Develop your learners' skills in creative writing and writing for a purpose.

Introduce your learners to creative writing and writing for a purpose. They'll

write a haiku about the moon and a

recipe for panna cotta, helping build

their extended writing skills as they

progress through the units. Each unit

focuses on a different text type such as

dialogue, recounts, reports or

instructions. Model texts in each chapter

show learners good examples of each

writing type and specific activities are

included to help them practise their grammar. Planning tools and an extended writing task develop learners' essential skills including editing, checking, planning and creative thinking.
