative photo essays and reportage. This edition of *The Design Hotels*(tm) Book is a distillation of a quarter century of pioneering design and original experiences, as well as a must-have for a worldwide community of travelers, likeminded in their pursuit of singular aesthetic environments, genuine local culture, and transformative, boundary-pushing travel experiences that defy conventional notions of luxury.

History of Modern Art Thames & Hudson  
*Hippie Modernism: The Struggle for Utopia* accompanies an exhibition of the same title examining the art, architecture and design of the counterculture of the 1960s and early 1970s. The catalogue surveys the radical experiments that challenged societal and professional norms while proposing new kinds of technological, ecological and political utopia. It includes the counter design proposals of Victor Papanek and the anti-design polemics of *Global Tools*; the radical architectural visions of Archigram, Superstudio, Haus Rucker Co and ONYX; the media-based installations of Ken Isaacs, Joan Hills and Mark Boyle and Helio Oiticica and Neville D'Almeida; the experimental films of Jordan Belson, Bruce Conner and John Whitney; posters and prints by Emory Douglas, Corita Kent and Victor Moscoso; documentation of performances staged by the Diggers and the Cockettes; publications such as *Oz Magazine* and *The Whole Earth Catalog* and books by Marshall McLuhan and Buckminster Fuller; and much, much more. While the turbulent social history of the 1960s is well known, its cultural production remains comparatively under-examined.

In this substantial volume, scholars explore a range of practices such as radical architectural and anti-design movements emerging in Europe and North America; the print revolution in the experimental graphic design of books, posters and magazines; and new forms of cultural practice that merged street theater and radical politics. Through a profusion of illustrations, interviews with figures including Gerd Stern and Michael Callahan of USCO, Gunther Zamp Kelp of Haus Rucker Co, Ken Isaacs, Ron Williams and Woody Rainey of ONYX, Franco Raggi of Global Tools, Tony Martin, Clark Richert and Richard Kallweit of Drop City, and new scholarly writings, this book explores the hybrid conjunction of the countercultural ethos and the modernist desire to fuse art and life.

*Outlines and Highlights for History of Modern Art by H H Arnason, Isbn Prestel Publishing*

'Robert Motherwell', New and Released, is a unique contribution to the literature on the work of the great contemporary artist. An up-to-date chronology, list of exhibitions, bibliography, and index further document this full-scale study of an artist who has profoundly affected the course of modern American art.

Painting, Sculpture, Architecture Oxford University Press

Contemporary art can be baffling and beautiful, provocative and disturbing. This pioneering book presents a new look at the controversial period between 1945 and 2000, when art and its traditional forms were called into question. It focuses on the relationship between American and European art, and challenges previously held views about the origins of some of the most innovative ideas in art of this time. Major artists such as Jackson Pollock, Jasper

Johns, Yves Klein, Andy Warhol, Louise Bourgeois, Cindy Sherman, and Damien Hirst are all discussed, as is the art world of the last fifty years. Important trends are also covered including Abstract Expressionism, Pop Art, Minimalism, Conceptualism, Postmodernism, and the art of the nineties.

**History of Modern Art** Weidenfeld & Nicolson

Few tales of artistic triumph can rival the story of Zeuxis. As first reported by Cicero and Pliny, the painter Zeuxis set out to portray Helen of Troy, but when he realized that a single model could not match Helen's beauty, he combined the best features of five different models. A primer on mimesis in art making, the Zeuxis myth also illustrates ambivalence about the ability to rely on nature as a model for ideal form. In *Too Beautiful to Picture*, Elizabeth C. Mansfield engages the visual arts, literature, and performance to examine the desire to make the ideal visible. She finds in the Zeuxis myth evidence of a cultural primal scene that manifests itself in gendered terms. Mansfield considers the many depictions of the legend during the Renaissance and questions its absence during the eighteenth century. Offering interpretations of Angelica Kauffman's paintings, Mary Shelley's *Frankenstein*, and Picasso's *Les Femmes d'Alger*, Mansfield also considers Orlan's carnal art as a profound retelling of the myth. Throughout, Mansfield asserts that the Zeuxis legend encodes an unconscious record of the West's reliance on mimetic representation as a vehicle for metaphysical solace. Elizabeth C. Mansfield is associate professor of art history at the University of the South.

*Painting, Sculpture, Architecture, Photography* Harry N Abrams

Incorporated

Since it first appeared in 1968, *History of Modern Art* has emphasized the unique formal properties of artworks, and the book has long been recognized for the acuity of its visual analysis.

**A history of modern art** Yale University Press

Contemporary art can be baffling and beautiful, provocative and disturbing. This pioneering book presents a new look at the controversial period between 1945 and 2015, when art and its traditional forms were called into question. It focuses on the relationship between American and European art, and challenges previously held views about the origins of some of the most innovative ideas in art of this time. Major artists such as Jackson Pollock, Robert Rauschenberg, Andy Warhol, Joseph Beuys, Gerhard Richter, Louise Bourgeois, Cindy Sherman, Jeff Koons, and Shiran Neshat are all discussed, as is the art world of the last fifty years. Important trends are also covered including Abstract Expressionism, Pop Art, Minimalism, Conceptualism, Postmodernism, and Performance Art. This revised and updated second edition includes a new chapter exploring art since 2000 and how globalization has caused shifts in the art world, an updated Bibliography, and 16 new, colour illustrations.

*American Painters in France* University of Chicago Press

An incredibly readable, funny, opinionated, idiosyncratic book which tells the story of modern art from Picasso to Damien Hirst - to tie-in with 6-part prime-slot Channel 4 series presented by Matthew Collings  
*Cubism and Twentieth-century Art* Laurence King Publishing

"This book covers the 1300 years from

the Villanovan and Etruscan forerunners of the Romans to the introduction of Christianity under the Emperor Constantine the Great. The text examines the Roman artistic output chronologically, showing how greatly it was influenced by the taste and patronage of the various emperors. Each chapter focuses on one historical period or dynasty, and explores the history, myth and literature behind the art."--  
BOOK COVER.

*History of Modern Art* Painting, Sculpture, Architecture, Photography Pearson College Division

*A History of Painting, Sculpture, Architecture* Pearson College Division  
This invaluable guide enables students to get the most from their art history course. Written in an accessible style, the book introduces two basic art historical methods - formal analysis and contextual analysis. In this new edition revising author Michael Cothren has extended the discussion on iconography and iconology, as well as adding discussions on the effects of the market and museums on art. Greater emphasis is placed on the global and multicultural aspects of art creation and analysis with new images and more case studies. There is more step-by-step guidance on how to use these methods to prepare for exams and write papers.

*WILD BEASTS : FAUVISM AND ITS AFFINITIES* Pearson College Division  
Originally published in 1936, in this classic account of the development of abstract art Alfred Barr analyses the many diverse abstract movements which emerged with bewildering rapidity in the early years of the twentieth century, and which had an impact on every major form of art. Barr traces the history of

nonrepresentational art from its antecedents in late nineteenth-century painting in France – Seurat and Neo-Impressionism, Gauguin and Synthetism, and Cézanne – through abstract tendencies in Dada and Surrealism. He distinguishes two main trends in abstract art: the geometrical, structural current as it developed in Cubism and later in Constructivism and Mondrian, and the intuitional, decorative current running from Matisse and Fauvism through Kandinskij and, later, Surrealism. He shows how individual movements influenced one another, and how many artists experimented with more than one style. Barr also discusses the involvement of a number of abstract movements in architecture and the practical arts – the Bauhaus in Germany, de Stijl in Holland, Purism in France, and Suprematism and Constructivism in Russia.

*Romulus to Constantine* Harry N Abrams Incorporated

Examines contemporary art from its roots to the present day *Art Since 1980: Charting the Contemporary* presents a chronological survey from the late 20th century into the early 21st century. This title is built around short discussions on individual artists. Author Peter Kalb maintains a balance between a social history of institutions and contexts, and attention to individual aesthetic choices. Works cited come from these fields: painting, photography, and sculpture, plus installation, performance, and video art. MySearchLab is a part of the Kalb program. Research and writing tools, including access to academic journals, help students explore contemporary art in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app. NOTE:

More than a century after its beginnings, modernism still has the power to shock, alienate or challenge readers. Modernist art and literature remain thought of as complex and difficult. This introduction explains in a readable, lively style how modernism emerged, how it is defined, and how it developed in different forms and genres. Pericles Lewis offers students a survey of literature and art in England, Ireland and Europe at the beginning of the twentieth century. He also provides an overview of critical thought on modernism and its continuing influence on the arts today, reflecting the interests of current scholarship in the social and cultural contexts of modernism. The comparative perspective on Anglo-American and European modernism shows how European movements have influenced the development of English-language modernism. Illustrated with works of art and featuring suggestions for further study, this is the ideal introduction to understanding and enjoying modernist literature and art.

*Charting the Contemporary* Prentice Hall Press

How artists at the turn of the twentieth century broke with traditional ways of posing the bodies of human figures to reflect modern understandings of human

consciousness. With this book, Emmelyn Butterfield-Rosen brings a new formal and conceptual rubric to the study of turn-of-the-century modernism, transforming our understanding of the era's canonical works. Butterfield-Rosen analyzes a hitherto unexamined formal phenomenon in European art: how artists departed from conventions for posing the human figure that had long been standard. In the decades around 1900, artists working in different countries and across different media began to present human figures in strictly frontal, lateral, and dorsal postures. The effect, both archaic and modern, broke with the centuries-old tradition of rendering bodies in torsion, with poses designed to simulate the human being's physical volume and capacity for autonomous thought and movement. This formal departure destabilized prevailing visual codes for signifying the existence of the inner life of the human subject. Exploring major works by Georges Seurat, Gustav Klimt, and the dancer and choreographer Vaslav Nijinsky—replete with new archival discoveries—*Modern Art and the Remaking of Human Disposition* combines intensive formal analysis with inquiries into the history of psychology and evolutionary biology. In doing so, it shows how modern understandings of human consciousness and the relation of mind to body were materialized in art through a new vocabulary of postures and poses.

**Painting, Sculpture, Architecture, Photography** Thames & Hudson

"The third edition of *Modern Art*, now revised and expanded, narrates one of the great stories of our time - how European and American vanguard culture created modernist art by heeding the call "to make it new." *Modern Art*

captures the sense of intellectual and aesthetic ferment through the close integration of its authoritative text and nearly nine hundred well-chosen illustrations. Right up through the present day, coverage ranges across a broad spectrum of visual arts, from painting, sculpture, and photography to conceptual forms, installation and video art, and architecture."--BOOK JACKET.

**Painting, Sculpture, Architecture, Photography** Routledge

Can contemporary art say anything about spirituality? John Updike calls modern art "a religion assembled from the fragments of our daily life," but does that mean that contemporary art is spiritual? What might it mean to say that the art you make expresses your spiritual belief? On the *Strange Place of Religion in Contemporary Art* explores the curious disconnection between spirituality and current art. This book will enable you to walk into a museum and talk about the spirituality that is or is not visible in the art you see.

*A History of Modern Art* U of Minnesota Press

A revelatory look at an underexplored chapter of American art, which took place not on American soil but in France. In the late nineteenth and early twentieth centuries, American artists flocked to France in search of instruction, critical acclaim, and patronage. Some, including James McNeill Whistler, John Singer Sargent, and Mary Cassatt, became highly regarded in the French press, advancing their careers on both sides of the Atlantic. Others, notably William Merritt Chase, John Twachtman, Childe Hassam, and Thomas Wilmer Dewing--part of the association known as The Ten--found success working in the style of the French Impressionists, while Henry

Ossawa Tanner, Cecilia Beaux, and Elizabeth Jane Gardner focused on genre and history subjects. This richly illustrated volume offers a sophisticated examination of cultural and aesthetic exchange as it highlights many figures, including artists of color and women, who were left out of previous histories. Celebrated scholars from both American and French institutions detail the complex history and diverse styles of these expatriate artists--styles ranging from conservative academic modes to Tonalism--and provide original

perspectives on this fertile period of creativity, expanding our understanding of what constitutes American art.
