## REGINA WALKER

*British Science Fiction and Fantasy* Forgotten Books

In the heart of Northern England, three respectable couples, married on the same day, at the same church, and by the same vicar, join to celebrate 25 years of blissful matrimony. Or so they think... The happy celebrations are brought to a sudden halt by a shocking revelation - these pillars of the community aren't quite as respectably married as they thought they were. As the home truths fly like confetti and conjugal rites turn to farcical fights, an evening of sparkling comic mayhem erupts. With a photographer from the local paper due to arrive any second, a missing housekeeper and a doorbell that won't stop ringing, can the three couples keep a lid on their embarrassing secret? Penned in 1938, this is a classic comedy that is a blessed union of laughs and surprises.

This is the complete reference to the classic yachts and dinghies still sailing today. Focusing on the most well-known, popular and enduring designs - from the 7ft Optimist to the 125ft J class - this beautifully illustrated book showcases 144 boats from across the world, with a wealth of detail on each class, including: the origins and history of the class; what it's like to sail one; fascinating stories about the boat, who sailed her, and her development; stunning photography, sailplans and sail symbol; full detail on her length, layout and designer. Featuring designers from an internationally recognised hall of fame (including William Fife, Olin Stevens, Maurice Griffiths and Uffa Fox), Classic Classes is the perfect resource for classic boat owners and enthusiasts worldwide, whether their interest lies in high-performance thoroughbred racers, well-loved creek crawling cruisers or popular home-built classic dinghies. Published in advance of the 2012 Olympics, there is also a section devoted to the 46 Olympic

classes.

What is time? This is one of the most fundamental questions we can ask. Emily Thomas explores how a new theory of time emerged in the seventeenth century. The 'absolute' theory of time held that it is independent of material bodies or human minds, so even if nothing else existed (with the possible exception of God) there would be time.

Excerpt from *History of Conway* (Massachusetts), 1767-1917 The committee has not attempted to produce a complete history of Conway. This would be impossible. The aim has been rather to prepare a readable and reasonably comprehensive account of the past one hundred and fifty years. The work has been a labor of love by Conway people, who without literary experience and with little time at their disposal for such employment have simply tried to make a permanent record of the more important facts in the history of the town. It is unusual for a single scholar practically to reorient an entire sub-field of study, but this is what Chris Stray has done for the history of UK classical scholarship. His remarkable combination of interests in the sociology of scholars and scholarship, in the history of the book and of publishing, and (especially) in the detailed intellectual contextualisation of classical scholarship as a form of classical reception has fundamentally changed the way the history of British classics and its study is viewed. A generation ago the history of classical scholarship still consisted largely of accounts of particular scholars and groups of scholars written by other scholars from a broadly biographical and 'heroic individual' perspective. In these works scholars often sought to find their own place in the great tradition, choosing to praise or blame those whose work they admired or deprecated, and to identify with particular schools or trends, and there were few attempts to provide a broader and less prosopographical perspective. Almost all the chapters in the volume originated as papers at a conference in honour of the honorand, and have been improved both by discussion there and by the rigorous peer-review process conducted by the two experienced editors. It covers various aspects of classical reception, with a particular focus on the history of scholars, their institutions, and their writings; the main focus is on the UK, but there are also substantial engagements with continental Europe and (especially) the USA; the period covered runs from the Renaissance to the present. The cast contains a number of world-famous names. Unusually, the volume also contains an essay by the honorand, but we are very keen to include this, especially as it focusses on the topic of scholarly collaboration.

**When We Are Married** Oxford University Press

In 1971, Eddie Conway, Lieutenant of Security for the Baltimore chapter of the Black Panther Party, was convicted of murdering a police officer and sentenced to life plus thirty years behind bars. Paul Coates was a community worker at the time and didn't know

Eddie well – the little he knew, he didn't much like. But Paul was dead certain that Eddie's charges were bogus. He vowed never to leave Eddie – and in so doing, changed the course of both their lives. For over forty-three years, as he raised a family and started a business, Paul visited Eddie in prison, often taking his kids with him. He and Eddie shared their lives and worked together on dozens of legal campaigns in hopes of gaining Eddie's release. Paul's founding of the Black Classic Press in 1978 was originally a way to get books to Eddie in prison. When, in 2014, Eddie finally walked out onto the streets of Baltimore, Paul Coates was there to greet him. Today, these two men remain rock-solid comrades and friends – each, the other's chosen brother. When Eddie and Paul met in the Baltimore Panther Party, they were in their early twenties. They are now into their seventies. This book is a record of their lives and their relationship, told in their own voices. Paul and Eddie talk about their individual stories, their work, their politics, and their immeasurable bond.

"I spent more than half my life, when I ought to have been enjoying myself, arguing and planning and running around like a maniac, all to sell a lot of things to people I didn't know, so that I could buy a lot of things that I didn't have time to use. Sheer lunacy. And it took nothing less than an atom bomb to blow me out of it." Following a devastating nuclear war which has seen Britain bombed back into the pre-industrial past, Stephen Dawlish and his family live a quiet rural life. Until their quiet, agrarian existence is disrupted by the appearance of three representatives of the New World Order – an American, a Russian and an Indian – who have devastating plans that will end their new peaceful way of life forever...

Since the late 1990s, Rupert Goold has garnered a reputation as one of the UK's most exciting and provocative theatre directors. His exhilarating, risk-taking productions of both classic texts and new plays have travelled from regional stages to the National Theatre, the West End, Broadway and beyond. Through his artistic directorship of Northampton's Royal & Derngate, the touring theatre company Headlong and London's Almeida Theatre, he has radically transformed, not only the companies themselves, but the landscape of British theatre. This is the first book to survey and analyse the full range of Goold's work to date and is a vital resource for students, scholars and fans of his work. Based on extensive interviews with Goold and some of the playwrights, designers, actors and other creatives who have collaborated with him, The Theatre of Rupert Goold provides an account of Goold's work from the beginnings of his career to the present day, offering a backstage view of the creative processes behind some of his most successful productions including: Paradise Lost, Faustus (Royal & Derngate); Macbeth (Chichester Festival Theatre); The Tempest, Romeo and Juliet (RSC); Six Characters in Search of an Author, ENRON (Headlong); Time and the Conways (National Theatre); Charles III and Ink (Almeida). The Theatre of Rupert Goold is an accessible and fascinating guide to Goold's approach to making theatre, an approach that asks provocative questions of the modern world in the most theatrical ways imaginable.

From the time his first story was published in 1969, Gerry Conway became one of the most prolific and highly regarded comics writers of the era. He wrote for nearly every character being published at the time, and his original creations—including Firestorm, Steel and Vixen—changed comics history forever. Conway's work had a profound effect on the legacy of Batman, with his creations Killer Croc and Jason Todd becoming mainstays in the legend of the Dark Knight. Illustrated by artists including, Gene Colan, Don Newton, Klaus Janson and José Luis García-López and featuring guest appearances by Superman, Man-Bat, and the whole Bat-Family, these classic tales showcase one of the greatest talents ever to write for the Caped Crusader! Collects Batman #337-346, #348, Detective Comics #505-513, World's Finest Comics #270.

very less time can go for it. About the Book Hugh Conway, the English novelist, whose real name was Frederick John Fergus, was born December 26, 1847, the son of a Bristol auctioneer. His early ambition was to lead a seafaring life, and with this object he entered the school frigate Conway—from which he took his pseudonym—then stationed on the Mersey. His father was against the project, with the result that Conway abandoned the idea and entered his parent's office, where he found ample leisure to employ himself in writing occasional newspaper articles and tales. His first published work was a volume of poems, which appeared in 1879, and achieved a moderate success. But Hugh Conway is chiefly known to the reading public for his famous story "Called Black." The work was submitted to a number of publishers before it was finally accepted and published, in 1884. Attracting little notice at first, it eventually made a hit, and within five years 350,000 copies were sold. Several other works appeared from Conway's pen in rapid succession, but none of them attained the popularity of "Called Back." Hugh Conway died at Monte Carlo on May 15, 1885.
